JANUARY - MARCH 1968

NOTE

A complete description of the method of collection and the statistics included in this series is given, together with other background detail, in the report for April 1967.

INTRODUCTION

Civilian staff of the Federal Public Service decreased very slightly in March to 369.4 thousand employees. Payrolls for the period January through March 1968, totalled \$581.2 million 0.52 p.c. less than for October - December 1967, but 6.35 p.c. above the payrolls for the same three months of 1967.

The employee decrease occurred in Part A only and will be covered in the comments relating to Table 2. Agency and Proprietary Corporations and Other Agencies.

Cumulative payrolls for the 1967-68 fiscal year amounted to \$2,340 million, compared to \$2,117 million for 1966-67, representing a 10.5 p.c. increase over the year.

April 1, 1966 to March 31, 1967	2,116,686

January - March 1968

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

Employment in this Group at the end of March 1968 showed 133.9 thousand employees and a payroll of \$227.8 million for the three months, January to March. This represented decreases from the October-December period of 4.8 thousand employees (-3.5 p.c.) and \$19.2 million (-7.8 p.c.) in payrolls. Compared to the same three months of 1967, the decreases were 10.4 thousand (-7.2 p.c.) fewer employees and \$1.6 million (-0.7 p.c.) drop in payrolls.

These decreases, in both staff and payrolls, were attributable to the Canadian National Railways, down approximately 2,300 employees and a payroll decrease of \$12.0 million, and to Expo 67 where the staff strength decreased by 2,600 and the payroll by \$5.6 million. A number of corporations, including Atomic Energy of Canada, Canadian Arsenals, Defence Construction, Air Canada and the Bank of Canada reported a greater number of employees and increased payrolls thereby lessening the overall effect.

A comparison by Province shows employment decreases in all provinces except Prince Edward Island, with the greatest being in Quebec, while the payrolls were down across the country and abroad.

Cumulative payrolls for the 1967-68 fiscal year amounted to \$983.3 million, which was 10.6 p.c. above the 1966-67 figure.

TABLE 2. Agency and Proprietary Corporations and Other Agencies

Province	No. of employees at end of March	Payrolls for the period January - March
	No.	\$'000
Newfoundland and Labrador	6,320	8,554
Prince Edward Island	902	1,200
Nova Scotia	5,007	7,650

<u>Totals</u>		
March 1968	133,862	227,832
December 1967	138,688	247,043
March 1967	144,292	229,439
<u>Cumulative totals</u>		
April 1, 1967 to March 31, 1968	983,344
April 1, 1966 to March 31, 1967 ^F	889,295

(1) In addition approximately 200 employees are included in other provinces.

January - March 1968

PART B - DEPARTMENTS AND DEPARTMENTAL CORPORATIONS

The number of employees in this Group increased during March 1968 to 235.5 thousand, 4.8 thousand (2.09 p.c.) above the December 1967 figure of 230.7 thousand, and 4.5 p.c. above March 1967. The greatest increase was shown for "Casuals and Others", while figures for "Prevailing Rate" employees indicated fewer than in March and December 1967.

Total payrolls for the three months amounted to \$353.4 million, compared to \$337.2 millions for October - December 1967, an increase of 4.8 p.c. This payroll includes retroactive payments of approximately \$8.8 million to some 100,000 public servants in the Professional and Technical groups and those in the Foreign Service and Administrative Support groups. The increase was effective July 1, 1967 for those in the Professional and Technical categories and to October 1, 1967 for those in the Foreign Service and Administrative Support categories. Cumulative payrolls for the fiscal year amounted to \$1,356 million, compared to \$1,227 million for 1966-67.

In this issue of Federal Government Employment, the Department of Consumer and Corporate Affairs is shown for the first time. Following the passing of Bill C-161 in December 1967, the Department of Consumer and Corporate Affairs was established. This department assumed the duties, powers and functions relating to: (a) consumer affairs; (b) corporations and corporate securities; (c) combines, mergers, monopolies and restraint of trade; (d) bankruptcy and insolvency; and (e) patents, copyrights and trade marks, of which, all but (a) were previously under the jurisdiction of the Registrar General. For this issue only, the new Department is in the alphabetic position of the Registrar General. With the new fiscal year this will be corrected.

A functional analysis shows some variations, mainly of a seasonal nature.

January - March 1968

Footnotes to Tables 8 and 9Table 8

- (1) Includes Canadian civilian staffs of:
 (a) "North Atlantic Treaty Organization", and
 (b) "International Commission for Supervision and Control in Indo-China".
- (2) Excludes members of the Armed Forces.
- (3) Excludes 8,390 postmasters and 130 full-time and part-time assistants paid from Postal Revenues.
- (4) Excludes helpers for Christmas 1966. In Staff Post Offices, Semi-Staff and Revenue Offices they numbered 63,966.
- (5) Excludes the following:
- | | |
|---|-----|
| Governor General and Lieutenant-Governors | 11 |
| Judges | 397 |
| The Prime Minister, Speakers of the Senate and
House of Commons, Deputy Speaker of the House of
Commons, and Ministers of the Crown (including
Parliamentary Assistants) | 46 |
- (6) To avoid revealing particulars relating to individuals, three Salaried employees, fifteen Prevailing Rate, and twenty-four Casuals are excluded from the departmental detail but are included here.

Table 9

- (1) Includes payments to Canadian civilian staffs of:
 (a) "North Atlantic Treaty Organization", and
 (b) "International Commission for Supervision and Control in Indo-China".
- (2) Excludes payments to members of the Armed Forces.
- (3) Excludes payments of \$4,753,953 to persons paid from Postal Revenues.
- (4) Excludes payments of \$4,525,879 to Christmas helpers.
- (5) Excludes payments to part-time Weather Observers. During the first quarter of 1968 these amounted to \$24,402.
- (6) Excludes payments to the following persons:
- | | |
|---|-------------|
| Governor General and Lieutenant-Governors | \$ 57,666 |
| Judges | \$2,324,417 |
| The Prime Minister, Speakers of the Senate and
House of Commons, Deputy Speaker of the House of
Commons, and Ministers of the Crown (including
Parliamentary Assistants) | \$ 124,839 |
- (7) To avoid revealing particulars relating to individuals, payments of \$5,184 to Casual employees are excluded from the departmental detail but are included here.

January - March 1968

(1) Includes overtime payments to Prevailing Rate and Casual employees of Defence Research Board.

Notes and Definitions

This table is published four times a year, in the January, April, July and October issues of this publication.

The table shows for the three month period, by department and sex:

- (a) Average employment
- (b) Monthly average (pertaining to hirings and separations)
- (c) Monthly rate per 1,000 employees (pertaining to hirings and separations)

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees (indicated by*). The average hired and separated, as well as the average employment, are shown for the use of any person wishing to calculate such rates. However, aggregates for these departments are given in "Total-Departments with less than 100 employees", as well as in "Total-All Departments".

The following definitions apply to this table:

1. "Hiring" means the appointment of a person to a salaried position (as defined on page 52 in the April, 1967, publication). Movements within a department are not considered as hirings.
2. "Separation" means the termination of service of an employee in the reporting "department" by leaving the Government Service or by transferring to another "department". Movements within a "department" are not considered as separations.
3. "Department", for this table only, is altered to include departmental branches or services having a separately administered personnel office.

January 1 to March 31, 1968

x confidential to meet secrecy requirements of the Statistics Act.

FEDERAL GOVERNMENT EMPLOYMENT

APRIL - JUNE 1968

INTRODUCTION

This issue provides information on Federal Government Employment for the three month period (second quarter) ending June 30, 1968. Included herein are the changes in the administrative structure as indicated in the 1968-69 Estimates, tabled in the House of Commons in February. A statement showing these changes is included in Part B of this report.

Total civilian employment, within the Public Service, was 375.4 thousand at June 30, 1968. This was 6.1 thousand or 1.6 per cent over the total at March 31, 1968 but 17.5 thousand or 4.6 per cent lower than the total at June 30, 1967. Payrolls for the second quarter amounted to \$577.3 million a decrease of 0.7 per cent from the first quarter but an increase of 0.1 per cent over the second quarter 1967.

Cumulative payrolls for the first six months of 1968 amounted to \$1,159 million an increase of 2.0 per cent over the first six months of 1967.

January 1 to June 30, 1967	1,123,185

April - June 1968

PART A - AGENCY CORPORATIONS, PROPRIETARY CORPORATIONS AND OTHER AGENCIES AND CORPORATIONS

Staff strength in this group increased during the quarter, to 136.2 thousand employees at the end of June 1968, 17 per cent greater than for March, but 14.6 per cent below the June 1967 employment.

Gross payrolls for the quarterly period at \$225.9 million, were slightly less than for the previous quarter and 8.8 per cent below the figure for the same period of 1967. Employment decreases were shown for the Eastern provinces, including Quebec, whereas the payroll decreases were shown for: Newfoundland, Nova Scotia, New Brunswick, Quebec and Manitoba.

Cumulative payroll for the six months, January to June 1968, amounted to \$453.7 million, a decrease of 4.9 per cent from the same period of 1967.

TABLE 2. Agency Corporations, Proprietary Corporations and Other Agencies and Corporations

	Number of employees at June 30	Payrolls for the period April - June
	number	thousands of dollars

April - June 1968	136,198	225,861
January - March 1968	133,862	227,832
April - June 1967	159,537	247,703
<u>Cumulative totals</u>		
January 1 to June 30, 1968	453,692
January 1 to June 30, 1967	477,142

(1) In addition 215 employees are included in other provinces.

April - June 1968

PART B - DEPARTMENTS AND DEPARTMENTAL CORPORATIONS

The number of employees within this category as at June 30, 1968, was 239.2 thousand. This was an increase of 1.6 per cent over the total at March 31, 1968 and an increase of 2.5 per cent over the total as at June 30, 1967. Regular payrolls for this quarter amounted to \$342 million, an increase of \$6.2 million or 1.8 per cent over the preceding quarter. Gross payrolls, on the other hand, decreased from the previous quarter. This decrease was due to the inclusion, in the preceding quarter, of the payments of retroactive salary increases. Cumulative payrolls for the first six months of 1968 amounted to \$704.9 million, as compared to \$646.0 million for the first six months of 1967.

The nomenclature of certain functions (Tables 6 and 7) has been changed to conform with that used in other publications of the Governments Division. The functions affected were (a) Telephone, Telegraph and Wireless, changed to Telecommunication, (b) Public Service and Trading Enterprises, changed to Own Enterprises, (c) Civil Defence, changed to Emergency measures and (d) Bullion and Coinage, changed to Royal Canadian Mint. A new function "National Capital region planning and development", has been included in Tables 6 and 7. Because this new function does not come within the category of an administrative unit it is not included in Tables 8 and 9. Therefore the totals for Tables 8 and 9 will be less than the totals for Tables 6 and 7.

The analysis, by function, of the number of employees as at June 30, indicates several variations when compared to the number as at March 31. Many of these variations are the result of seasonal employment which increases each spring, while others are the result of departmental reorganizations.

The following statements set out the changes in the administrative structure and provide information on the above mentioned variations in employment.

Changes in Administration Structure

<u>Former Designation</u>	<u>Present Designation</u>
<u>Canadian Broadcasting Corporation</u>	<u>Canadian Radio-Television Commission</u>
<u>Energy, Mines and Resources</u> Field and Air Surveys, Mapping, etc. Geological Research Mining and Metallurgical Investigation and Research Geographical Surveys and Research Research in Astronomy and Geophysics Polar Continental Shelf Project	<u>Energy, Mines and Resources</u> Mines, Minerals, Energy and Geosciences
Marine Surveys and Research Research and Investigations on Water Resources	Water and Coordination of Renewable Resources Programs
<u>National Gallery of Canada</u>	<u>Secretary of State</u> included with National Museums of Canada
<u>Trade and Commerce</u> Trade Commissioner Service Canadian Government Exhibition Commission	<u>Trade and Commerce</u> Trade Development
<u>Transport</u> Atlantic Development Board	<u>National Health and Welfare</u> Atlantic Development Board

April - June 1968

Variations in Employment

Department and Branch	Function Affected	Commentary
Energy, Mines and Resources: Mines, Minerals and Geosciences and Water and Co-ordination of Renewable Resources Programs	Natural resources and primary industries: minerals and mines Water resources and Other	Increased number of casual employees engaged for survey parties, also increased were the number of ships' officers and crews. Some variations were due to departmental reorganization.
Fisheries: Fisheries Management and Development and Fisheries Research Board	Natural resources and primary industries: Fish and game	The greater part of the increase occurred in the casuals group with the other groups increasing to a lesser degree. These increases were due primarily to seasonal employment.
Forestry and Rural Development: Forestry	Natural resources and primary industries: Forests	Increases in the numbers of prevailing rate and casual employees were due to seasonal employment.
Indian Affairs and Northern Development: Conservation	Recreation and cultural services: Parks, beaches and other recreational areas	A considerable increase in numbers of prevailing rate and casual employees were due to seasonal employment.
Development and Utilization of Manpower and Program Development	Social Welfare: Aid to unemployed and unemployable National employment services Adult training and retraining	The employee increase was small, amounting to approximately 2 per cent. There was, however, a considerable variation in the distribution of employees were due to reorganization.
Public Service Commission	General government services: Other	Separate data on the Language Branch became available and has been included in this sub-function, this data was formerly included within the sub-function "Executive and Administration". There was also an increase in staff employed in the remaining components.
Public Works: Roads, Bridges and Other Engineering Services	Transportation and communications: Road	Increased number of casuals were engaged on construction and maintenance due to seasonal employment.
Harbours and Rivers Engineering Services	Transportation and communications: Water	There was an increase in the number of ships' crews and casuals due to seasonal employment.
Transport: Marine Services	Transportation and communications: Water	There was an increase in the number of ships' crews and casuals due to seasonal employment.

(1) Includes overtime payments to Prevailing Rate and Casual employees of Defence Research Board.

HIRINGS AND SEPARATIONS

April - June 1968

Comments

In March 1968 the Government "froze" employment within the departments. As one would expect, a comparison of hirings and separations for the first and second quarters show the effect of the order.

The Department of the Secretary of State showed the largest average increase (11 p.c.) during the three month period, due to the phasing out of the Centennial Commission. The Centennial Commission was responsible to the Secretary of State but, being a crown corporation, was not included in these quarterly summaries. With the approaching end of Centennial year, employees of the Centennial Commission were re-assigned to various departments, prior to the end of 1967. Those remaining on strength at the end of March 1968 were transferred to the Department of the Secretary of State.

The Post Office has increased its members by 300-400. The increase is a "status" change only, from Semi-staff offices to full operational status. These changes have been occurring for some months and are expected to continue until all Semi-staff offices become part of "Operations".

Notes and Definitions

This table shows for the three month period, by department and sex:

- (a) Average employment
- (b) Monthly average (pertaining to hirings and separations)
- (c) Monthly rate per 1,000 employees (pertaining to hirings and separations)

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees (indicated by*). The average hired and separated, as well as the average employment, are shown for the use of any person wishing to calculate such rates. However, aggregates for these departments are given in "Total-Departments with less than 100 employees", as well as in "Total-All Departments".

The following definitions apply to this table:

1. "Hiring" means the appointment of a person to a salaried position (as defined on page 50). Movements within a department are not considered as hirings.
2. "Separation" means the termination of service of an employee in the reporting "department" by leaving the Government Service or by transferring to another "department". Movements within a "department" are not considered as separations.
3. "Department", for this table only, is altered to include departmental branches or services having a separately administrated personnel office.

April 1 to June 30, 1968

TABLE 11. Departments and Departmental Corporations - Administrative Classification

April - June 1968

PART C - EXPLANATORY NOTESSECTION 1 - INTRODUCTIONHistory

Publication of statistics on Government of Canada employment and payrolls commenced with data for the fiscal year ended March 31, 1925. Over the years these statistics have been published under various titles and various periods of time. A summary follows:

1. Statistics of the Civil Service of Canada:
 - (a) Annual reports for the fiscal years ended March 31, 1925 to 1931.
 - (b) A combined report for the fiscal years ended March 31, 1932 to 1934.
 - (c) A combined report for the fiscal years ended March 31, 1935 and 1936.
 - (d) A combined report for the fiscal years ended March 31, 1937 to 1939.
2. Summary Statistics of the Civil Service of Canada:
 - (a) A combined report for the fiscal years ended March 31, 1940 to 1942.
 - (b) Annual reports for the fiscal years ended March 31, 1943 to 1948.
3. Summary Statistics, Federal Civil Service Employment and Payrolls:
 - (a) Annual report for the fiscal year ended March 31, 1949
4. Federal Civil Service Employment and Payrolls:
 - (a) Annual reports for the fiscal years ended March 31, 1950 to 1952
5. Government of Canada Employment and Payrolls:
 - (a) Monthly reports from April 1952 to August 1953
6. Federal Government Employment and Payrolls:
 - (a) Monthly reports from September 1953 to March 31, 1954
7. Federal Government Employment:
 - (a) Monthly reports from April 1954 to July 1967
 - (b) Quarterly reports from September 1967 to current report.

Presentation

This report is composed of three parts. INTRODUCTION (Table 1) summarizes data on all persons employed by the Federal Government and its agencies. PART A (Table 2) presents employment data of agency and proprietary corporations and other agencies by province. A list of these appears on page 40. PART B consists of Tables 3 to 11 which present statistics relating to the departments and departmental corporations listed in the Financial Administration Act plus "Legislation", that is, employees of the Senate, House of Commons and Library of Parliament. Data on these are detailed in the table of contents on page 3. A table on numbers and rates of hirings and separations for salaried employees is included quarterly.

Comparability with Former Survey

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general administrative government services (this broadly speaking, included those coming under the Civil Service Act). In addition, the payrolls of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups, there were substantial differences between departments in the types of employees and payrolls included in the annual series.

The present series which commenced in April 1952 includes employees not formerly counted in the publications as well as a number of government services not previously included, and consequently the statistics should not be compared with the former annual series.

SECTION 1 - INTRODUCTION - Continued

With the proclamation of the Public Service Employment Act in February 1967 the Public Service Commission was created and the Civil Service Commission no longer existed. Under the new Act its terms of reference were broadened to give it jurisdiction over the operational category which includes prevailing rate classes.

Extent of Coverage

Includes Departments (including deputy ministers and ministers' Staffs) and departmental corporations. Proprietary and Agency Corporations and other agencies and corporations. Members of Boards, Commissions and other government organizations, who serve on a full time basis with salaries fixed accordingly. Royal Canadian Mounted Police (uniformed and civilian members).

Excluded from the Tables but "footnoted" are the

Governor General and Lieutenant-Governors
Ministers of the Crown (including Parliamentary secretaries)
Speakers of the Senate and House of Commons
Deputy Speaker of House of Commons
Justice: Judges
Post Office: certain employees paid from Postal Revenues.

The report does not include

Members of Parliament and Senators
National Defence: members of the Armed Forces
International organizations, the expenses of which are shared by Canada
Employees of firms under contract to the Government of Canada
Officers of Boards, Commissions and other government organizations who are paid on a per diem basis or receive a nominal honorarium for their services.
Opposition leaders of the Senate and House of Commons

Comparability between Numbers and Earnings

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the payrolls reported, the reason for this being that numbers relate to the last day of the month wherever possible and otherwise to the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations, in numbers employed, occur during a month, it will be seen that a comparison between the payrolls of all persons employed during the month and the number on strength at the end of the month would, in many cases, not be valid.

Users of these Statistics

Users of the statistics fall into four main categories. These are:

1. Those who wish to use summary data and identify government as an employer. In this category are included those persons who wish to relate the significance of government as an employer to business in general.
2. Persons interested in an analysis of the administrative structure of the Federal Government. These, in the main, include government departments themselves. The administrative analyses of data as presented in tables 8 and 9 of the publication permit a comparison between the number of staff employed as reported in the publication and the number of positions established for each administrative branch of the government as published in the annual Estimates of Canada. This is, of course, mainly an administrative use which is of value to the Treasury Board and to the Public Service Commission as well as the various government departments. A further administrative use of the data is to determine the significance of the labour input factor through an analysis of wage costs as a proportion of total expenditures by vote or other administrative unit.
3. Persons wishing to make a comparison between the Federal Government and other levels of government or between the Federal Government now and in past years do so through the use of the function analysis which is described further commencing on page 43.

SECTION 1 - INTRODUCTION - Concluded

4. The final group of users are those who are interested in government as an employer in each of the principal industries. For this purpose the data must be analysed on a Standard Industrial Classification basis. This analysis, to date, has not been undertaken but it is intended that it should be in the near future. The application of this analysis to the Federal Government and following afterwards to the provincial and municipal governments will permit the assessment of the degree to which governments and their corporations have become significant employers in each industry.

Besides federal government officers, users include persons and firms undertaking labour research on behalf of industry, provincial and municipal governments, university research officers, business firms and private citizens. In addition, a substantial number of enquiries originate in the House of Commons and the press.

A description of the sources of data and the means by which the information is submitted and prepared for use is contained in the following outline.

SECTION 2 - DESCRIPTION OF THE TABLESINTRODUCTION - TOTAL FEDERAL GOVERNMENT EMPLOYMENT AND PAYROLLS (TABLE 1)

Table 1 assembles employees belonging within the following categories:

(a) Agency and proprietary corporations and other agencies and corporations:

- (1) agency corporations
- (2) proprietary corporations
- (3) other agencies and corporations

(b) Departments and departmental corporations:

- (1) departments, branches and services
- (2) departmental corporations

The first three record as gross payrolls all monies paid to the employees covered, while the later two combine overtime payrolls and retroactive payments reported with regular payrolls to obtain gross payrolls.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES AND CORPORATIONS (TABLE 2)

The agency and proprietary corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 49 of this report contains definitions of these two types of corporations. The "Other Agencies and Corporations" though not listed or defined in the Financial Administration Act are nevertheless organizations of the Crown.

Statistics for these organizations are collected in two ways: (1) directly from the corporation or agency; (2) through the Labour Division (Employment Section) of the Dominion Bureau of Statistics. The statistics reported do not permit a presentation by class, i.e. salaried, casuals and others, etc., hence composite figures are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross payrolls are reported and they accordingly include overtime and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.
Canadian Arsenal Ltd.
Canadian Dairy Commission
Canadian Livestock Feed Board
Crown Assets Disposal Corp.
Defence Construction (1951) Ltd.

National Battlefields Commission
National Capital Commission
National Harbours Board
Northern Canada Power Commission

SECTION 2 - DESCRIPTION OF THE TABLES - ContinuedProprietary Corporations

Air Canada	Export Credits Insurance Corp.
Canadian Broadcasting Corporation	Farm Credit Corporation
Canadian National Railways	Northern Transportation Company Ltd.
Canadian Overseas Telecommunication Corp.	Polymer Corporation Ltd.
Central Mortgage and Housing Corp.	St. Lawrence Seaway Authority
Eldorado Aviation Ltd.	The Seaway International Bridge Corp. Ltd.
Eldorado Nuclear Ltd.	

Other Agencies and Corporations

Bank of Canada	Canadian Corporation for the 1967 World Exhibition
Canadian Wheat Board	Office of the Custodian
Industrial Development Bank	

PART B - DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (TABLES 3 TO 11)Salaried Employees

"Salaried employees" as used in this report, means all employees paid on the basis of a stated annual salary rate, with the exception of the group known as "ships' officers". The latter group are excluded because of their special treatment under the Financial Administration Act. For a more complete definition of "salaried employees" see the Glossary.

The basic data is recorded in two ways:

(1) By employee:

Individual position records are maintained for the majority of salaried positions in the departments and departmental corporations of the Government of Canada (the remainder will be treated in the next paragraph). The position record cards contain data on the occupants of these positions. The records are amended monthly based on documents received authorizing changes concerning positions and/or their occupants - thus permitting a count of persons employed on the last day of the month. Because of the time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes in the appropriate month. The number of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular payrolls, being based on the annual salary rates of employees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries during the month. These factors do not seriously affect the validity of the statistics.

(2) By group of employees:

Statistics with respect to employees occupying positions for which no individual records are maintained, are collected by means of reports providing: the staff strength at the end of the month, regular payrolls for the month, including amounts paid to those off-strength at the end of the month, retroactive payments and overtime payments. The following report in this manner:

Atlantic Development Board
 Atomic Energy Control Board
 National Defence (Civilian employees)
 Economic Council of Canada
 Fisheries Research Board of Canada
 Municipal Development and Loan Board
 National Film Board
 National Research Council including the Medical Research Council
 Office of the Representation Commissioner
 Post Office (part-time employees; employees paid from Postal Revenues)
 Royal Canadian Mounted Police (Force)
 Royal Commissions

All salaried "locally-engaged" employees in foreign countries are also reported by the employing department. See the Glossary for definition.

Non-salaried Employees

Statistics on non-salaried employees (prevailing rate, casuals and others) including ships' officers and crews in departments and departmental corporations are, in all cases, reported by the employing department. Summary reports based on payroll and other records indicate the staff strength, regular payrolls, retroactive payments and overtime payments. Casual "locally-engaged" employees are also reported in the same manner. The ships' officers, which are in fact salaried employees, are included in the non-salaried group owing to the special treatment of the class under the Financial Administration Act.

The Departmental Corporations fall under Schedule B of the Financial Administration Act, see the Glossary for definitions. The following lists the Departmental Corporations included in the tables on Departments and Departmental Corporations.

Agricultural Stabilization Board
Atlantic Development Board
Atomic Energy Control Board
Director of Soldier Settlement
The Director, The Veterans' Land Act
Dominion Coal Board
Economic Council of Canada
Fisheries Prices Support Board
Municipal Development and Loan Board
National Museums of Canada
National Research Council
Unemployment Insurance Commission

Hirings and Separations of Salaried Employees

Data on hirings and separations of salaried employees was first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table records hiring and separation averages and rates by department. "Department", as used in these statistics only, refers to a department, a departmental branch or departmental service which has a separately administered personnel office. For this reason, organizations such as the Fisheries Research Board which is included under a departmental heading (Fisheries) in the main tables are accorded separate departmental status in the table on staff turnover.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total - all Departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table. The difference between this and the "Total - all Departments" would equal the number of inter-departmental movements.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Public Service Commission of Canada. The latter organization treats all staff employed under the authority of the Public Service Employment Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees but on the other hand is concerned with movements of staff to and from "Act" employment even when such movements occur within a department.

The glossary of terms on page 49 should be referred to for definitions of certain terms used in the table on hirings and separations. These terms are:

1. Average employment (p. 50, item 22)
2. Monthly average (as pertains to hirings and separations) (p. 50, item 23)
3. Monthly rate per 1,000 employees (as pertains to hirings and separations) (p. 50, item 24).

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees. The average hired and separated, as well as the average employment, are shown for the use of any person wishing to calculate such rates.

CLASSIFICATION BY FUNCTION

The statistics of departments and departmental corporations are classified in tables 6 and 7 by function. The purpose of providing a classification by function is to supply a means of studying the operations of governments without the complications resulting from differences in administrative establishments which occur from time to time in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment of the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparison between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. (See Federal Government Finance, Cat. No. 68-211). The use of percentages will facilitate comparisons especially between levels of governments.

The classification by function portrays employment and payrolls as they relate to particular services provided by the federal government. It also provides the salary component of the cost of services provided by the federal government. Employment statistics presented on this basis have been classified in accordance with concepts evolved by the Governments Division of the Dominion Bureau of Statistics for the presentation of financial statistics. The following listing shows how the administrative detail has been applied to the various functions and will serve to indicate clearly the meaning of each function.

Function

Departments and Departmental Corporations

General Government Services

- Executive and administrative .. • Auditor General's Office
- Defence Production, Department of

GLOSSARY OF PRINCIPAL TERMS USED

1. Department: Departments are the named divisions of the Government of Canada as defined in Schedule A of the Financial Administration Act.
2. "Department": As used in the quarterly table on hirings and separations, is broadened to include branches or services having a separately administered personnel office.
3. Crown corporation: A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
4. Departmental corporation: A crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature. These are defined in Schedule B of the Financial Administration Act.
5. Agency corporation: A Crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management or procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
6. Proprietary corporation: A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of, or dealing in, goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
7. Other agencies and corporations: These are organizations which are not listed in the Financial Administration Act as departments, agency or proprietary Crown corporations but are, nevertheless, organizations of the Federal Government. Because of their nature, they have been classed with agency and proprietary Crown corporations.
8. Salaried employee: An employee whose remuneration is based on an annual rate and who occupies a salaried position authorized by the Treasury Board or the Privy Council. These employees and positions may be of a continuing, term, seasonal, sessional, or part-time nature. The positions are specified together with appropriate funds, in the Estimates of Canada and supplementary authorizing documents and are located in departments and departmental corporations subject to the regulation of the Treasury Board. Ships' officers are not classified as salaried owing to their special treatment under the Financial Administration Act.
9. Prevailing rate employee: A person employed in the Public Service of Canada whose remuneration is based on the rate of pay prevailing in the area where he is employed for the class of work he does. His rate of pay may also be based on rates prevailing in any area in Canada for work comparable to that which he does. The rates may be hourly, daily, weekly or monthly. These employees are subject to the Prevailing Rate Employees General Regulations (Financial Administration Act). They are occupants of positions authorized by the Treasury Board. The positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
10. Ships' officer: A person employed in the Public Service for duty on a ship that is the property of, or chartered by, or on behalf of, Her Majesty as a master, mate or marine engineer who is duly certified under the Canadian Shipping Act or in a position designated by the Treasury Board as that of a ship's officer. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. An annual rate of pay is determined by the Treasury Board after consultation with the Department of Labour. These employees are subject to the Ships' Officers Regulations (Financial Administration Act). They are occupants of positions established by the Treasury Board, these positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
11. Ships' crew employee: A person employed in the Public Service for duty on a ship that is the property of, or chartered by, or on behalf of, Her Majesty as an unlicensed crew member. Excluded are members of the Armed Forces and Royal Canadian Mounted Police. These employees are paid on the basis of a monthly salary rate determined by the Treasury Board after consultation with the Department of Labour. They are subject to the Ships' Crew Regulations (Financial Administration Act). These employees are occupants of positions established by the Treasury Board, these positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.

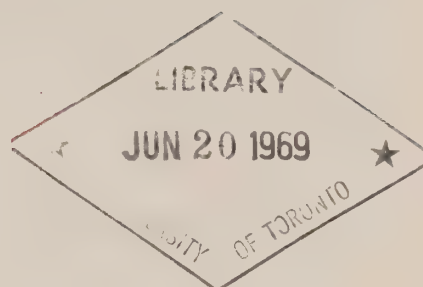

12. Casual and other employees: All employees in Departments and Departmental corporations of the Government of Canada who are not defined as Salaried, Prevailing Rate, Ships' Officer or Ships' Crew employees.
13. Locally-Engaged employees: These are residents of foreign countries, employed by the Government of Canada to perform duties in the country in which they live. Their salary or wage is stated in the currency of the country where they are employed. Salaried locally-engaged employees occupy positions: (1) as Assistants; (2) in classes having the suffix U.K. i.e., Clerk 2(UK), Stenographer 1(UK), etc. While most are salaried, some are employed on a casual basis. The term "locally-engaged" excludes Canadian employees posted abroad.
14. Regular payroll - The basic wage and salary payments to employees during a specified period of time, excluding types mentioned below, but before deductions for income tax, etc.
15. Payrolls: For agency and proprietary corporations and other agencies this term means gross payments, including overtime, retroactive pay and other special payments in addition to regular payrolls. For departments and departmental corporations, these are limited to regular payrolls plus overtime and retroactive pay.
16. Retroactive payments: Payments covering adjustments applicable to prior months resulting from salary increases. Data are included in the month which payment is made.
17. Overtime payments: Payments for work done beyond the normal working hours. Data are included in the month during which the payments are made even though the payments may pertain to overtime worked during previous months.
18. Administrative classification: This is an analysis of the departments and departmental corporations to provide statistical detail on their principal units i.e. branches, boards, commissions, etc. These principal units include most of those identified in the annual Estimates of Canada.
19. Classification by function: The classification by function indicates the service provided by Government. Its purpose is to afford comparability of data over a number of years and with other levels of government without the complicating factor of periodic structural changes of departments and the differences of structures of other levels of government. For further details, see page
20. Hiring: The initial appointment of a person to the reporting "department" whether as a new employee in the Government Service or by transfer from another "department". Movements within a department are not considered as hirings. For purposes of hirings and separations only, the term "department" as used above is broadened to include branches or services having a separately administered personnel office.
21. Separation: The termination of service of an employee in the reporting "department" by leaving the Government Service or by transfer to another "department". Movements within a "department" are not considered as separations. For purposes of hirings and separations only, the term "department" as used above is broadened to include branches or services having a separately administered personnel office.
22. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each "department" during the quarter.
23. Monthly average (as it pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.
24. Monthly rate per 1,000 employees (as it pertains to hirings and separations); the rate is computed by the following formula:

$$\frac{\text{monthly average (number hired or separated)} \times 1,000}{\text{average employment (during quarter)}}$$

NOTES

A complete description of the method of collection and the statistics included in this series is given, together with other background detail, in the report for June 1968.

Due to the rounding of figures, details in some tables may not add to the totals shown.

SYMBOLS

The following standard symbols are used in Dominion Bureau of Statistics publications:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- P preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act.

JULY - SEPTEMBER 1968

INTRODUCTION

This publication provides information on Federal Government Employment for the three month period (third quarter) ending September 30, 1968. Employees, including those of agencies and corporations but excluding the Armed Forces, numbered 379.3 thousand at the end of September 1968. This represents an increase of 1.0 per cent over the number at the end of June 1968 and 4.0 per cent over the number as at September 30, 1967.

Gross payrolls of \$607.8 million, during the quarter, represented an increase of 1.8 per cent over those for the previous quarter. Comparison with gross payrolls of the third quarter of 1967 revealed an increase of 1.7 per cent.

Cumulative payrolls for the nine month period January to September 1968, amounted \$1,786 million, which represents an increase of 3.8 per cent over the comparable period for 1967. Gross payrolls for the six month period April to September 1968, amounted to \$1,205 million an increase of 2.6 per cent over the comparable period of 1967.

FEDERAL GOVERNMENT EMPLOYMENT
JULY - SEPTEMBER 1968

PART A - AGENCY CORPORATIONS, PROPRIETARY CORPORATIONS AND OTHER AGENCIES AND CORPORATIONS

This report includes, for the first time in the Federal Government Employment series, data for the Canadian Film Development Corporation, an Agency Corporation, the Canada Deposit Insurance Corporation and the Cape Breton Development Corporation, both Proprietary Corporations and, the Canada Council and National Arts Centre Corporation, Other Agencies and Corporations.

The number of employees within this category totalled 144.9 thousand at the end of September 1968, an increase of 8.7 thousand or 6.4 per cent over the June 1968 total of 136.2 thousand and a decrease of 14.3 thousand or 9.0 per cent from the September 1967 total of 159.1 thousand.

Gross payrolls for the quarter under review amounted to \$250.1 million, an increase of \$4.2 million or 1.7 per cent over the April - June quarter. Compared to the July - September quarter of 1967, gross payrolls decreased by \$10.7 million or 4.1 per cent.

Although employment generally increases during the third quarter, due to the hiring of extra staff for the summer months, the inclusion of the 5.5 thousand employees of the above mentioned corporations was one of the factors this time.

The decrease in employment, third quarter 1968 compared to third quarter 1967, was due in part to the gradual phasing out of the Canadian Corporation for the 1967 World Exhibition. At the end of September 1967 this corporation reported 9.5 thousand employees with a quarterly payroll of \$13.0 million compared to 40 employees at the end of September 1968, with a quarterly payroll of \$112 thousand. Also contributing to the decrease was a drop of 9.8 thousand in the number employed by the Canadian National Railways with a corresponding decrease in quarterly payrolls of \$14.7 million. The usual third quarter higher level of employment and payrolls within other organizations in this category partially offset these decreases.

Cumulative payrolls for the first nine months of 1968 totalled \$723.8 million compared to \$739.9 million for the corresponding period of 1967. Payrolls for the first six months of the 1968-69 fiscal year amounted to \$496.0 million, compared to \$508.5 million for the corresponding period of 1967-68.

TABLE 2. Agency Corporations, Proprietary Corporations and Other Agencies and Corporations

	Number of employees at September 30	Payrolls for the period July-September thousands of dollars

<u>Cumulative totals</u>		
January 1 to September 30, 1968	723,805
January 1 to September 30, 1967	737,909
April 1 to September 30, 1968	495,973
April 1 to September 30, 1967	508,470

(1) In addition approximately 215 employees are included in other provinces.

JULY - SEPTEMBER 1968

PART B - DEPARTMENTS AND DEPARTMENTAL CORPORATIONS

Employees, at the end of September 1968, totalled 234.4 thousand, which represented a decrease of 2.0 per cent from the total at the end of June 1968 and was slightly less than 1.0 per cent below the total at September 30, 1967. This decrease took place in the "Casual and Others" category and was due to the release of persons hired for seasonal employment during the summer months.

Gross payrolls, for the third quarter 1968, amounted to \$357.7 million, an increase of 1.8 per cent over the second quarter 1968 and 6.3 per cent over the third quarter of 1967. Increases were recorded for all classes of employees.

Cumulative payrolls for the first nine months of 1968 totalled \$1,063 million, an increase of 3.1 per cent over the comparable period of 1967. Payrolls for the first six months of the 1968-69 fiscal year amounted to \$709.2 million which represented an increase of 6.6 per cent over the comparable period of 1967-68.

The Municipal Development and Loan Board, formerly shown under "Finance" in Tables 8 and 9, ceased operations in July 1968.

Data for the third quarter summary of "Hirings and Separations of Salaried Employees" was not available for inclusion in this report.

In the April - June 1968 issue of this publication it was noted in the "Change in Administration Structure", page 7, that the Canadian Broadcasting Corporation has been redesignated as the Canadian Radio-Television Commission. This should have stated that it was the Board of Broadcast Governors that had been redesignated. Also, in Table 6 of that report, footnote 4 should have been against total salaried employees of the Postal services, item 49, and footnote 6 should have been against total casuals and others, item 54, as well as against total prevailing rate, item 54.

OCTOBER - DECEMBER 1968

INTRODUCTION

This publication provides information on Federal Government Employment for the three months (fourth quarter) ending December 31, 1968. The publication, in addition to quarterly data, provides information for each of the months therein.

Federal government employees, excluding members of the Canadian Forces, numbered 369.0 thousand at the end of December 1968, a decrease of 10.3 thousand or 2.7 per cent from the total at the end of September 1968, and of 0.1 per cent from the total at the end of December 1967.

Payrolls for the three month period October - December 1968, amounted to \$653.3 million, an increase of 7.5 per cent over those for the previous three month period. The increase was primarily due to retroactive salary payments, \$29 million, and payments for overtime, \$10 million.

Cumulative payrolls for the year ended December 31, 1968 amounted to \$2,442 million, compared to \$2,305 million for the year ended December 31, 1967. Payrolls for the nine month period April to December 1968 were \$1,861 million, an increase of 5.8 per cent over the comparable period of 1967.

October - December 1968

PART A - AGENCY CORPORATIONS, PROPRIETARY CORPORATIONS AND OTHER AGENCIES AND CORPORATIONS

The number of employees within this category totalled 138.8 thousand at the end of December 1968, a decrease of 6.1 thousand from the total of 144.9 thousand at the end of September 1968, and a slight increase from the total of 138.7 thousand at the end of December 1967. The major factor contributing to the decrease was a reduction of 5.2 thousand in the total employed by the Canadian National Railways.

Total payrolls for the three month period October - December 1968 amounted to \$264.0 million, an increase of 5.3 per cent over the previous three month period, and 6.4 per cent increase over the comparable period of 1967

Cumulative payrolls for the 1968 calendar year amounted to \$990.6 million, compared to \$985.0 million for the 1967 calendar year. For the period April to December 1968 payrolls were \$762.7 million, compared to \$755.5 million for the same period of 1967.

October - December 1968

PART B - DEPARTMENTS AND DEPARTMENTAL CORPORATIONS

The total number of employees in this category decreased to 230.2 thousand at the end of December 1968, from the 234.4 thousand employed at the end of September 1968. The release of casual and other employees on the completion of seasonal employment, an annual occurrence, was primarily responsible for the decrease.

Total payrolls for the three month period ended December 31, 1968 amounted to \$389.3 million, an increase of 8.8 per cent over the total of \$357.7 million for the three month period ended September 30, 1968.

Compared to the three month period ending December 1967, payrolls increased by \$52.1 million or 15.5 per cent while the number of persons employed decreased by approximately 0.2 per cent.

Cumulative payrolls for the 1968 calendar year amounted to \$1,452 million, an increase of \$132 million or 10.0 per cent over those for the 1967 calendar year.

HIRINGS AND SEPARATIONSNotes and Definitions

This table shows for the three month period, by department and sex:

- (a) Average employment
- (b) Monthly average (pertaining to hirings and separations)
- (c) Monthly rate per 1,000 employees (pertaining to hirings and separations)

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees (indicated by*). The average hired and separated, as well as the average employment, are shown for the use of any person wishing to calculate such rates. However, aggregates for these departments are given in "Total, departments with less than 100 employees", as well as in "Total, all departments".

The following definitions apply to this table:

1. "Hiring" means the appointment of a person to a salaried position (as defined on page). Movements within a department are not considered as hirings.
2. "Separation" means the termination of service of an employee in the reporting "department" by leaving the Government Service or by transferring to another "department". Movements within a "department" are not considered as separations.
3. "Department", for this table only, is altered to include departmental branches or services having a separately administrated personnel office.

January - March 1969

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and the federal government enterprises. It provides information for the quarter ending March 31, 1969 and also for each of the months included therein.

Employment in the federal government, including enterprises but excluding members of the Canadian Forces, totalled 371.2 thousand as of March 31, 1969. This represented an increase of 2.2 thousand or 0.6 per cent over the number employed as of December 31, 1968, and 0.5 per cent over the number of employees as of March 31, 1968. The December to March net increase was due entirely to the employment by the Department of National Revenue of some 3.3 thousand casual employees to assist in the processing of the 1968 income tax returns. The net change in numbers employed by the remaining department, agencies and agency corporations was a decrease of the order 1.1 thousand.

Payrolls for the three month period January - March 1969, amounted to \$644.9 million, a decrease of 1.3 per cent from the payrolls for the previous three month period. Cumulative payrolls for the 1968-69 fiscal year amounted to \$2,506 million, which represents an increase of 7.1 per cent over the \$2,340 million for the 1967-68 fiscal year.

For an explanation of the terms used in the publication refer to the June 1968 report.

April 1, 1967 to March 31, 1968	983,344

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

January - March 1969

PART B - DEPARTMENTS AND DEPARTMENTAL CORPORATIONS

The total number of employees in this category increased to 232.9 thousand at the end of March 1969, from the 230.2 thousand employed at the end of December 1968. The hiring of additional casual employees to assist in the processing of the 1968 income tax returns was primarily responsible for this increase.

Total payrolls for the three month period ended March 31, 1969 amounted to \$395.3 million, an increase of 1.5 per cent over the previous three month period and 11.9 per cent over the comparable period of 1968.

Cumulative payrolls for the 1968-69 fiscal year amounted to \$1,493.8 million, an increase of \$137.6 million or 10.1 per cent over those for the 1967-68 fiscal year.

FEDERAL GOVERNMENT EMPLOYMENT

January - March 1969

FootnotesTable 5

(1) Excludes the following:

- (a) Members of the Canadian Forces.
- (b) 8,095 postmasters paid from postal revenue.
- (c) Governor General and Lieutenant-Governors 11
- Judges 412
- The Prime Minister, Speakers of the Senate and House of
Commons, Deputy Speaker of the House of Commons,
Ministers of the Crown and Parliamentary Secretaries 48

Table 6

(1) Excludes the following:

- (a) Payments to members of the Canadian Forces.
- (b) Payments of \$4,893,891 from postal revenue during the quarter.
- (c) Governor General and Lieutenant-Governors \$57,666
- Judges \$2,398,254
- The Prime Minister, Speakers of the Senate and House of Commons,
Deputy Speaker of the House of Commons, Ministers of
the Crown and Parliamentary Secretaries. (This
represents indemnities other than those paid as
Members of Parliament and Senate.) \$126,374

(2) To avoid revealing particulars relating to individuals, payments of \$3,001 to prevailing rate employees, \$1,954 to ships' officers and crews, and \$585 to casuals and others, are excluded from the function detail but are included herein.

Table 7

(1) Includes Canadian civilian staffs of:

- (a) "North Atlantic Treaty Organization", and
- (b) "International Commission for Supervision and Control in Indo-China".

(2) Excludes the Following:

- (a) Members of the Canadian Forces.
- (b) 8,095 postmasters paid from postal revenue.
- (c) Governor General and Lieutenant-Governors 11
- Judges 412
- The prime Minister, Speakers of the Senate and House of
Commons, Deputy Speaker of the House of Commons, Ministers
of the Crown and Parliamentary Secretaries 48

(3) To avoid revealing particulars relating to individuals, 8 prevailing rate employees and 18 casuals are excluded from the departmental detail but are included herein.

January - March 1969

FootnotesTable 8

- (1) Includes payments to Canadian civilian staffs of:
- (a) "North Atlantic Treaty Organization", and
 - (b) "International Commission for Supervision and Control in Indo-China".
- (2) Excludes the following:
- (a) Payments to members of the Canadian Forces.
 - (b) Payments of \$4,893,931 from postal revenue during the quarter.
 - (c) Governor General and Lieutenant-Governors \$57,666
 - Judges \$2,398,254
 - The Prime Minister, Speakers of the Senate and House of
Commons, Deputy Speaker of the House of Commons,
Ministers of the Crown and Parliamentary Secretaries. (This
represents indemnities other than those paid as Members
of Parliament and the Senate.) \$126,374
- (3) To avoid revealing particulars relating to individuals, payments of \$6,011 to prevailing rate employees and \$19,610 to casual and others, are excluded from the departmental detail but are included herein.

January - March 1969

HIRINGS AND SEPARATIONSNotes and Definitions

This table shows for the three month period, by department and sex:

- (a) Average employment
- (b) Monthly average (pertaining to hirings and separations)
- (c) Monthly rate per 1,000 employees (pertaining to hirings and separations)

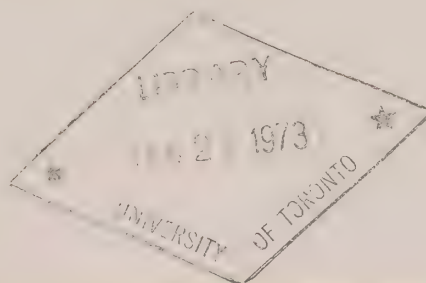

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees (indicated by*). The average hired and separated, as well as the average employment, are shown for the use of any person wishing to calculate such rates. However, aggregates for these departments are given in "Total, departments with less than 100 employees", as well as in "Total, all departments".

The following definitions apply to this table:

1. "Hiring" means the appointment of a person to a salaried position.
Movements within a department are not considered as hirings.
2. "Separation" means the termination of service of an employee in the reporting "department" by leaving the Government Service or by transferring to another "department". Movements within a "department" are not considered as separations.
3. "Department", for this table only, is altered to include departmental branches or services having a separately administrated personnel office.

INTRODUCTION

The July - September 1970 issue of this publication stated that data with respect to the April 1969 - June 1970 period had not been made available to us, consequently, we had been unable to publish employment statistics for the period. Subsequently we have been able to obtain certain data with respect to this period which have permitted the development of some of the employment tables which are normally included in our publication.

This issue is being published to provide our users with certain basic data which, while not providing the analytical detail normally included in our publication, will bridge the gap in federal government and federal government enterprise statistics between March 1969 and July 1970.

Statistics Canada being precluded from publishing data which might permit identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government and federal government enterprises increased during the fifteen month period from 371,197 as at March 31, 1969 to 381,757 as at June 30, 1970, an increase of 2.8 per cent. The number of employees of Crown Corporations increased during the period by 1,662, while the number of employees within departments and departmental corporations increased by 8,898.

For an explanation of the terms used in this publication refer to the April - June 1971 report.

FEDERAL GOVERNMENT EMPLOYMENT

July - September 1970

INTRODUCTION

This publication presents information on employment and payrolls of the federal government and federal government enterprises in the quarter ended September 30, 1970.

The latest available preceding issue in this series related to the period January to March 1969. Data in respect of the intervening period are not available.

Earlier issues in this series provided employment and payroll data under the categories "salaried", "prevailing rate", "ships' officers and crews" and "casuals and others". Effective April 1, 1969, a system of identifying employees by occupational category was adapted by the federal government. This publication is the first presentation of data within these occupational categories.

The Dominion Bureau of Statistics being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category. The same restraint has necessitated the combination of data relating to employment outside Canada with those of the Yukon and Northwest Territories, and the elimination of certain detailed analyses provided in earlier publications of this series.

Employment in the federal government including enterprises, but excluding members of the Canadian Forces, was 378.6 thousand as of September 30, 1970.

The total payroll for the quarter, as reported in this publication was \$778 million. This total excludes, for departments and departmental corporations, overtime payments and retroactive salary payments for which analyses by occupational categories were not available.

Explanatory notes and a glossary of the principal terms used may be found on page 19.

TABLE 1. Total Federal Government Employment and Payrolls

	Number of employees as at			Payrolls for period
	July 31	August 31	September 30	July - Sept. 1970
Part A				\$'000

(1) Excludes overtime and retroactive payments.

FEDERAL GOVERNMENT EMPLOYMENT

July - September 1970

PART AAGENCY CORPORATIONS, PROPRIETARY CORPORATIONS AND OTHER AGENCIES AND CORPORATIONS

The number of employees within this category was 141 thousand at the end of September 1970 with a gross payroll of \$314 million for the three month period. Comparative data for prior periods are not available.

TABLE 2. Agency Corporations, Proprietary Corporations and Other Agencies and Corporations

	Number of employees as at			Gross Payroll			
	July 31	Aug. 31	Sept. 30	For the months of			Quarterly total

Outside Canada	9,699	9,612	9,448	8,194	7,142	6,794	22,130
Totals	143,971	144,082	141,449	119,823	99,743	94,369	313,935

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

July - September 1970

PART BDEPARTMENTS AND DEPARTMENTAL CORPORATIONS

The number of employees in this category was 237 thousand at the end of September 1970, with a total payroll of \$464 million for the three month period. Comparative data for the previous quarter and for the July - September 1969 quarter are not available.

The number of employees at the end of September decreased by approximately 12 thousand from the number at the end of August. This reflected primarily the culmination of seasonal summer employment. The largest portion of the decrease, 9.7 thousand, occurred in the Department of National Defence.

PART C -- EXPLANATORY NOTESSECTION 1 -- INTRODUCTIONHistory

Publication of statistics on Government of Canada employment and payrolls commenced with data for the fiscal year ended March 31, 1925. Over the years these statistics have been published under various titles and various periods of time. A summary follows:

1. Statistics of the Civil Service of Canada:

- (a) Annual reports for the fiscal years ended March 31, 1925 to 1931.
- (b) A combined report for the fiscal years ended March 31, 1932 to 1934.
- (c) A combined report for the fiscal years ended March 31, 1935 and 1936.
- (d) A combined report for the fiscal years ended March 31, 1937 to 1939.

2. Summary Statistics of the Civil Service of Canada:

- (a) A combined report for the fiscal years ended March 31, 1940 to 1942.
- (b) Annual reports for the fiscal years ended March 31, 1943 to 1948.

3. Summary Statistics, Federal Civil Service Employment and Payrolls:

Annual report for the fiscal year ended March 31, 1949.

4. Federal Civil Service Employment and Payrolls:

Annual reports for the fiscal years ended March 31, 1950 to 1952.

5. Government of Canada Employment and Payrolls:

Monthly reports from April 1952 to August 1953.

6. Federal Government Employment and Payrolls:

Monthly reports from September 1953 to March 31, 1954.

7. Federal Government Employment:

- (a) Monthly reports from April 1954 to July 1967.
- (b) Quarterly reports from September 1967 to current report (excluding the period April 1, 1969 to June 30, 1970 for which data were not available).

Presentation

This report is composed of three parts. INTRODUCTION (Table 1) summarizes data on all persons employed by the Federal Government and its agencies. PART A (Table 2) presents employment data of agency and proprietary corporations and other agencies and corporations by province. A list of these appears on page 21. PART B consists of Tables 3 to 10 which present statistics relating to the departments and departmental corporations listed in the Financial Administration Act plus "Parliament", that is, employees of Senate, House of Commons and Library of Parliament. (A table on average employment and hirings and separations is included quarterly.)

Comparability with Former Survey

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general administrative government services (this broadly speaking, included those coming under the Civil Service Act). In addition, the payrolls of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a

distinct variation in the interpretation by departments of what constituted these groups, there were substantial differences between departments in the types of employees and payrolls included in the annual series.

The series commencing in April 1952 included employees not formerly in the publications as well as a number of government services not previously included, and consequently the statistics could not be compared with the former annual series.

The series commencing with this issue provides data within the occupational categories introduced April 1, 1969. The statistics cannot, therefore, be compared, other than in total, with those of the former series.

Extent of Coverage

Includes. — Departments (including deputy ministers and ministers' staffs) and departmental corporations, agency corporations, proprietary corporations and other agencies and corporations
Members of Boards, Commissions and other government organizations, who serve on a full time basis with salaries fixed accordingly. Royal Canadian Mounted Police (uniformed and civilian members).

Excluded from the Tables but "footnoted" are the
Governor General and Lieutenant-Governors
Ministers of the Crown (including Parliamentary secretaries)
Speakers of the Senate and House of Commons
Deputy Speaker of House of Commons
Judges

The report does not include

Members of Parliament and Senators
National Defence: members of the Armed Forces
International organizations, the expenses of which are shared by Canada
Employees of firms under contract to the Government of Canada
Officers of Boards, Commissions and other government organizations who are paid on a per diem basis or receive a nominal honorarium for their services
Opposition leaders of the Senate and House of Commons

Comparability between Numbers and Earnings

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the payrolls reported, the reason for this being that numbers relate to the employees on strength on the last day of the month wherever possible and otherwise in the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations, in numbers employed, occur during a month, it will be seen that a comparison between the payrolls during the month and the number on strength at the end of the month would, in many cases, not be valid.

Users of these Statistics

Users of the statistics fall into four main categories. These are:

1. Those who wish to use summary data and identify government as an employer. In this category are included those persons who wish to relate the significance of government as an employer to business in general.
2. Persons interested in an analysis of the administrative structure of the Federal Government. These in the main, include government departments themselves. The analyses of data as presented in table 8 and 9 of the publication permit a comparison between the number of staff employed as reported in the publication and the number of positions established for each department of the government as published in the annual Estimates of Canada. This is, of course, mainly an administrative use which is of value to the Treasury Board and to the Public Service Commission as well as the various government departments. A further administrative use of the data is to determine the significance of the labour input factor through an analysis of wage costs as a proportion of total expenditures by vote.

3. Persons wishing to make a comparison between employment in the Federal Government and employment in the other levels of government, or between the Federal Government current data and prior data.
4. The final group of users are those who are interested in government as an employer in each of the principal industries. For this purpose the data must be analysed on a Standard Industrial Classification basis. This analysis, to date, has not been undertaken. The application of this analysis to the Federal Government and subsequently to the provincial and local governments would permit the assessment of the degree to which governments and their corporations have become significant employers in each industry.

Besides federal government officers, users include persons and firms undertaking labour research on behalf of industry, provincial and local governments, university research officers and private citizens. In addition, a substantial number of enquiries originate in the House of Commons and the press.

A description of the sources of data and the means by which the information is submitted and prepared for use, is contained in the following outline.

SECTION 2 — DESCRIPTION OF THE TABLES

Introduction — Total Federal Government Employment and Payrolls (Table 1)

Table 1 provides data with respect to employees, employed in the following types of organization:

A. Agency corporations, proprietary corporations and other agencies and corporations:

- (a) agency corporations,
- (b) proprietary corporations,
- (c) other agencies and corporations.

B. Departments and departmental corporations:

- (a) departments, branches and services,
- (b) departmental corporations.

Organizations of the first three types report gross payrolls (all monies paid to the employees covered), while those in the latter two report over-time payments, retroactive payments and regular payrolls separately.

Part A — Agency Corporations, Proprietary Corporations and Other Agencies and Corporations (Table 2)

The agency corporations and proprietary corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 30 of this report provides definitions of these two types of corporation. The "Other Agencies and Corporations" though not listed in the Financial Administration Act are, nevertheless, organizations of the Crown.

Statistics for these organizations are collected in two ways: (1) directly from the corporation or agency; (2) through the Labour Division (Employment Section) of the Dominion Bureau of Statistics. The statistics reported do not permit a presentation by occupational category therefore composite data are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross payrolls are reported and accordingly include overtime payments, retroactive salary payments and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.
Canadian Arsenal Ltd.
Canadian Dairy Commission
Canadian Film Development Corp.
Canadian Livestock Feed Board
Crown Assets Disposal Corp.

Defence Construction (1951) Ltd.
National Battlefields Commission
National Capital Commission
National Harbours Board
Northern Canada Power Commission
Royal Canadian Mint

SECTION 2 — DESCRIPTION OF THE TABLES — Continued

Proprietary Corporations

Air Canada	Eldorado Nuclear Ltd.
Canada Deposit Insurance Corp.	Export Development Corporation
Canadian Broadcasting Corporation	Farm Credit Corporation
Canadian National Railways	Freshwater Fish Marketing Corporation
Canadian Overseas Telecommunication Corp.	Northern Transportation Company Ltd.
Cape Breton Development Corp.	Polymer Corporation Ltd.
Central Mortgage and Housing Corp.	The St. Lawrence Seaway Authority
Eldorado Aviation Ltd.	The Seaway International Bridge Corp. Ltd.

Other Agencies and Corporations

Bank of Canada	Industrial Development Bank
Canada Council	National Arts Centre Corporation
Canadian Government Elevators	Office of the Custodian
Canadian Wheat Board	

Part B — Departments and Departmental Corporations (Tables 3 to 10)

Departments and departmental corporations are as listed in the Financial Administration Act under Schedules A and B respectively. The Glossary on page 30 of this report provides definitions of these two types of organization. The departments and their components, including departmental corporations, to which the data in this publication pertains, are as follows:

Agriculture:	Indian Affairs and Northern Development:
Department	Department
Agricultural Stabilization Board	
(departmental corporation)	Industry, Trade and Commerce:
Board of Grain Commissioners	Department
	Dominion Bureau of Statistics
Communications:	Justice:
Department	Department
Post Office	
Consumer and Corporate Affairs:	Labour:
Department	Department
Prices and Income Commission	Unemployment Insurance Commission
	(departmental corporation)
Energy, Mines and Resources:	Manpower and Immigration:
Department	Department
Atomic Energy Control Board	Immigration Appeal Board
(departmental corporations)	
National Energy Board	National Defence:
	Department
External Affairs:	National Health and Welfare:
Department	Department
Canadian International Development Agency	Medical Research Council
International Joint Commission	(departmental corporation)
Finance:	National Revenue:
Department	Customs and Excise
Auditor General	Taxation
Insurance	Tax Appeal Board
Tariff Board	
Fisheries and Forestry:	Parliament:
Department	The Senate
Fisheries Prices Support Board	House of Commons
Governor-General and Lieutenant-Governors:	Library of Parliament
Department	

Privy Council:
 Privy Council
 Commissioner of Official Languages
 Economic Council of Canada
 (departmental corporation)
 Public Service Staff Relations Board
 Science Council of Canada
 (departmental corporation)

Public Works:
 Department

Regional Economic Expansion:
 Department

Secretary of State:
 Department
 Canadian Radio-Television Commission
 Chief Electoral Officer, Office of the
 National Film Board
 National Library
 National Museums of Canada
 (departmental corporation)
 Public Archives
 Public Service Commission
 Representation Commissioner, Office of the

Solicitor General:
 Department
 Correctional Services
 Royal Canadian Mounted Police

Supply and Services:
 Department
 Information Canada

Transport:
 Department
 Canadian Transport Commission

Treasury Board:
 Department
 National Research Council

Veterans Affairs
 Department
 Director of Soldier Settlement
 (departmental corporation)
 The Director, The Veterans' Land Act
 (departmental corporation)

The Basic data are recorded in two ways:

1. By employee: Individual position records are maintained for the majority of positions in the departments and departmental corporations of the Government of Canada. The position record cards contain data on the occupants of these positions. The records are amended monthly based on documents received authorizing changes concerning positions and/or their occupants, thus permitting a count of persons employed on the last day of the month. Because of the time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes in the appropriate month. The number of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular payrolls, being based on the annual salary rates of employees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries during the month. As a result of the introduction, within the public service, of the bi-weekly pay as of April 1, 1969, three pays will be reported in the statistics for the month of January and July each year. These factors do not seriously effect the validity of the statistics.
2. By group of employees: Statistics with respect to employees occupying positions for which no individual records are maintained, are collected by means of reports providing: the staff strength at the end of the month, regular payrolls for the month (including amounts paid to those off-strength at the end of the month) retroactive salary payments and overtime payments. The following report in this manner:

Atomic Energy Control Board
 National Defence (civilian employees)
 Economic Council of Canada
 National Film Board
 National Research Council
 Post Office (part-time employees)
 Royal Canadian Mounted Police (members of the force)
 Representation Commissioner, Office of the

"Locally-engaged" employees in foreign countries are reported by the employing department.

CLASSIFICATION BY FUNCTION

The statistics of departments and departmental corporations are classified in Tables 6 and 7 by function. The classification by function portrays employment and payrolls as they relate to particular services provided by the federal government. It also provides the salary component of the cost of services provided by the federal government. Employment statistics presented on this basis have been classified in accordance with concepts evolved by the Governments Division of the Dominion Bureau of Statistics for the presentation of financial statistics.

The classification by function provides a means of studying the operations of governments without the complications arising from differences in administrative establishments in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment of the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparison between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. (See Federal Government Finance, Cat. No. 68-211.)

The following indicates the function and sub-function in which the data, concerning the departments and departmental corporations, are included:

<u>Function</u>	<u>Departments and Departmental Corporations</u>

HIRINGS AND SEPARATIONS

Data on hirings and separations were first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table records hiring and separation averages by department.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total — all departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Public Service Commission of Canada. The latter organization treats all staff employed under the authority of the Public Service Employment Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees, but, with movements of staff to and from "Act" employment even when such movements occur within a department.

The glossary of terms on page 30 should be referred to for definitions of certain terms used the table on hirings and separations. These terms are:

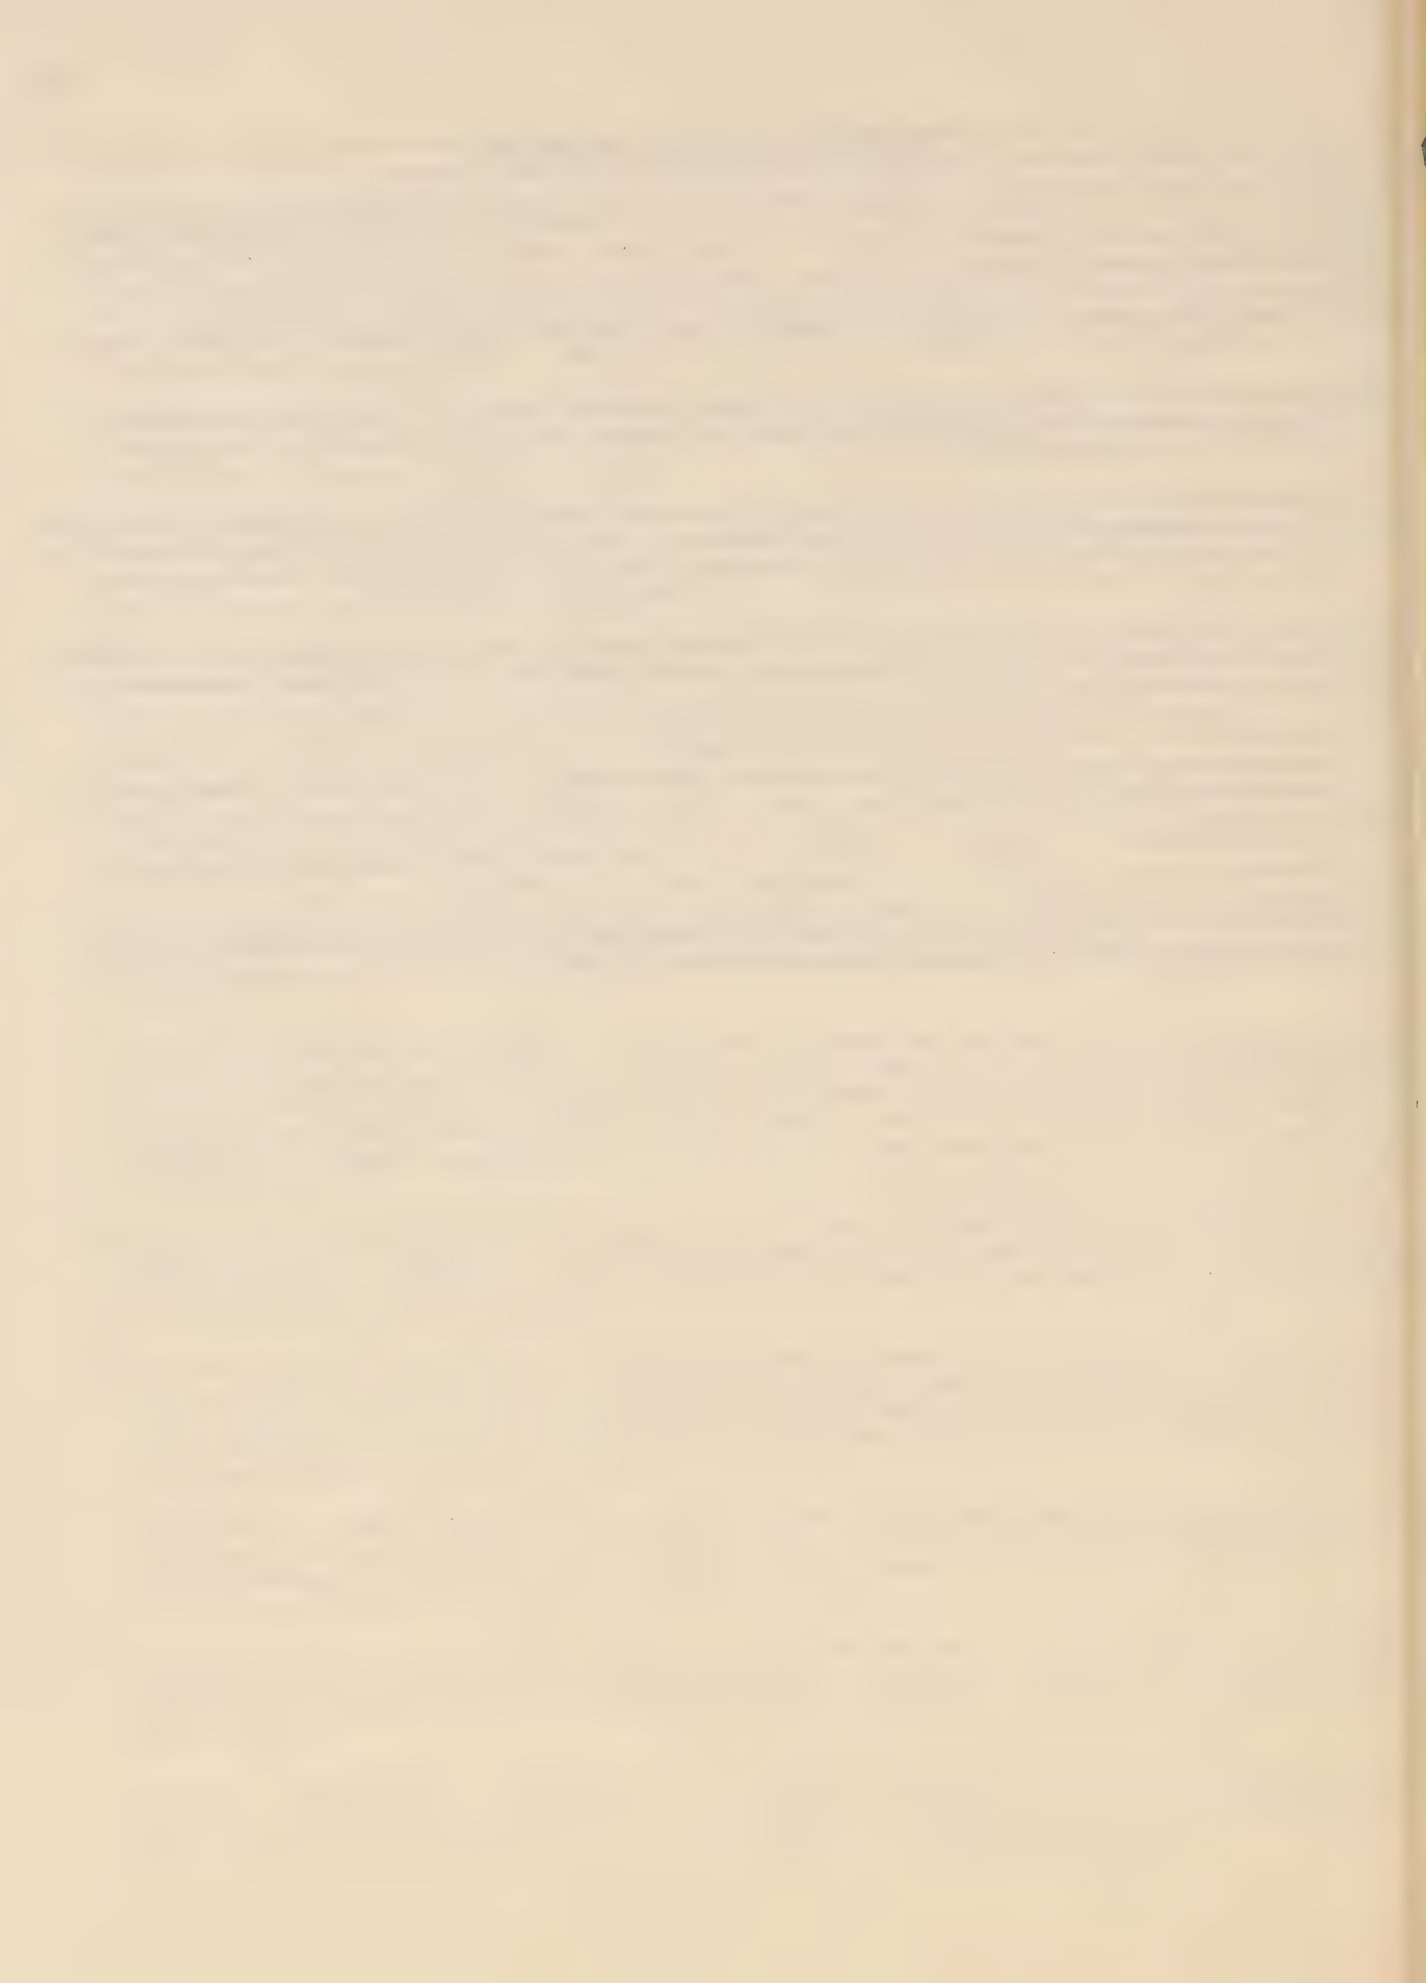

1. Average employment (p. 31, item 21)
2. Monthly average (as pertains to hirings and separations) (p. 31, item 22)

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "Departments" with less than 100 employees.

GLOSSARY OF PRINCIPAL TERMS USED

1. **Department:** Departments are the named divisions of the Government of Canada as listed in Schedule A of the Financial Administration Act.
2. **Crown corporation:** A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
3. **Departmental corporation:** A Crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature. These are listed in Schedule B of the Financial Administration Act.
4. **Agency corporation:** A Crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management or procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. **Proprietary corporation:** A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of, or dealing in, goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
6. **Other agencies and corporations:** These are organizations which are not listed in the Financial Administration Act as departments, agency or proprietary Crown corporations but are, nevertheless, organizations of the Federal Government. Because of their nature, they have been classed with agency and proprietary Crown corporations.
7. **Executive Category:** is composed of occupational groups engaged in the development of government policy, the direction of government programmes and related functions in which there is a requirement for exceptional ability in utilizing resources or in initiating or modifying administrative functions.
8. **Scientific and Professional Category:** is composed of occupational groups engaged in the application of a comprehensive body of knowledge acquired through university graduation in fields specified in group definitions, and of professional groups in which membership in Canada is generally controlled by legally established licensing bodies. Some fields included within this occupational category are; auditing, biological sciences, dentistry, economics, sociology and statistics, engineering and land survey.
9. **Administrative and Foreign Service Category:** is composed of occupational groups engaged in the planning, execution, conduct and control of programmes serving the public interest, the political and economic relations between Canada and other countries, and the requirements of internal management in the Public Service of Canada.
10. **Technical Category:** is composed of occupational groups engaged in the conduct of analytical, experimental and investigative duties in the natural, physical, and social sciences, and the preparation, inspection and measurement of biological, chemical, and physical substances and materials, and the design, construction, inspection, operation and maintenance of complex equipment, systems and process, and the performance of similar technical duties.
11. **Administrative Support Category:** is composed of occupational groups engaged in the preparation, transcribing, transmitting, systematizing and maintenance of records, reports and communications of manual processes, or by operating various machines and equipment, as in the direct application of rules and regulations.
12. **Operational Category:** is composed of occupational groups engaged in the performance of a craft or of unskilled work in the fabrication, maintenance and repair activities, in the operation of machines, equipment and vehicles, and in the provision of postal, protective, correctional, personal or domestic services.
13. **Casual and Others Category:** is composed of all employees in Departments and Departmental corporations of the Government of Canada who are not defined as in Executive, Scientific and Professional, Administrative and Foreign Service, Technical, Administrative Support or Operational categories.

14. Regular payroll: The basic wage and salary payments made to employees during a specified period of time, excluding overtime, retroactive salary payments and special payments.
15. Gross payrolls: For agency corporations, proprietary corporations and other agencies and corporations gross payrolls include, in addition to regular pay, overtime payments, retroactive salary payments and special payments.
16. Retroactive payments: Payments covering adjustments applicable to prior months resulting from salary increases. Data are included in the month which payment is made.
17. Overtime payments: Payments for work done beyond the normal working hours. Data are included in the month during which the payments are made even though the payments may pertain to overtime worked during previous months.
18. Classification by function: The function indicates the service provided by Government. Its purpose is to afford comparability of data over a number of years and with other levels of government without the complicating factor of periodic structural changes of departments and the differences of structures of other levels of government. For further details, see page 24.
19. Hiring: The initial appointment of a person to the reporting "department" whether as a new employee in the Government Service or by transfer from another "department". Movements within a department are not considered as hirings.
20. Separation: The termination of service of an employee in the reporting "department" by leaving the Government Service or by transfer to another "department". Movements within a "department" are not considered as separations.
21. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each "department" during the quarter.
22. Monthly average (as it pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and the federal government enterprises. It provides information for the quarter ending December 31, 1970 and also for each of the months included therein.

The Dominion Bureau of Statistics being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category. The same restraint has necessitated the combination of data relating to employment outside Canada with those of the Yukon and Northwest Territories, and the elimination of certain detailed analysis provided in publications prior to the July - September 1970 issue.

Employment in the federal government including enterprises, but excluding members of the Canadian Forces, was 378.9 thousand as of December 31, 1970. This represented a net increase of 0.3 thousand over employment as of September 30, 1970. Total payroll for the quarter, as reported in this publication, was \$771 million and represented a net decrease of \$6.5 million from the total for the previous quarter. This total excludes, for departments and departmental corporations, overtime payments and retroactive salary payments for which analysis by occupational categories were not available.

For an explanation of the terms used in the publication refer to the July - September 1970 report.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The number of employees within this category was 135.9 thousand at the end of December 1970 with a gross payroll of \$304 million for the three month period.

Compared to employment at the end of September 1970, there was a decrease of 5.5 thousand. Gross payroll for the quarter were \$9.6 million less than the previous quarter.

The decrease in both numbers employed and gross payroll occurred mainly within the Canadian National Railway System.

Comparable data for the same period of the previous year are not available.

TABLE 2. Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

Totals	138,506	136,648	135,980	98,618	91,463	114,249	304,330

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

PART B

Departments and Departmental Corporations

The total number of employees in this category was 243.0 thousand at the end of December 1970 and represented an increase of 5.8 thousand over the total at the end of September 1970.

Total payroll for the quarter amounted to \$466.9 million, an increase of \$6.1 million over the previous quarter.

Comparable data for the same period in the previous year are not available.

FEDERAL GOVERNMENT EMPLOYMENT

October - December 1970

HIRINGS AND SEPARATIONS

Notes and Definitions

Data on hirings and separations were first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table records hiring and separation averages by department.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total - all departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Public Service Commission of Canada. The latter organization treats all staff employed under the authority of the Public Service Employment Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees, but, with movements of staff to and from "Act" employment even when such movements occur within a department.

INTRODUCTION

This publication provides information on Federal Government Employment for the quarter ending March 31, 1971 and for each of the months included therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category. Employment in the federal government, including enterprises but excluding members of the Canadian Forces, totalled 385.2 thousand as of March 31, 1971. This represented an increase of 6.2 thousand or 1.6 per cent over the number employed as of December 31, 1970. The December to March net increase was due in part to the employment, by the Department of National Revenue, of some 2.5 thousand casual employees to assist in the processing of the 1970 income tax returns. The balance of the increase reflects the rises in employment in all departments offset to some extent by a decrease of 1.4 thousand in employment in federal government enterprises.

Payrolls for the three month period January — March, 1971 amounted to \$715.7 million, a decrease of 7.8 per cent from the payrolls for the previous three month period. This decrease is directly related to the bi-weekly pay system now in general use in the federal government. Under this system there are normally 26 pay periods each year. Once every twelve years, however, there is a 27th pay period. This additional pay period occurred in December 1970, resulting in a distortion of the monthly and quarterly patterns. Total payroll excludes, for departments and departmental corporations, overtime payments and retroactive salary increase payments for which analyses by occupational categories were not available.

For an explanation of the terms used in the publication refer to the July — September 1970 report.

(1) Excludes overtime and retroactive payments.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees within this category was 134.5 thousand as of March 31, 1971, a decrease of 1.4 thousand from the total as of December 31, 1970.

Gross payroll for the quarter was \$285.4 million, a decrease of \$18.9 million from the previous quarter. This decrease was due primarily to a reduction in both numbers of employees and payroll within the Canadian National Railway System.

Comparable data for the same period of the previous year are not available.

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

PART B

Departments and Departmental Corporations

The total number of employees in this category was 250.7 thousand at the end of March 1971 and represented an increase of 7.7 thousand over the total at the end of December 1970. The Department of National Revenue recorded the greatest increase due to the hiring of 2.5 thousand casual employees to help process the 1970 income tax returns.

Total payroll for the quarter amounted to \$430.3 million, a decrease of \$33.6 million from the total for the previous quarter. As noted in the introduction this was primarily the result of the extra pay in the previous quarter.

Comparable data for the same period of the previous year are not available.

Hirings and Separations

Notes and Definitions

Data on hirings and separations were first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table presents hiring and separation averages by department.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total - all departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Public Service Commission of Canada. The latter organization treats all staff employed under the authority of the Public Service Employment Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees, but, with movements of staff to and from "Act" employment even when such movements occur within a department.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises. It provides information for the quarter ending June 30, 1971 and also for each of the months included therein.

Statistics Canada being precluded from publishing data which might permit identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding members of the Canadian Forces, was 401.5 thousand as of June 30, 1971. This represented a net increase of 16.2 thousand over employment as of March 31, 1971. This increase was due mainly to the hiring of seasonal employees for work during the summer months.

Total payroll for the quarter, as reported in this publication, was \$741.3 million and represented a net increase of \$25.6 million over the total for the previous quarter. This total excludes, for departments and departmental corporations, overtime payments and retroactive salary payments for which analyses by occupational categories were not available.

Explanatory notes and a glossary of the principal terms used may be found on page 19.

(1) Excludes overtime and retroactive payments.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees within this category was 140.7 thousand as of June 30, 1971, an increase of 6.1 thousand over the total as at March 31, 1971.

Gross payroll for the quarter was \$292.2 million, an increase of \$6.8 million over the previous quarter. This increase was due primarily to the hiring of seasonal employees, mainly within the Canadian National Railway System.

Comparable data for the same period of the previous year are not available.

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

PART B

Departments and Departmental Corporations

The total number of employees in this category was 260.8 thousand at the end of June 1971 and represented an increase of 10.1 thousand over the total at the end of March 1971. This increase was due primarily to the hiring of seasonal employees for work during the summer months.

Total payroll for the quarter amounted to \$449.1 million, an increase of \$18.8 million over the total for the previous quarter.

Included within this category for the first time is the newly established Department of Environment. This department consists of the former Department of Fisheries and Forestry; Water Resources Program, Department of Energy, Mines and Resources; Canadian Wildlife Service, Department of Indian Affairs and Northern Development; Environmental Health Service, Department of National Health and Welfare; and, Meteorological Service, Department of Transport.

Comparable data for the same period of the previous year are not available.

PART C

Explanatory Notes

SECTION 1 — Introduction

History

Publication of statistics on Government of Canada employment and payrolls commenced with data for the fiscal year ended March 31, 1925. Over the years these statistics have been published under various titles and various periods of time. A summary follows:

1. Statistics of the Civil Service of Canada:

- (a) Annual reports for the fiscal years ended March 31, 1925 to 1931.
- (b) A combined report for the fiscal years ended March 31, 1932 to 1934.
- (c) A combined report for the fiscal years ended March 31, 1935 and 1936.
- (d) A combined report for the fiscal years ended March 31, 1937 to 1939.

2. Summary Statistics of the Civil Service of Canada:

- (a) A combined report for the fiscal years ended March 31, 1940 to 1942.
- (b) Annual reports for the fiscal years ended March 31, 1943 to 1948.

3. Summary Statistics, Federal Civil Service Employment and Payrolls:

Annual report for the fiscal year ended March 31, 1949.

4. Federal Civil Service Employment and Payrolls:

Annual reports for the fiscal years ended March 31, 1950 to 1952.

5. Government of Canada Employment and Payrolls:

Monthly reports from April 1952 to August 1953.

6. Federal Government Employment and Payrolls:

Monthly reports from September 1953 to March 31, 1954.

7. Federal Government Employment:

- (a) Monthly reports from April 1954 to July 1967.
- (b) Quarterly reports from September 1967 to current report (excluding the period April 1, 1969 to June 30, 1970 for which data were not available).

Presentation

This report is composed of three parts. INTRODUCTION (Table 1) summarizes data on all persons employed by the Federal Government and its agencies. PART A (Table 2) presents employment data of agency and proprietary corporations and other agencies and corporations by province. A list of these appears on page 21. PART B consists of Tables 3 to 10 which present statistics relating to the departments and departmental corporations listed in the Financial Administration Act plus "Parliament", that is, employees of Senate, House of Commons and Library of Parliament.

Comparability with Former Survey

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general government administrative services (this broadly speaking, included those coming under the Civil Service Act). In addition, the payrolls of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups, there were substantial differences between departments in the types of employees and payrolls included in the annual series.

The series commencing in April 1952 included employees not formerly in the publications as well as a number of government services not previously included, and consequently the statistics could not be compared with the former annual series.

SECTION 1 - Introduction - Continued

Extent of Coverage

Includes. - Departments (including deputy ministers and ministers' staffs) and departmental corporations, agency corporations, proprietary corporations and other agencies and corporations. Members of Boards, Commissions and other government organizations, who serve on a full time basis with salaries fixed accordingly. Royal Canadian Mounted Police (uniformed and civilian members).

Excluded from the Tables but "footnoted" are the

Governor General and Lieutenant-Governors,
Ministers of the Crown (including Parliamentary secretaries),
Speakers of the Senate and House of Commons,
Deputy Speaker of House of Commons,
Judges.

The report does not include

Members of Parliament and Senators,
National Defence: members of the Armed Forces,
International organizations, the expenses of which are shared by Canada,
Employees of firms under contract to the Government of Canada,
Officers of Boards, Commissions and other government organizations who are paid on a per diem basis or receive a nominal honorarium for their services,
Opposition leaders of the Senate and House of Commons.

Comparability between Numbers and Earnings

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the payrolls reported, the reason for this being that numbers relate to the employees on strength on the last day of the month wherever possible and otherwise in the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations, in numbers employed, occur during a month, it will be seen that a comparison between the payroll during the month and the number on strength at the end of the month would, in many cases, not be valid.

Users of these Statistics

Users of the statistics fall into four main categories. These are:

1. Those who wish to use summary data and identify government as an employer. In this category are included those persons who wish to relate the significance of government as an employer to business in general.
2. Persons interested in an analysis of the administrative structure of the Federal Government. These in the main, include government departments themselves. The analyses of data as presented in tables 8 and 9 of the publication permit a comparison between the number of staff employed as reported in the publication and the number of positions established for each department of the government as published in the annual Estimates of Canada. This is, of course, mainly an administrative use which is of value to the Treasury Board and to the Public Service Commission as well as the various government departments. A further administrative use of the data is to determine the significance of the labour input factor through an analysis of wage costs as a proportion of total expenditures by vote.
3. Persons wishing to make a comparison between employment in the Federal Government and employment in the other levels of government, or between the Federal Government current data and prior data.
4. The final group of users are those who are interested in government as an employer in each of the principal industries. For this purpose the data must be analysed on a Standard Industrial Classification basis. This analysis, to date, has not been undertaken. The application of this analysis to the Federal Government and subsequently to the provincial and local governments would permit the assessment of the degree to which governments and their corporations have become significant employers in each industry.

SECTION 1 - Introduction - Concluded

Besides federal government officers, users include persons and firms undertaking labour research on behalf of industry, provincial and local governments, university research officers and private citizens. In addition, a substantial number of enquiries originate in the House of Commons and the press.

A description of the sources of data and the means by which the information is submitted and prepared for use, is contained in the following outline.

SECTION 2 - Description of the Tables

Introduction - Total Federal Government Employment and Payrolls (Table 1)

Table 1 provides data with respect to employees, employed in the following types of organization:

- A. Agency corporations, proprietary corporations and other agencies and corporations:
 - (a) agency corporations,
 - (b) proprietary corporations,
 - (c) other agencies and corporations.

- B. Departments and departmental corporations:
 - (a) departments, branches and services,
 - (b) departmental corporations.

Organizations of the first three types report gross payrolls (all monies paid to the employees covered), while those in the latter two report over-time payments, retroactive payments and regular payrolls separately.

Part A - Agency Corporations, Proprietary Corporations and Other Agencies and Corporations (Table 2)

The agency corporations and proprietary Corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 30 of this report provides definitions of these two types of corporation. The "Other Agencies and Corporations" though not listed in the Financial Administration Act are, nevertheless, organizations of the Crown.

Statistics for these organizations are collected in two ways: (1) directly from the corporation or agency; (2) through the Labour Division (Employment Section) of Statistics Canada. The statistics reported do not permit a presentation by occupational category therefore, composite data are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross payrolls are reported and accordingly include overtime payments, retroactive salary payments and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.	Defence Construction (1951) Ltd.
Canadian Arsenals Ltd.	National Battlefields Commission
Canadian Dairy Commission	National Capital Commission
Canadian Film Development Corp.	National Harbours Board
Canadian Livestock Feed Board	Northern Canada Power Commission
Company of Young Canadians	Royal Canadian Mint
Crown Assets Disposal Corp.	

Proprietary Corporations

Air Canada	Eldorado Nuclear Ltd.
Canada Deposit Insurance Corp.	Export Development Corporation
Canadian Broadcasting Corporation	Farm Credit Corporation
Canadian National Railways	Freshwater Fish Marketing Corporation
Canadian Overseas Telecommunication Corp.	Northern Transportation Company Ltd.
Cape Breton Development Corp.	Polymer Corporation Ltd.
Central Mortgage and Housing Corp.	The St. Lawrence Seaway Authority
Eldorado Aviation Ltd.	The Seaway International Bridge Corp., Ltd.

Other Agencies and Corporations

Bank of Canada
Canada Council
Canadian Government Elevators
Canadian Wheat Board

Industrial Development Bank
National Arts Centre Corporation
Office of the Custodian

Part B - Departments and Departmental Corporations (Tables 3 to 10)

Departments and departmental corporations are as listed in the Financial Administration Act under Schedules A and B respectively. The Glossary on page 30 of this report provides definitions of these two types of organization. The departments and their components, including departmental corporations, to which the data in this publication pertains, are as follows:

Agriculture:

Department
Agricultural Stabilization Board
(departmental corporation)
Board of Grain Commissioners

Communications:

Department

Consumer and Corporate Affairs:

Department
Prices and Income Commission

Energy, Mines and Resources:

Department
Atomic Energy Control Board
(departmental corporations)
National Energy Board

Environment:

Department
Fisheries Prices Support Board
(departmental corporation)

External Affairs:

Department
Canadian International Development Agency
International Joint Commission

Finance:

Department
Auditor General
Insurance
Tariff Board

Governor-General and Lieutenant-Governors:

Department

Indian Affairs and Northern Development:

Department

Industry, Trade and Commerce:

Department
Statistics Canada

Justice:

Department

Labour:

Department
Unemployment Insurance Commission
(departmental corporation)

Manpower and Immigration:

Department
Immigration Appeal Board

National Defence:

Department

National Health and Welfare:

Department
Medical Research Council
(departmental corporation)

National Revenue:

Customs and Excise
Taxation
Tax Appeal Board

Parliament:

The Senate
House of Commons
Library of Parliament

Post Office:

Department

Privy Council:

Privy Council
Chief Electoral Officer, Office of the
Commissioner of Official Languages
Economic Council of Canada
(departmental corporation)
Public Service Staff Relations Board
Science Council of Canada
(departmental corporation)

Public Works:

Department

Regional Economic Expansion:

Department

SECTION 2 - Description of the Tables - Continued

Secretary of State:

Department
Canadian Radio-Television Commission
National Film Board
National Library
National Museums of Canada
(departmental corporation)

Representation Commissioner, Office of the

Transport:

Department
Canadian Transport Commission

Treasury Board:

Department
National Research Council
(departmental corporation)

Veterans Affairs

Department
Director of Soldier Settlement
(departmental corporation)
The Director, The Veterans' Land Act
(departmental corporation)

Solicitor General:

Department
Correctional Services
Royal Canadian Mounted Police

Supply and Services:

Department
Information Canada

The basic data are recorded in two ways:

1. By employee: Individual position records are maintained for the majority of positions in the departments and departmental corporations of the Government of Canada. The position record cards contain data on the occupants of these positions. The records are amended monthly based on documents received authorizing changes concerning positions and/or their occupants, thus permitting a count of persons employed on the last day of the month. Because of the time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes in the appropriate month. The number of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular payrolls, being based on the annual salary rates of employees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries during the month. As a result of the introduction, within the public service, of the bi-weekly pay as of April 1, 1969, three pays will be reported in the statistics for the month of January and July each year. These factors do not seriously effect the validity of the statistics.
2. By group of employees: Statistics with respect to employees occupying positions for which no individual records are maintained, are collected by means of reports providing: the staff strength at the end of the month, regular payrolls for the month (including amounts paid to those off-strength at the end of the month) retroactive salary payments and overtime payments. The following report in this manner:

Atomic Energy Control Board
National Defence (civilian employees)
Economic Council of Canada
National Film Board
National Research-Council
Post Office (part-time employees)
Royal Canadian Mounted Police (members of the force)
Representation Commissioner, Office of the

"Locally-engaged" employees in foreign countries are reported by the employing department.

Classification by Function

The statistics of departments and departmental corporations are classified in Tables 5 and 6 by function. The classification by function portrays employment and payrolls as they relate to particular services provided by the federal government. It also provides the salary component of the cost of services provided by the federal government. Employment statistics presented on this basis have been classified in accordance with concepts evolved by the Governments Division of Statistics Canada for the presentation of financial statistics.

SECTION 2 — Description of the Tables — Continued

The classification by function provides a means of studying the operations of governments without the complications arising from differences in administrative establishments in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment of the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparison between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditure on employment and total expenditures can be made with regard to each function. (See Federal Government Finance, Cat. No. 68-211.)

The following indicates the function and sub-function in which the data, concerning the departments and departmental corporations, are included:

<u>Function</u>	<u>Departments and Departmental Corporations</u>

HIRINGS AND SEPARATIONS

Data on hirings and separations were first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table records hiring and separation averages by department.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total — all departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Public Service Commission of Canada. The latter organization treats all staff employed under the authority of the Public Service Employment Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees, but, with movements of staff to and from "Act" employment even when such movements occur within a department.

The glossary of terms on page 30 should be referred to for definitions of certain terms used in the table on hirings and separations. These terms are:

1. Average employment (p. 31, item 21)
2. Monthly average (as pertains to hirings and separations) (p. 31, item 22)

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "Departments" with less than 100 employees.

GLOSSARY OF PRINCIPAL TERMS USED

1. Department: Departments are the named divisions of the Government of Canada as listed in Schedule A of the Financial Administration Act.
2. Crown corporation: A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
3. Departmental corporation: A Crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature. These are listed in Schedule B of the Financial Administration Act.
4. Agency corporation: A crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management or procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary corporation: A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of, or dealing in, goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
6. Other agencies and corporations: These are organizations which are not listed in the Financial Administration Act as departments, agency or proprietary Crown corporations but are, nevertheless, organizations of the Federal Government. Because of their nature, they have been classed with agencies and proprietary Crown corporations.
7. Executive Category: is composed of occupational groups engaged in the development of government policy, the direction of government programmes and related functions in which there is a requirement for exceptional ability in utilizing resources or in initiating or modifying administrative functions.
8. Scientific and Professional Category: is composed of occupational groups engaged in the application of a comprehensive body of knowledge acquired through university graduation in fields specified in group definitions, and of professional groups in which membership in Canada is generally controlled by legally established licensing bodies. Some fields included within this occupational category are; auditing, biological sciences, dentistry, economics, sociology and statistics, engineering and land survey.
9. Administrative and Foreign Service Category: is composed of occupational groups engaged in the planning, execution, conduct and control of programmes serving the public interest, the political and economic relations between Canada and other countries, and the requirements of internal management in the Public Service of Canada.
10. Technical Category: is composed of occupational groups engaged in the conduct of analytical, experimental and investigative duties in the natural, physical, and social sciences, and the preparation, inspection and measurement of biological, chemical, and physical substances and materials, and the design, construction, inspection, operation and maintenance of complex equipment, systems and process, and the performance of similar technical duties.
11. Administrative Support Category: is composed of occupational groups engaged in the preparation, transcribing, transmitting, systematizing and maintenance of records, reports and communications of manual processes, or by operating various machines and equipment, as in the direct application of rules and regulations.
12. Operational Category: is composed of occupational groups engaged in the performance of a craft or of unskilled work in the fabrication, maintenance and repair activities, in the operation of machine equipment and vehicles, and in the provision of postal, protective, correctional, personal or domestic services.
13. Casual and Others Category: is composed of all employees in Departments and Departmental corporations of the Government of Canada who are not defined as in Executive, Scientific and Professional, Administrative and Foreign Service, Technical, Administrative Support or Operational categories.

14. Regular payroll: The basic wage and salary payments made to employees during a specified period of time, excluding overtime, retroactive salary payments and special payments.
15. Gross payrolls: For agency corporations, proprietary corporations and other agencies and corporations gross payrolls include, in addition to regular pay, overtime payments, retroactive salary payments and special payments.
16. Retroactive payments: Payments covering adjustments applicable to prior months resulting from salary increases. Data are included in the month which payment is made.
17. Overtime payments: Payments for work done beyond the normal working hours. Data are included in the month during which the payments are made even though the payments may pertain to overtime worked during previous months.
18. Classification by function: The function indicates the service provided by Government. Its purpose is to afford comparability of data over a number of years and with other levels of government without the complicating factor of periodic structural changes of departments and the differences of structures of other levels of government. For further details, see page 23.
19. Hiring: The initial appointment of a person to the reporting "department" whether as a new employee in the Government Service or by transfer from another "department". Movements within a department are not considered as hirings.
20. Separation: The termination of service of an employee in the reporting "department" by leaving the Government Service or by transfer to another "department". Movements within a "department" are not considered as separations.
21. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each "department" during the quarter.
22. Monthly average (as it pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.

INTRODUCTION

This publication presents information with respect to employment and payrolls of the federal government and federal government enterprises. It provides information for the quarter ending September 30, 1971 and also for the three months included therein.

Statistics Canada being precluded from publishing data which might permit identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding members of the Canadian Forces, was 402.1 thousand as of September 30, 1971. This represented an increase of 0.6 thousand or 0.1 per cent over the total as of June 30, 1971 and 23.5 thousand or 6.2 per cent over the total as of September 30, 1970.

Total payroll for the quarter, as reported in this publication, was \$883.1 million and represented an increase of \$141.8 million over the total for the previous three month period. This increase was due to there being three pay periods in July and to retroactive pay increases within the proprietary corporations group.

For an explanation of the terms used in this publication refer to the April-June 1971 report.

TABLE 1. Total Federal Government Employment and Payrolls

	Number of employees as at			Payroll for period
	July 31	August 31	September 30	July-September 1971
				\$'000

Totals	410,078	414,933	402,079	883,083
	Number of employees on the last day of the period		Payrolls for the period	
Comparative totals				
April-June 1971	401,491		741,301	
July-September 1970	378,606		777,808	

(1) Excludes overtime and retroactive payments.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees within this category was 140.4 thousand as of September 30, 1971, an increase of 0.3 thousand over the total as of June 30, 1971 and a decrease of 1.1 thousand from the total as of September 30, 1970.

Gross payroll for the quarter was \$348.9 million, an increase of \$56.7 million over the previous quarter and \$35.0 million over the comparable period of 1970.

TABLE 2. Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

	Number of employees as at			Gross payroll

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

PART B

Departments and Departmental Corporations

The total number of employees in this category was 261.7 thousand at the end of September 1971 and represented an increase of 0.9 thousand over the total at the end of June 1971 and 24.5 thousand over the total at the end of September 1970.

Total payroll for the quarter was \$534.2 million, an increase of \$85.1 million over the total for the previous quarter and \$70.3 million over the comparable period of 1970.

Footnotes

Table 5

(1) Excludes the following:	
(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	421
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	47

Table 6

(1) Excludes the following:	
(a) Payments to members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	\$ 57,666
Judges	2,718,333
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	138,735

Table 7

(1) Includes Canadian civilian staffs of:	
(a) "North Atlantic Treaty Organization", and	
(b) "International Commission for Supervision and Control in Indo-China".	
(2) Excludes the following:	
(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	421
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	47

Table 8

(1) Includes payments to Canadian civilian staffs of:	
(a) "North Atlantic Treaty Organization", and	
(b) "International Commission for Supervision and Control in Indo-China".	
(2) Excludes the following:	
(a) Payments to members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	\$ 57,666
Judges	2,718,333
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries. (This represents indemnities other than those paid as Members of Parliament and the Senate)	138,735

Hirings and Separations

Notes and Definitions

Data on hirings and separations were first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table presents hiring and separation averages by department.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total - all departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Public Service Commission of Canada. The latter organization treats all staff employed under the authority of the Public Service Employment Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees, but, with movements of staff to and from "Act" employment even when such movements occur within a department.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ending December 31, 1971 and each of the months included therein.

Statistics Canada being precluded from publishing data which might permit identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises, was 401.5 thousand as at December 31, 1971. This represented a decrease of 0.6 thousand from the number employed at the end of September 1971 and an increase of 22.5 thousand over the number employed at the end of December 1970.

Total payroll for the quarter, as reported in this publication, was \$851.3 million and represented a decrease of \$31.7 million from the total for the previous quarter and an increase of \$80.1 million over the total for the October - December 1970 quarter.

For an explanation of the terms used in this publication refer to the April - June 1971 report.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees within this category was 134.7 thousand at December 31, 1971, a decrease of 5.7 thousand from the total at September 30, 1971 and, 1.3 thousand from the total at December 31, 1970.

Gross payroll for the quarter was \$303.6 million a decrease of \$45.3 million from the previous quarter, and a \$0.7 million decrease from the October - December 1970 quarter.

The decrease in both numbers employed and gross payroll occurred mainly within the Canadian National Railway System.

April 1, 1971 - December 31, 1971	944,767

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

Part B

The total number of employees in this category was 266.8 thousand at the end of December 1971, an increase of 5.1 thousand over the total at the end of September 1971. This increase was due primarily to the hiring of casual help by the Department of National Defence under the winter incentive program.

Total payrolls for the quarter amounted to \$547.7 million, an increase of \$13.6 million over the total for the previous quarter.

Compared to the quarter ended December 31, 1970, payrolls increased by \$80.1 million and the number of employees increased by 23.8 million.

FOOTNOTES

Table 5

(1) Excludes the following:

(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	449
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	60

Table 6

(1) Excludes the following:

(a) Payments to members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	\$ 57,666
Judges	2,894,490
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	147,999

Table 7

(1) Includes Canadian civilian staffs of:

- (a) "North Atlantic Treaty Organization", and
- (b) "International Commission for Supervision and Control in Indo-China".

(2) Included in Industry, Trade and Commerce in prior publications

(3) Excludes the following:

(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	449
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	60

Table 8

(1) Includes payments to Canadian civilian staffs of:

- (a) "North Atlantic Treaty Organization", and
- (b) "International Commission for Supervision and Control in Indo-China".

(2) Included in Industry, Trade and Commerce in prior publications

(3) Excludes the following:

(a) Payments to members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	\$ 57,666
Judges	2,894,490
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries. (This represents indemnities other than those paid as Members of Parliament and the Senate)	147,999

6. Departments and Departmental Corporations — Regular Payrolls Paid during Quarter (Excluding Overtime and Retroactive Payments) — Classified by Function and Occupational Category	11
7. Departments and Departmental Corporations — Number of Employees at End of Month — Classified by Occupational Category	12
8. Departments and Departmental Corporations — Regular Payrolls Paid during Quarter (Excluding Overtime and Retroactive Payments) — Classified by Occupational Category	15
9. Departments and Departmental Corporations — Overtime Payments Reported during the Periods Indicated	19
10. Departments and Departmental Corporations — Hirings and Separations during the Period Under Review	20

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ending March 31, 1972 and each of the months included therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding members of the Canadian Forces, totalled 405.0 thousand as at March 31, 1972. This represented an increase of 3.5 thousand over the number employed as of December 31, 1971, and an increase of 20.0 thousand over the number employed as of March 31, 1971. The December to March increase was due in part to the employment, by the Department of National Revenue, of some 2.5 thousand casual employees to assist in the processing of the 1971 income tax returns. The balance of the increase reflects the rises in employment in all departments offset to some extent by a decrease of 3.2 thousand in employment in federal government enterprises.

Payrolls for the three month period January-March, 1972, amounted to \$812.3 million, a decrease of \$39.1 million from the payrolls for the previous three month period. This decrease was primarily due to an extra pay period occurring in December. Total payroll excludes, for departments and departmental corporations, overtime payments and retroactive salary increase payments for which analyses by occupational categories were not available.

For an explanation of the terms used in this publication refer to the April-June 1971 report.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees within this category was 131.4 thousand as of March 31, 1972, a decrease of 3.2 thousand from the total as of December 31, 1971 and, 3.1 thousand from the total as at March 31, 1971.

Gross payroll for the quarter was \$308.2 million, an increase of \$4.6 million over the previous quarter and an increase of \$22.9 million over January-March 1971.

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals.

PART B

Departments and Departmental Corporations

The total number of employees in this category was 273.5 thousand at the end of March 1972, an increase of 6.7 thousand over the total at the end of December 1971. The Department of National Revenue recorded the greatest increase due to the hiring of 2.5 thousand casual employees to help process the 1971 income tax returns.

Total payroll for the quarter amounted to \$504.0 million, a decrease of \$43.7 million from the total for the previous quarter. As noted in the introduction this was primarily the result of the extra pay period in the previous quarter.

Compared to the quarter ended March 31, 1971, payrolls increased by \$73.7 million and the number of employees increased by 22.9 thousand.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ending June 30, 1972 and each of the months included therein. This report is the first bilingual issue in the current series.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding members of the Canadian Forces and certain other categories (see page 31), totalled 422.7 thousand as at June 30, 1972. This represents an increase of 17.7 thousand over the total as of March 31, 1972. The increase was primarily due to the hiring of students and other casual employees for seasonal employment. The increase was general throughout the service.

Payrolls for the three month period April - June 1972, amounted to \$911.3 million, an increase of \$99.0 million over the payrolls for the previous three month period. This increase was primarily due to the hiring of the seasonal employees, as well as, an extra pay period in June.

Explanatory notes and a glossary of the principal terms used may be found on page 46.

Le présent bulletin renseigne sur l'emploi et la rémunération dans l'administration et dans les entreprises publiques fédérales pour le trimestre terminé le 30 juin 1972 et pour chacun des mois du trimestre. Il s'agit ici du premier bulletin bilingue de la série.

Statistique Canada n'a pas le droit de publier des données que l'on pourrait rapporter à des individus; il a donc fallu joindre les données de la catégorie de la direction à celles de la catégorie scientifique et professionnelle.

Les effectifs de l'administration fédérale, à l'inclusion des entreprises, mais à l'exclusion des membres des Forces canadiennes et de certaines autres catégories (voir page 31), étaient de 422,700 au 30 juin 1972, ce qui représente une augmentation nette de 17,700 depuis le 31 mars 1972. Cette augmentation résulte principalement de l'engagement saisonnier d'étudiants et d'autres employés temporaires. Cette augmentation valait pour l'ensemble de la Fonction publique.

Le total des rémunérations du trimestre avril - juin 1972 a été de 911.3 millions de dollars, ce qui représente une augmentation de 99.0 millions de dollars depuis le trimestre précédent. Cette augmentation résulte principalement de l'engagement saisonnier d'employés et du fait qu'il y a eu une période de paye supplémentaire en juin.

On trouvera des notes explicatives et un glossaire des principaux termes utilisés à la page 46.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees within this category was 141.9 thousand as at June 30, 1972, an increase of 10.5 thousand over the total as at March 31, 1972 and, 1.3 thousand as at June 30, 1971.

Gross payroll for the quarter was \$312.8 million, an increase of \$4.6 million over the previous quarter and an increase of \$20.6 million over April - June 1971.

PARTIE A

Corporations de mandataires, corporations de propriétaires
et autres organismes et corporations

Dans cette catégorie, l'effectif total était de 141,900 employés au 30 juin 1972, soit 10,500 de plus qu'au 31 mars 1972 et 1,300 de plus qu'au 30 juin 1971.

La rémunération brute du trimestre a atteint 312.8 millions de dollars, soit 4.6 millions de dollars de plus qu'au trimestre précédent et 20.6 millions de plus qu'au trimestre avril - juin 1971.

PART B

PARTIE B

Ministries of State, Departments and Departmental Corporations

Ministères d'État, ministères et corporations de département

The total number of employees in this category was 280.8 thousand at the end of June 1972, an increase of 7.2 thousand over the total at the end of March 1972. This increase was general throughout the service.

Total payroll for the quarter amounted to \$598.5 million, an increase of \$94.5 million over the total for the previous quarter. As noted in the introduction this was primarily the result of the increased employment and there being an extra pay period in June.

Compared to the quarter ended June 30, 1971, payrolls increased by \$149.4 million and the number of employees increased by 19.9 thousand.

Commencing with this publication the function data, presented in Tables 5 and 6, are not comparable with data in prior publications. These data are now based on the revised concepts as published in "The Canadian System of Government Financial Management Statistics" Catalogue No. 68-506 Occasional.

The principal differences are:

Defence services	from: Defence services to: Protection of persons and property
External Affairs	from: Other to: Foreign affairs and international assistance
Immigration	from: Other to: Labour, employment and immigration
International co-operation and assistance	from: International co-operation and assistance to: Foreign affairs and international assistance
Labour and employment services	from: Social welfare to: Labour, employment and immigration
Lands: settlement and agriculture	from: Natural resources and primary industries to: Agriculture, trade and industry and tourism
National Research Council	from: Other to: Research establishments
Trade and industrial development	from: Trade and industrial development to: Agriculture, trade and industry and tourism
Veterans' pensions and other benefits	from: Veterans' pensions and other benefits to: Social welfare

Data for the second quarter summary of "Hirings and Separations" were not available for inclusion in this report.

Cette catégorie comprenait 280,800 employés à la fin de juin 1972, ce qui représente une augmentation de 7,200 employés par rapport au total de la fin de mars 1972. L'augmentation valait pour l'ensemble de la Fonction publique.

La rémunération totale du trimestre atteignait 598.5 millions de dollars, soit 94.5 millions de plus que le trimestre précédent. Comme il a été déjà mentionné dans l'introduction, cette augmentation résultait principalement d'une augmentation du nombre d'employés et du fait qu'il y a eu une période de paie supplémentaire en juin.

La rémunération a augmenté de 149.4 millions de dollars et les effectifs se sont accrus de 19,900 par rapport au trimestre terminé le 30 juin 1971.

À partir de ce bulletin, les données par fonction présentées aux tableaux 5 et 6 ne pourront plus être comparées aux données des bulletins antérieurs. Ces données sont désormais basées sur les concepts révisés, tels que publiés dans "Le système Canadien des Statistiques de la gestion financière des administrations publiques", n° 68-506 hors série du catalogue.

Les principales différences sont les suivantes:

Défense	de: Défense à: Protection des personnes et des biens
Affaires extérieures	de: Autres à: Affaires extérieures et aide internationale
Immigration	de: Autres à: Travail, emploi et immigration
Coopération et aide internationale	de: Coopération et aide internationales à: Affaires extérieures et aide internationale
Travail et service de placement	de: Bien-être social à: Travail, emploi et immigration
Terres: colonisation et agriculture	de: Ressources naturelles et industries primaires à: Agriculture, commerce et industrie et tourisme
Conseil National des Recherches	de: Autres à: Etablissements de recherches
Développement du commerce et de l'industrie	de: Développement du commerce et de l'industrie à: Agriculture, commerce et industrie et tourisme
Pensions d'anciens combattants et autres prestations	de: Pensions d'anciens combattants et autres prestations à: Bien-être social

Les données concernant le recrutement et les départs au cours du second trimestre ne sont pas disponibles et ne sont pas incluses dans le présent bulletin.

PART C

Explanatory Notes

SECTION 1 — Introduction

History

Publication of statistics on Government of Canada employment and payrolls commenced with data for the fiscal year ended March 31, 1925. Over the years these statistics have been published under various titles and various periods of time. A summary follows:

1. Statistics of the Civil Service of Canada:
 - (a) Annual reports for the fiscal years ended March 31, 1925 to 1931.
 - (b) A combined report for the fiscal years ended March 31, 1932 to 1934.
 - (c) A combined report for the fiscal years ended March 31, 1935 and 1936.
 - (d) A combined report for the fiscal years ended March 31, 1937 to 1939.
2. Summary Statistics of the Civil Service of Canada:
 - (a) A combined report for the fiscal years ended March 31, 1940 to 1942.
 - (b) Annual reports for the fiscal years ended March 31, 1943 to 1948.
3. Summary Statistics, Federal Civil Service Employment and Payrolls:
Annual report for the fiscal year ended March 31, 1949.
4. Federal Civil Service Employment and Payrolls:
Annual reports for the fiscal years ended March 31, 1950 to 1952.
5. Government of Canada Employment and Payrolls:

Monthly reports from April 1952 to August 1953.
6. Federal Government Employment and Payrolls:

Monthly reports from September 1953 to March 31, 1954.
7. Federal Government Employment:
 - (a) Monthly reports from April 1954 to July 1967.
 - (b) Quarterly reports from September 1967 to current report (excluding the period April 1, 1969 to June 30, 1970 for which data were published in one report released January 1973.

Presentation

This report is composed of three parts. INTRODUCTION (Table 1) summarizes data on all persons employed by the Federal Government and its agencies. PART A (Table 2) presents employment data of agency and proprietary corporations and other agencies and corporations by province. A list of these appears on page 36. PART B consists of Tables 3 to 10 which present statistics relating to the Ministries of State, departments and departmental corporations listed in the Financial Administration Act plus "Parliament", that is, employees of Senate, House of Commons and Library of Parliament.

PARTIE C

Notes explicatives

SECTION 1 — Introduction

Historique

La publication des statistiques sur l'emploi et la rémunération dans l'administration publique fédérale a débuté avec les données de l'exercice clos le 31 mars 1925. Depuis, cette statistique a été publiée sous divers titres et à différentes périodes. En voici le résumé.

1. Statistiques du service public du Canada:
 - (a) Rapports annuels pour les exercices clos le 31 mars, de 1925 à 1931.
 - (b) Rapport groupant les exercices clos le 31 mars, de 1932 à 1934.
 - (c) Rapport groupant les exercices clos le 31 mars, 1935 et 1936.
 - (d) Rapport groupant les exercices clos le 31 mars, de 1937 à 1939.
2. Résumé statistique du service public du Canada:
 - (a) Rapport groupant les exercices clos le 31 mars, de 1940 à 1942
 - (b) Rapports annuels pour les exercices clos le 31 mars, de 1943 à 1948.
3. Résumé statistique de l'emploi et des traitements au service public.
Rapport annuel pour l'exercice clos le 31 mars 1949.
4. Emploi et traitements au service public fédéral:
Rapports annuels pour les exercices clos le 31 mars, de 1950 à 1952.
5. L'emploi et traitements dans l'administration publique fédérale:
Bulletins mensuels d'avril 1952 à août 1953.
6. L'emploi et traitements dans l'administration publique fédérale:
Bulletins mensuels de septembre 1953 au 31 mars 1954.
7. L'emploi dans l'administration publique fédérale:
 - (a) Bulletins mensuels d'avril 1954 à juillet 1967.
 - (b) Bulletins trimestriels de septembre 1967 jusqu'au présent rapport (non compris la période du 1^{er} avril 1969 au 30 juin 1970 pour laquelle aucune donnée n'est disponible).

Présentation

Le présent bulletin est divisé en trois parties. L'INTRODUCTION (Tableau 1) résume les données sur toutes les personnes employées par l'administration publique fédérale et ses organismes. La PARTIE A (Tableau 2) présente les données sur l'emploi dans les corporations de mandataire et de propriétaire et dans les autres organismes et corporations, par province. La liste de ces corporations figure à la page 36. La PARTIE B englobe les Tableaux 3 à 10 et contient la statistique se rapportant aux départements d'État, ministères et aux corporations de département figurant dans la Loi sur l'administration financière et se rapportant aussi au "Parlement", c'est-à-dire, aux employés du Sénat, de la Chambre des communes et de la Bibliothèque du Parlement.

SECTION 1 — Introduction — Continued — suite

Comparability with Former Survey

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general government administrative services (this broadly speaking, included those coming under the Civil Service Act). In addition, the payrolls of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups, there were substantial differences between departments in the types of employees and payrolls included in the annual series.

The series commencing in April 1952 included employees not formerly in the publications as well as a number of government services not previously included, and consequently the statistics could not be compared with the former annual series.

Extent of Coverage

Includes:

Ministries of State, departments (including deputy ministers and ministers' staffs) and departmental corporations, agency corporations, proprietary corporations and other agencies and corporations. Members of Boards, Commissions and other government organizations, who serve on a full time basis with salaries fixed accordingly. Royal Canadian Mounted Police (uniformed and civilian members).

Excluded from the Tables but "footnoted" are the:

Governor General and Lieutenant-Governors,
Ministers of the Crown (including Parliamentary secretaries),
Speakers of the Senate and House of Commons,

Deputy Speaker of House of Commons,
Judges.

The report does not include:

Member of Parliament and Senators,
National Defence: members of the Armed Forces,
International organizations, the expenses of which are shared by Canada,
Employees of firms under contract to the Government of Canada,
Officers of Boards, Commissions and other government organizations who are paid on a per diem basis or receive a nominal honorarium for their services,
Opposition leaders of the Senate and House of Commons.

Comparability between Numbers and Earnings

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the payrolls reported, the reason for this being that numbers relate to the employees on strength on the last day of the month wherever possible and otherwise in the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations, in numbers employed, occur during a month, it will be seen that a comparison between the payrolls during the month and the number on strength at the end of the month would, in many cases, not be valid.

Comparabilité avec l'enquête antérieure

La série des statistiques annuelles de 1925 à 1952 devait inclure le nombre d'employés permanents et temporaires dans les services généraux de l'administration publique fédérale (ce qui correspond en gros aux fonctionnaires régis par la Loi sur le service civil). De plus, la rémunération de certaines classes d'employés appelées "non-enquêtées" figurait dans la publication. L'enquête n'englobait pas ces classes "non-enquêtées". La définition de ces classes variait considérablement d'un ministère à l'autre; il y avait donc des différences sensibles entre eux quant au types d'employés et aux rémunérations pris en compte dans les séries annuelles.

La série qui a débuté en avril 1952 comportait des employés de même qu'un certain nombre de services de l'administration publique que les publications antérieures ne prenaient pas en compte; les statistiques ne pouvaient donc pas être comparées avec les séries annuelles antérieures.

L'univers

Comprend:

Départements d'Etat, ministères (y compris le sous-ministres et le Cabinet du ministre), les corporations de mandataire, les corporations de propriétaire et les autres organismes et corporations.
Les membres des comités, des commissions et des autres administratifs rémunérés pour un travail à plein temps. La Gendarmerie royale du Canada (agents et personnel civil), et personnel civil).

Sont exclus des tableaux mais contenus dans les notes:

Le gouverneur général et les lieutenants-gouverneurs.
Les ministres de la Couronne (y compris les secrétaires parlementaires).
Le Président du Sénat et l'Orateur de la Chambre des communes.
L'Orateur suppléant de la Chambre des communes.
Les juges.

Le bulletin ne prends pas en compte:

Les députés et les sénateurs.
Les membres des Forces Armées (Défense nationale).
Les organismes internationaux auxquelles le Canada participe.

Les employés d'entreprises sous contrat avec l'administration publique fédérale.
Les dirigeants des comités, des commissions et d'autres organismes administratifs dont la rétribution consiste en indemnité journalière ou honoraires forfaitaires.
Les chefs de l'opposition au Sénat et à la Chambre des communes.

Comparabilité entre le nombre d'employés et les gains

L'utilisateur de ces statistiques ne devra pas tirer de comparaison directe entre le nombre d'employés inscrits et la rémunération déclarée; en effet, le nombre d'employés correspond aux effectifs arrêtés si possible au dernier jour du mois, sinon, aux effets de la dernière période de rémunération du mois. Du fait que dans certaines catégories, et plus particulièrement en ce qui concerne l'emploi temporaire, il se produit d'importantes variations du nombre d'employés au cours du mois, il est facile de comprendre qu'une comparaison entre la rémunération au cours du mois et les effectifs arrêtés à la fin du mois n'aura dans de nombreux cas aucune valeur.

SECTION 1 — Introduction — Concluded — fin

Users of these Statistics

Users of the statistics fall into four main categories. These are:

1. Those who wish to use summary data and identify government as an employer. In this category are included those persons who wish to relate the significance of government as an employer to business in general.
2. Persons interested in an analysis of the administrative structure of the Federal Government. These, in the main, include government departments themselves. The analyses of data as presented in tables 8 and 9 of the publication permit a comparison between the number of staff employed as reported in the publication and the number of positions established for each department of the government as published in the annual Estimates of Canada. This is, of course, mainly an administrative use which is of value to the Treasury Board and to the Public Service Commission as well as the various government departments. A further administrative use of the data is to determine the significance of the labour input factor through an analysis of wage costs as a proportion of total expenditures by vote.
3. Persons wishing to make a comparison between employment in the Federal Government and employment in the other levels of government, or between the Federal Government current data and prior data.
4. The final group of users are those who are interested in government as an employer in each of the principal industries. For this purpose the data must be analysed on a Standard Industrial Classification basis. This analysis, to date, has not been undertaken. The application of this analysis to the Federal Government and subsequently to the provincial and local governments would permit the assessment of the degree to which governments and their corporations have become significant employers in each industry.

Beside federal government officers, users include persons and firms undertaking labour research on behalf of industry, provincial and local governments, university research officers and private citizens. In addition, a substantial number of enquiries originate in the House of Commons and the press.

A description of the sources of data and the means by which the information is submitted and prepared for use, is contained in the following outline.

Utilisateurs des statistiques

Les quatre principales catégories d'utilisateurs sont les suivants:

1. Ceux qui désirent utiliser le résumé des données en considérant l'administration publique comme un employeur. Cette catégorie comprend les personnes qui veulent établir le rapport entre l'administration publique en tant qu'employeur, et son importance envers le monde des affaires.
2. Les personnes intéressées par l'analyse de la structure administrative de l'administration Publique fédérale. Il s'agit surtout des ministères fédéraux eux mêmes. L'analyse des données des tableaux 8 et 9 permet de comparer les effectifs du personnel, selon le présent bulletin, et le nombre de postes établis pour chaque ministère selon les prévisions budgétaires du Canada. Il va sans dire qu'il s'agit là d'une utilisation administrative valable pour le Conseil du trésor et pour la Commission de la Fonction publique de même que pour les divers ministères. Une autre utilisation administrative des données est de déterminer le facteur de l'utilisation de la main-d'oeuvre à l'aide d'une analyse du salaire coût (proportion par rapport aux dépenses totales par crédit).
3. Les personnes désireuses de comparer l'emploi dans l'administration publique fédérale et l'emploi aux autres niveaux d'administrations publiques ou désireuses de comparer les données actuelles de l'administration publique fédérale aux données antérieures.
4. Le dernier groupe d'utilisateurs comprend les personnes qui veulent connaître l'importance de l'administration publique comme employeur dans chacun des principaux groupes d'activité. À cette fin, les données doivent être analysées selon la Classification des activités économiques. Jusqu'à présent, une telle analyse n'a pas été faite. L'analyse de l'administration publique fédérale et par la suite des administrations provinciales et locales permettraient d'évaluer l'importance du rôle de l'administration publique et ses corporations dans chaque groupe d'activité.

Parmi les utilisateurs, on trouve non seulement des fonctionnaires fédéraux mais encore des personnes et des entreprises qui entreprennent des recherches sur la main-d'oeuvre pour le compte de l'industrie, des administrations publiques provinciales et locales; on trouve également des chercheurs universitaires et des particuliers. De plus, une partie importante de la demande d'information provient de la Chambre des communes et de la presse.

Le texte ci-dessous décrit les sources des données et indique comment les renseignements sont obtenus et traités en vue de leur utilisation.

SECTION 2 -- Description of the Tables

Introduction -- Total Federal Government Employment and Payrolls (Table 1)

Table 1 provides data with respect to employees, employed in the following types of organization:

- A. Agency corporations, proprietary corporations and other agencies and corporations:
 - (a) agency corporations,
 - (b) proprietary corporations,
 - (c) other agencies and corporations.
- B. Ministries of State, departments and departmental corporations:
 - (a) Ministries of State and departments,
 - (b) departmental corporations.

Organizations of the first three types report gross payrolls (all monies paid to the employees covered), while those in the latter two report overtime payments, retroactive payments and regular payrolls separately.

Part A -- Agency Corporations, Proprietary Corporations and Other Agencies and Corporations (Table 2)

The agency corporations and proprietary corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 46 of this report provides definitions of these two types of corporation. The "Other Agencies and Corporations" though not listed in the Financial Administration Act are, nevertheless, organizations of the Crown.

Statistics for these organizations are collected in two ways: (1) directly from the corporation or agency; (2) through the Labour Division (Employment Section) of Statistics Canada. The statistics reported do not permit a presentation by occupational category therefore, composite data are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross payrolls are reported and accordingly include overtime payments, retroactive salary payments and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.
Canadian Arsenal Ltd.
Canadian Dairy Commission
Canadian Film Development Corporation

Canadian Livestock Feed Board
Canadian Saltfish Corporation
Company of Young Canadians
Crown Assets Disposal Corporation

Defence Construction (1951) Ltd.
National Battlefields Commission

National Capital Commission
National Harbours Board
Northern Canada Power Commission
Royal Canadian Mint

SECTION 2 -- Description des tableaux

Introduction -- Total de l'emploi et de la rémunération dans l'administration publique fédérale (Tableau 1)

Le tableau fournit des données sur les employés des types suivants:

- A. Corporations de mandataire, corporations de propriétaire et autres organismes et corporations:
 - (a) corporations de mandataire,
 - (b) corporations de propriétaire,
 - (c) autres organismes et corporations.
- B. Départements d'État, Ministères et corporations de département:
 - (a) Départements d'État et ministères,
 - (b) corporations de département.

Les trois premières catégories d'organismes déclarent la rémunération brute (total des sommes versées à leurs employés), et les deux derniers groupes d'organismes déclarent le paiement d'heures supplémentaires, les rappels et la rémunération ordinaire séparément.

Partie A -- Corporations de mandataire, corporations de propriétaire et autres organismes et corporations (Tableau 2)

Les annexes C et D de la Loi sur l'administration financière contiennent respectivement les listes des corporations de mandataire et des corporations de propriétaire. La page 46 du présent bulletin définit ces deux genres de corporation. Les "autres organismes et corporations" bien que non inscrits dans la Loi sur l'administration financière; il n'en constituent pas moins des organismes de l'État.

On recueille les statistiques de ces organismes de deux manières: (1) directement auprès des corporations ou des organismes; (2) par l'intermédiaire de la Division du travail (Section de l'emploi) de Statistique Canada. Comme les statistiques fournies ne permettent pas une présentation par catégorie d'occupation, on publie des renseignements globaux. Dans la majorité des cas, les employés inscrits représentent les effectifs au cours de la dernière période de paie du mois. On prend en compte la rémunération brute, ce qui comprend le paiement d'heures supplémentaires, les rappels et les autres genres de paiements spéciaux en plus de la rémunération ordinaire. Les organismes du Tableau 2 relèvent des groupes suivants:

Corporations de mandataire

Énergie atomique du Canada, Limitée
Les Arsenaux canadiens Limitée
Commission canadienne du lait
Société de développement de l'industrie cinématographique canadienne

Office canadien des provenances
Office canadien du poisson salé
Compagnie des jeunes Canadiens
Corporation de disposition des biens de la Couronne

Construction de défense (1951) Limitée
Commission des champs de bataille nationaux

Commission de la capitale nationale
Conseil des ports nationaux
Commission d'énergie du Nord Canadien
Monnaie royale canadienne

SECTION 2 — Description of the Tables — Continued

Proprietary Corporations

Air Canada
Canada Deposit Insurance Corporation
Canadian Broadcasting Corporation
Canadian National Railways
Canadian Overseas Telecommunication Corporation
Cape Breton Development Corporation
Central Mortgage and Housing Corporation

Eldorado Aviation Limited
Eldorado Nuclear Limited
Export Development Corporation
Farm Credit Corporation
Freshwater Fish Marketing Corporation

Northern Transportation Company Limited
Polymer Corporation Limited
The St. Lawrence Seaway Authority

The Seaway International Bridge Corporation, Limited

Other Agencies and Corporations

Bank of Canada
Canada Council
Canadian Government Elevators
Canadian Wheat Board
Industrial Development Bank
National Arts Centre Corporation
Office of the Custodian

Part B — Ministries of State, Departments and Departmental Corporations (Tables 3 to 9)

Ministries of State and departments and departmental corporations are as listed in the Financial Administration Act under Schedules A and B respectively. The Glossary on page 46 of this report provides definitions of these two types of organization. Ministries of State and the departments and their components, including departmental corporations, to which the data in this publication pertains, are as follows:

Agriculture:
Department
Agricultural Stabilization Board (departmental corporation)
Canadian Grain Commission

Communications:
Department

Consumer and Corporate Affairs:
Department
Prices and Income Commission

Energy, Mines and Resources:
Department
Atomic Energy Control Board (departmental corporation)
National Energy Board

Environment:
Department
Fisheries Prices Support Board (departmental corporation)

External Affairs:
Department
Canadian International Development Agency
International Joint Commission

SECTION 2 — Description des tableaux — suite

Corporations de propriétaire

Air Canada
Société d'assurance-dépôts du Canada
Société Radio-Canada
Chemins de fer Nationaux du Canada
Société canadienne des télécommunications transmarines
Société de développement du Cap-Breton
Société central d'hypothèques et de logement

Eldorado Aviation Limited
Eldorado nucléaire, Limitée
Société pour l'expansion des exportations
Société du crédit agricole
Office de commercialisation du poisson d'eau douce

Northern Transportation Company Limited
Société Polymer Limitée
Administration de la Voie maritime du Saint-Laurent

The Seaway International Bridge Corporation Limited

Autres organismes et corporations

Banque du Canada
Conseil des arts du Canada
Élévateurs du gouvernement canadien
Commission canadienne du blé
Banque d'expansion industrielle
Corporation du Centre national des arts
Bureau du séquestre

Partie B — Départements d'État, ministères et corporations de département (Tableaux 3 à 9)

Les annexes A et B de la Loi sur l'administration financière contiennent respectivement les listes des départements d'État des ministères et des corporations de département. La page 46 du présent bulletin définit ces deux genres d'organismes. Voici la liste des départements d'État, ministères et de leurs éléments, y compris les corporations de département auxquelles se rapportent les données du présent bulletin.

Agriculture:
Ministère
Office de stabilisation des prix agricoles (corporation de département)
Commission canadienne des grains

Communications:
Ministère

Consommation et Corporations:
Ministère
Commission des prix et des revenus

Énergie, Mines et Ressources:
Ministère
Commission de contrôle de l'énergie atomique (corporation de département)
Office national de l'énergie

Environnement:
Ministère
Office des prix des produits de la pêche (corporation de département)

Affaires extérieures:
Ministère
Agence canadienne de développement international
Commission mixte internationale

SECTION 2 - Description of the Tables - Continued

Supply and Services:
Department
Information Canada

Transport:
Department
Canadian Transport Commission

Treasury Board:
Department
National Research Council (departmental corporation)

Urban Affairs:
Ministry of State

Veterans Affairs:
Department
Veterans' Land Administration (departmental corporation)

The basic data are recorded in two ways:

1. By employee: Individual position records are maintained for the majority of positions in the departments and departmental corporations of the Government of Canada. The position record cards contain data on the occupants of these positions. The records are amended monthly based on documents received authorizing changes concerning positions and/or their occupants, thus permitting a count of persons employed on the last day of the month. Because of the time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes in the appropriate month. The number of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular payrolls, being based on the annual salary rates of employees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries during the month. As a result of the introduction, within the public service, of the bi-weekly pay as of April 1, 1969, three pays will be reported in the statistics for the month of January and July each year. These factors do not seriously effect the validity of the statistics.

2. By group of employees: Statistics with respect to employees occupying positions for which no individual records are maintained, are collected by means of reports providing: the staff strength at the end of the month, regular payrolls for the month (including amounts paid to those off-strength at the end of the month) retroactive salary payments and overtime payments. The following report in this manner:

Atomic Energy Control Board
National Defence (civilian employees)
Economic Council of Canada
National Film Board
National Research Council
Post Office (part-time employees)
Royal Canadian Mounted Police (members of the force)
Representation Commissioner, Office of the

"Locally-engaged" employees in foreign countries are reported by the employing department.

Classification by Function

The statistics of Ministries of State, departments and departmental corporations are classified in Tables

SECTION 2 - Description des tableaux - suite

Approvisionnement et Services:
Ministère
Information Canada

Transport:
Ministère
Commission canadienne des transports

Conseil du trésor:
Ministère
Conseil national de recherches du Canada (corporation de département)

Affaires urbaines:
Département d'État

Affaires des anciens combattants:
Ministère
Office de l'établissement agricole des anciens combattants (corporation de département)

Les données fondamentales sont enregistrées de deux manières:

1. Par employé: Les ministères et corporations de département de l'administration publique fédérale conservent pour la majorité des postes des fiches pour chaque poste individuel. La fiche du poste renferme des données sur son titulaire. Chaque mois, les fiches sont mises à jour à l'aide des renseignements reçus relatifs à certains changements concernant les postes et (ou) leur titulaire, ce qui permet de compter les personnes employées le dernier jour du mois. Du fait qu'il se produit des délais dans l'acheminement normal des changements concernant les postes et le personnel, il n'est pas toujours possible d'inclure toutes les modifications le même mois. Par conséquent, le nombre d'employés pour un mois donné ne représentera pas toujours l'effectif exact arrêté à la fin du mois. La rémunération ordinaire est basée sur le salaire annuel des effectifs arrêtés à la fin du mois; elle pourra donc différer des salaires effectivement payés au cours du mois. Par suite de l'introduction dans la fonction publique de la rémunération toutes les deux semaines à partir du 1^{er} avril 1969, les statistiques du mois de janvier et juillet chaque année comprendront trois paies. Ces facteurs n'ont que peu d'effets sur la valeur des statistiques.

2. Par groupe d'employés: Les statistiques sur les employés occupant des postes pour lesquels il n'existe aucun dossier individuel sont réunies à l'aide de déclarations portant sur le nombre de personnes à la fin du mois, la rémunération ordinaire pour le mois, (y compris les montants versés aux personnes ne faisant pas partie des effectifs à la fin du mois) les rappels et le paiement d'heures supplémentaires. Les corporations ci-dessous produisent ce genre de déclaration:

Commission de contrôle de l'énergie atomique
Défense nationale (personnel civil)
Conseil économique du Canada
Office national du film
Conseil national de recherches
Postes (employés à mi-temps)
Gendarmerie royale du Canada (agents)

Commissaires à la représentation, bureau du

Les employés "recrutés localement" dans des pays étrangers sont déclarés par le ministère employeur.

Classification par fonction

Les Tableaux 5 et 6 contiennent la statistique des départements d'État, ministères et des corporation de département

SECTION 2 - Description of the Tables - Continued

5 and 6 by function. The classification by function portrays employment and payrolls as they relate to particular services provided by the federal government. It also provides the salary component of the cost of services provided by the federal government. Employment statistics presented on this basis have been classified in accordance with concepts evolved by the Public Finance Division of Statistics Canada for the presentation of financial statistics.

The classification by function provides a means of studying the operations of governments without the complications arising from differences in administrative establishments in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment of the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparison between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. (See Federal Government Finance, Cat. No. 68-211.)

The following indicates the function and sub-function in which the data, concerning the Ministries of State, departments and departmental corporations, are included:

General government

Executive and legislative
Governor General, Office of the
Parliament
The Senate
House of Commons
Library of Parliament
Privy Council
Privy Council Office Program
Constitutional Conference Secretariat Program

Chief Electoral Officer, Office of the
Secretary of State, Department of

Administration Program
Translation Program
Public Service Commission (excluding Language
Training)
Supply and Services, Department of
Administration Program
Supply Program:
Program Administration
Commercial Supply
Engineering Procurement

SECTION 2 - Description des tableaux - suite

selon la fonction. La classification par fonction représente l'emploi et la rémunération et leur rapport avec certains services assurés par l'administration publique fédérale. Elle indique également quel est l'élément rémunération du coût des services dispensés par l'administration publique fédérale. Présentée de cette manière, la statistique de l'emploi a été agencée selon les concepts mis au point par la division des finances publiques de Statistique Canada pour la présentation de la statistique financière.

La classification selon la fonction permet d'étudier le fonctionnement des administrations publiques sans les complications occasionnées par les divergences entre les établissements administratifs de chaque administration et entre les administrations publiques. Cette analyse est utile à trois égards. Elle permet d'abord de faire une étude détaillée de l'emploi dans l'administration publique fédérale selon les principaux buts ou fonctions. Vu que ces fonctions ne subissent pas l'influence des changements qui modifient périodiquement les structures administratives de l'état; il est donc possible de mettre au point des séries statistiques qui, à quelques exceptions près, demeureront uniformes pendant longtemps. En deuxième lieu, puisqu'il n'y a plus de différences entre les établissements administratifs, il est possible d'établir des comparaisons valables entre les sommes consacrées à l'emploi par l'administration publique fédérale et les dépenses semblables aux autres niveaux d'administrations. Troisièmement, il devient possible d'analyser la relation entre les sommes consacrées à l'emploi et les dépenses totales de chaque fonction. (Voir Finances de l'administration publique fédérale n° 68-211 au catalogue).

Voici les fonctions et sous-fonctions qui groupent les données sur les départements d'État, ministères et les corporations de département.

GLOSSARY OF PRINCIPAL TERMS USED

1. Ministries of State and departments are the named divisions of the Government of Canada as listed in Schedule A of the Financial Administration Act.
2. Crown corporation: A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
3. Departmental corporation: A Crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature. These are listed in Schedule B of the Financial Administration Act.
4. Agency Corporation: A Crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management or procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary corporation: A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of, or dealing in, goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
6. Other agencies and corporations: These are organizations which are not listed in the Financial Administration Act as departments, agency or proprietary Crown corporations but are, nevertheless, organizations of the Federal Government. Because of their nature, they have been classed with agency and proprietary Crown corporations.
7. Executive Category: is composed of occupational groups engaged in the development of government policy, the direction of government programmes and related functions in which there is a requirement for exceptional ability in utilizing resources or in initiating or modifying administrative functions.
8. Scientific and Professional Category: is composed of occupational groups engaged in the application of a comprehensive body of knowledge acquired through university graduation in fields specified in group definitions, and of professional groups in which membership in Canada is generally controlled by legally established licensing bodies. Some fields included within this occupational category are; auditing, biological sciences, dentistry, economics, sociology and statistics, engineering and land survey.
9. Administrative and Foreign Service Category: is composed of occupational groups engaged in the planning, execution, conduct and control of programmes serving the public interest, the political and economic relations between Canada and other countries, and the requirements of internal management in the Public Service of Canada.
10. Technical Category: is composed of occupational groups engaged in the conduct of analytical, experimental and investigative duties in the natural, physical, and social sciences, and the preparation, inspection and measurement of biological, chemical, and physical substances and materials, and the

DÉFINITION DES PRINCIPAUX TERMES UTILISÉS

1. Départements d'État et ministères, ce sont les principales divisions de l'administration publique fédérale figurant à l'annexe A de la Loi sur l'administration financière.
2. Corporation de la Couronne: corporation qui, en dernier lieu doit rendre compte au Parlement, par l'intermédiaire d'un ministre, de la conduite de ses affaires, et comprend les corporations mentionnées dans la Loi sur l'administration financière: annexe B, corporations de département; annexe C, corporations de mandataire et annexe D, corporations de propriétaire.
3. Corporation de département: corporation de la Couronne qui est préposée ou mandataire de Sa Majesté du chef du Canada et est chargée de service d'administration, de surveillance ou de réglementation d'un caractère gouvernemental. L'annexe B de la Loi sur l'administration financière contient la liste de ces corporations.
4. Corporation de mandataire: corporation de la Couronne qui est mandataire de Sa Majesté du chef du Canada et est responsable de la conduite d'opérations de commerce ou de services sur une base quasi commerciale, ou de la conduite d'activités en matière d'obtention, de construction ou de disposition pour le compte de Sa Majesté du chef du Canada.
5. Corporation de propriétaire: corporation de la Couronne qui 1^o est responsable de la conduite d'opérations de prêt ou financières, ou de la conduite d'opérations commerciales et industrielles comportant la production ou le commerce de marchandises et la fourniture de services au public, et 2^o est ordinairement tenue de conduire ses opérations sans crédits budgétaires du Trésor fédéral.
6. Autres organismes et corporations: groupements non inscrits dans la Loi sur l'administration financière à titre de corporations de département, de mandataire ou de propriétaire mais qui constituent néanmoins des organismes de l'administration publique fédérale. Ont été classés avec les corporations de la Couronne (de mandataire et de propriétaire) en raison de leur nature.
7. La catégorie de la direction: se compose des groupes d'occupation qui élaborent les politiques administratives, dirigent les programmes administratifs et remplissent des fonctions connexes exigeant des aptitudes supérieures pour l'utilisation des ressources ou l'institution ou la modification de fonctions administratives.
8. La catégorie scientifique et professionnelle: se compose des groupes d'occupation qui appliquent de vastes connaissances acquises à l'université dans les domaines spécifiés dans les définitions du groupe, et des groupes de professions dont l'exercice au Canada est généralement autorisé et réglementé par des organismes légalement constitués. Au nombre des catégories d'occupation nous retrouvons la vérification, les sciences biologiques, l'art dentaire, l'économie, la sociologie et la statistique, le génie et l'arpentage.
9. La catégorie administrative et du service extérieur: se compose des groupes d'occupation qui préparent, exécutent, dirigent et surveillent des programmes à l'intention du public ou intéressant les relations politiques et économiques du Canada avec les autres pays, et répondent aux besoins de la gestion interne dans la fonction publique du Canada.
10. La catégorie technique: se compose des groupes d'occupation qui effectuent des analyses, expériences et enquêtes dans les sciences naturelles, physiques et sociales, ainsi que la préparation, l'inspection, et la mesure des substances et des matières biologiques chimiques et physiques et la création, la construction, l'inspection, le fonctionnement

design, construction, inspection, operation and maintenance of complex equipment, systems and process, and the performance of similar technical duties.

et l'entretien d'appareils, de systèmes et de mécanismes complexes et l'exécution de tâches techniques similaires.

11. Administrative Support Category: is composed of occupational groups engaged in the preparation, transcribing, transmitting, systematizing and maintenance of records, reports and communications of manual processes, or by operating various machines and equipment, as in the direct application of rules and regulations.

11. La catégorie du soutien administratif: se compose de groupes d'occupation chargés de préparer, transcrire, transmettre, organiser et tenir des documents, des rapports et des communications au moyen de procédés manuels, ou par l'installation de diverses machines et appareils, ou d'appliquer formellement les règles et règlements.

12. Operational Category: is composed of occupational groups engaged in the performance of a craft or of unskilled work in the fabrication, maintenance and repair activities, in the operation of machines, equipment and vehicles, and in the provision of postal, protective, correctional, personal or domestic services.

12. La catégorie exploitation: se compose des groupes d'occupation qui exercent un métier ou exécutent un travail non spécialisé ayant rapport aux travaux de fabrication, d'entretien et de réparation qu'exigent le fonctionnement de machines, d'appareils et de véhicules, ainsi que les services postaux, de protection, correctionnels, personnels ou domestiques.

13. Casuals and Others Category:

13. La catégorie des employés temporaires et autres:

(a) Casuals are:

(a) les temporaires sont:

(i) Individuals employed on a casual basis or for a temporary period not exceeding six months

(i) Des personnes employées à titre temporaire ou pour une période ne dépassant pas six mois

(ii) Individuals employed for a specified term of more than six months.

(ii) Des personnes employées pour une période déterminée de plus de six mois.

(b) Others are:

(b) les autres sont:

Regular employees of a department or a departmental corporation for whom no occupational breakdown is available to our main source of information, Central Personnel Records Division, Department of Supply and Services.

Des employés permanents d'un ministère ou d'une corporation de département pour lesquels notre principale source d'information, donc la Division Centrale de Renseignements sur le Personnel n'a pas réussi à obtenir les détails par groupes d'occupation.

14. Regular payroll: The basic wage and salary payments made to employees during a specified period of time, excluding overtime, retroactive salary payments and special payments.

14. Rémunération ordinaire: salaires et traitements de base versées à des employés au cours d'une période déterminée, non-compris le paiement d'heures supplémentaires, les rappels et les paiements spéciaux.

15. Gross payrolls: For agency corporations, proprietary corporations and other agencies and corporations gross payrolls include, in addition to regular pay, overtime payments, retroactive salary payments and special payments.

15. Rémunération brute: dans le cas des corporations de mandataire, des corporations de propriétaire et des autres organismes et corporation, la rémunération brute comprend les paiements d'heures supplémentaires, les rappels et les paiements spéciaux en plus de la rémunération ordinaire.

16. Retroactive payments: Payments covering adjustments applicable to prior months resulting from salary increases. Data are included in the month which payment is made.

16. Rappels: paiements d'arrérages résultant d'augmentation de traitement avec effet rétroactif. Les données sont prises en compte le mois où le paiement est effectué.

17. Overtime payments: Payments for work done beyond the normal working hours. Data are included in the month during which the payments are made even though the payments may pertain to overtime worked during previous months.

17. Paiement d'heures supplémentaires: paiements pour travail accompli au-delà de la durée légale des heures normales de travail. Les données sont comprises dans le mois où les paiements sont effectués même s'il s'agit d'heures supplémentaires travaillées les mois précédents.

18. Classification by function: The function indicates the service provided by Government. Its purpose is to afford comparability of data over a number of years and with other levels of government without the complicating factor of periodic structural changes of departments and the differences of structures of other levels of government. For further details, see page 39

18. Classification selon la fonction: la fonction indique le service dispensé par l'administration publique. Elle doit permettre la comparaison des données pour un certain nombre d'années ainsi qu'avec les autres niveaux d'administrations publiques sans que l'on ait à se préoccuper des modifications administratives périodiques ni des différences d'organisation aux autres niveaux d'administrations. Voir détails en page 39

19. Hiring: The initial appointment of a person to the reporting department whether as a new employee in the Government Service or by transfer from another department. Movements within a department are not considered as hirings.

19. Recrutement: nomination initiale d'une personne à un emploi auprès d'un "ministère" déclarant, qu'il s'agisse d'un nouveau-venu ou d'une mutation. Un déplacement à l'intérieur d'un ministère n'est pas considéré comme un recrutement.

20. Separation: The termination of service of an employee in the reporting department by leaving the Government Service or by transfer to another department. Movements within a department are not considered as separations.

20. Départ: cessation du service d'un employé au "ministère" déclarant par suite d'un départ ou d'une mutation. Un déplacement à l'intérieur d'un ministère n'est pas considéré comme départ.

21. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each department during the quarter.

22. Monthly average (as it pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.

21. Emploi moyen: dans le cas du tableau sur le recrutement et les départs, il représente la moyenne mensuelle du nombre d'employés dans chaque "ministère" durant le trimestre.

22. Moyenne mensuelle (dans le cas du recrutement et des départs): représente la moyenne arithmétique, c.-à-d. le tiers du recrutement et des départs réels du trimestre.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ending September 30, 1972 and each of the months therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding the Canadian Forces and other specific employees (see footnotes on page 21), totalled 417.5 thousand as at September 30, 1972. This represented a decrease of 5.2 thousand from the number employed as at June 30, 1972. The decrease was due primarily to the ending of summer employment of students and other casual help.

Total payroll for the quarter, as reported in this publication, was \$888.5 million and represented a decrease of \$22.8 million from the total for the previous three month period. This decrease was due primarily to an extra pay period occurring in June. Total payroll excludes, for ministries of state, departments and departmental corporations, overtime payments and retroactive salary increase payments for which analyses by occupational categories were not available.

For an explanation of the terms used in this publication refer to the April-June 1972 report.

Le présent bulletin contient des renseignements sur l'emploi et la rémunération dans l'administration et les entreprises publiques fédérales, pour le trimestre terminé le 30 septembre 1972 et chacun des mois y inclus.

Statistique Canada n'a pas le droit de publier des données que l'on pourrait rapporter à des particuliers; il a fallu joindre les données de la catégorie de la direction à celles de la catégorie scientifique et professionnelle.

Le nombre des employés dans l'administration fédérale, y compris ceux des entreprises publiques mais à l'exclusion des membres des Forces canadiennes (voir renvois à la page 21), était de 417,500 au 30 septembre 1972, ce qui représente une diminution de 5,200 par rapport au nombre d'employés au 30 juin 1972. Cette diminution résulte principalement de la terminaison de l'emploi d'étudiants et autres saisonniers durant les mois d'été.

Selon le présent bulletin, la rémunération totale du trimestre était de 888.5 millions de dollars soit une diminution de 22.8 millions de dollars par rapport au total du trimestre précédent. Cette diminution est due principalement à la période de paye supplémentaire durant le mois de juin. Dans le cas des départements d'État, ministères et corporations de département, la rémunération totale ne comprend pas le paiement d'heures supplémentaires et les rappels pour lesquels il n'existait aucune ventilation par catégorie d'occupation.

Le bulletin d'avril-juin 1972 contient des notes explicatives et une définition des principaux termes utilisés dans le présent bulletin.

autres organismes et corporations

The total number of employees within this category was 140.2 thousand as at September 30, 1972, a decrease of 1.7 thousand from the total as at June 30, 1972 and, a slight decrease from the total for the comparable data in 1971.

Gross payroll for the quarter was \$342.4 million, an increase of \$29.6 million over the previous quarter. This increase was due primarily to the inclusion of vacation pay in the July payroll and to an extra pay period occurring in August.

Dans cette catégorie, le nombre total d'employés au 30 septembre 1972, était de 140,200, soit une diminution de 1,700 par rapport au total arrêté au 30 juin 1972, et accuse une légère diminution par rapport au total de la même période en 1971.

La rémunération brute du trimestre était de 342.4 million de dollars, soit 29.6 millions de dollars de plus que le trimestre précédent. Cette augmentation provient principalement de l'inclusion du congé payé dans la rémunération du mois de juillet et d'une période de paye supplémentaire au mois d'août.

Ministries of State, Departments and
Departmental Corporations

Départements d'État, ministères et
corporations de département

The total number of employees in this category was 277.2 thousand as at September 30, 1972, a decrease of 3.5 thousand from the total as at June 30, 1972. As noted in the introduction this decrease was due primarily to the cessation of seasonal employment.

Total payroll for the quarter amounted to \$546.1 million, a decrease of \$52.4 million from the previous quarter. This decrease resulted from an extra pay period occurring in June.

Compared to the quarter ended September 30, 1971, payrolls increased by \$11.9 million and the number of employees increased by 15.6 thousand.

Cette catégorie comprenait un total de 277,200 employés au 30 septembre 1972, soit une diminution de 3,500 par rapport au total de la fin de juin 1972. Comme déjà indiqué dans l'introduction cette diminution résulte principalement de la terminaison de l'emploi saisonnier.

La rémunération totale du trimestre atteignait 546.1 millions de dollars, une diminution de 52.4 millions de dollars par rapport au trimestre précédent. Cette diminution provient d'une période de paye supplémentaire durant le mois de juin.

En comparaison avec le trimestre terminé le 30 septembre 1971, la rémunération a augmenté de 11.9 millions de dollars et le nombre d'employés a augmenté de 15,600.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ending December 31, 1972 and each of the months therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding the Canadian Forces and other specific employees (see footnotes on page 22), totalled 413.1 thousand as at December 31, 1972. This represented a decrease of 4.4 thousand from the number employed as at September 30, 1972. The decrease was mainly in the casuals and others category, and with some minor exceptions, was general throughout the service.

Total payroll for the quarter, as reported in this publication, was \$971.9 million and represented an increase of \$83.4 million over the total for the previous three month period. This increase reflects an extra pay period occurring in December. Total payroll excludes, for ministries of state, departments and departmental corporations, overtime payments and retroactive salary increase payments for which analyses by occupational categories were not available.

For an explanation of the terms used in this publication refer to the April-June 1972 report.

Le présent bulletin contient des renseignements sur l'emploi et la rémunération dans l'administration et les entreprises publiques fédérales, pour le trimestre terminé le 31 décembre 1972 et chacun des mois y inclus.

Statistique Canada n'a pas le droit de publier des données que l'on pourrait rapporter à des particuliers; il a fallu joindre les données de la catégorie de la direction à celles de la catégorie scientifique et professionnelle.

Le nombre d'employés dans l'administration fédérale y compris ceux des entreprises publiques mais à l'exclusion des membres des Forces canadiennes et de certaines autres catégories (voir page 22), était de 413,000 au 31 décembre 1972, ce qui représente une diminution de 4,400 par rapport au nombre d'employés au 30 septembre 1972. Cette diminution était principalement dans la catégorie des temporaires et autres et avec quelques rares exceptions, valait pour l'ensemble de la Fonction publique.

Selon le présent bulletin, la rémunération totale du trimestre était de 971.9 millions de dollars, soit une augmentation de 83.4 millions de dollars par rapport au total du trimestre précédent. Cette augmentation est due à la période de paye supplémentaire durant le mois de décembre. Dans le cas des départements d'État, ministères et corporations de département, la rémunération totale ne comprend pas le paiement d'heures supplémentaires et les rappels pour lesquels il n'existait aucune ventilation par catégorie d'occupation.

Le bulletin d'avril-juin 1972 contient des notes explicatives et un glossaire des principaux termes utilisés dans le présent bulletin.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees within this category was 138.1 thousand as at December 31, 1972, a decrease of 2.1 thousand from the total as at September 30, 1972 and an increase of 3.4 thousand over the total for the comparable date in 1971.

Gross payroll for the quarter was \$335.8 million, a decrease of \$6.6 million from the total for the previous quarter. The greater portion of this decrease occurred within the proprietary corporation category.

PARTIE A

Corporations de mandataire, corporations de propriétaire
et autres organismes et corporations

Dans cette catégorie le nombre total d'employés au 31 décembre 1972, était de 138,100, soit une diminution de 2,100 par rapport au total arrêté au 30 septembre 1972 et accuse une augmentation de 3,400 par rapport au total de la même période en 1971.

La rémunération brute du trimestre était de 335.8 millions de dollars, soit 6.6 millions de moins que le trimestre précédent. La majeure partie de cette diminution eut lieu au sein des corporations de propriétaire.

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals. — À l'exclusion de certains employés des chemins de fer Nationaux du Canada et leurs rémunérations qui ne peuvent être séparés des autres totaux provinciaux.

PART B

Ministries of State, Departments and
Departmental Corporations

The total number of employees in this category was 274.9 thousand as at December 31, 1972, a decrease of 2.4 thousand from the total as at September 30, 1972. As noted in the introduction, this decrease was fairly general throughout the service.

Total payroll for the quarter amounted to \$636.0 million, an increase of \$89.9 million over the total for the previous quarter. This reflects the extra pay period occurring in December.

Compared to the quarter ended December 31, 1971, payrolls increased by \$88.3 million and the number of employees increased by 8.1 thousand.

(1) Excludes overtime and retroactive payments. — Non-compris le paiement d'heures supplémentaires et rappels.

PARTIE B

Départements d'État, ministères et
corporations de département

Cette catégorie comprenait un total de 274,900 employés au 31 décembre 1972, soit une diminution de 2,400 par rapport au total de la fin de septembre 1972. Comme déjà indiqué dans l'introduction cette diminution était plus ou moins générale pour l'ensemble de la Fonction publique.

La rémunération totale du trimestre atteignait 636.0 millions de dollars, soit une augmentation de 89.9 millions de dollars par rapport au total du trimestre précédent. Cette augmentation provient d'une période de paye supplémentaire durant le mois de décembre.

En comparaison avec le trimestre terminé le 31 décembre 1971, la rémunération a augmenté de 88.3 millions de dollars et le nombre d'employés a augmenté de 8,100.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ending March 31, 1973 and each of the months therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding the Canadian Forces and other specific employees (see footnotes on page 21), totalled 423.7 thousand as at March 31, 1973. This represented an increase of 10.6 thousand over the number employed as at December 31, 1972. The December to March increase was due in part to the employment, by the Department of National Revenue, of some 4.9 thousand casual employees to assist in the processing of the 1972 income tax returns. The balance of the increase reflects a rise in employment in most other departments offset to some extent by a decrease of 1.4 thousand in employment in federal government enterprises.

Total payroll for the quarter, as reported in this publication, was \$916.8 million, a decrease of \$55.1 million from the total for the previous quarter. This decrease was primarily due to an extra pay period occurring in December. Total payroll excludes, for ministries of state, departments and departmental corporations, overtime payments and salary increase payments for which analyses by occupational categories were not available.

For an explanation of the terms used in this publication refer to the April-June 1972 report.

Le présent bulletin contient des renseignements sur l'emploi et la rémunération dans l'administration et les entreprises publiques fédérales, pour le trimestre terminé le 31 mars 1973 et chacun des mois y inclus.

Statistique Canada n'a pas le droit de publier des données que l'on pourrait rapporter à des particuliers; il a fallu joindre les données de la catégorie de la direction à celles de la catégorie scientifique et professionnelle.

Le nombre d'employés dans l'administration fédérale y compris ceux des entreprises publiques mais à l'exclusion des membres des Forces canadiennes et de certaines autres catégories (voir page 21), était de 423,700 au 31 mars 1973, ce qui représente une augmentation de 10,600 par rapport au nombre d'employés au 31 décembre 1972. Cette augmentation était due en partie à l'emploi par le ministère du Revenu national de quelque 4,900 employés temporaires afin d'aider au dépouillement des déclarations d'impôts de 1972. Le reste de l'augmentation provient d'une augmentation de l'emploi dans la plupart des autres ministères compensés dans une certaine mesure par une diminution de 1,400 employés au sein des entreprises publiques fédérales.

Selon le présent bulletin, la rémunération totale du trimestre était de 916.8 millions de dollars, soit une diminution de 55.1 millions de dollars par rapport au total du trimestre précédent. Cette diminution est due à la période de paye supplémentaire durant le mois de décembre. Dans le cas des départements d'État, ministères et corporations de département, la rémunération totale ne comprend pas le paiement d'heures supplémentaires et les rappels pour lesquels il n'existait aucune ventilation par catégorie d'occupation.

Le bulletin d'avril-juin 1972 contient des notes explicatives et un glossaire des principaux termes utilisés dans le présent bulletin.

PART A

PARTIE A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees in this category was 136.7 thousand as at March 31, 1973, a decrease of 1.4 thousand from the total as at December 31, 1972 and an increase of 5.3 thousand over the total for the comparable date in 1972.

Gross payroll for the quarter was \$342.2 million, an increase of \$6.4 million over the total for the previous quarter. This increase was due primarily to an extra pay period occurring during the quarter.

Corporations de mandataire, corporations de propriétaire et
autres organismes et corporations

Dans cette catégorie le nombre total d'employés au 31 mars 1973, était de 136,700 soit une diminution de 1,400 par rapport au total arrêté au 31 décembre 1972 et accuse une augmentation de 5,300 par rapport au total de la même période en 1972.

La rémunération brute du trimestre était de 342.2 millions de dollars, soit 6.4 millions de plus que le trimestre précédent. La majeure partie de cette augmentation était due à la période de paye supplémentaire durant le trimestre.

(1) Excludes a number of Canadian National Railways employees and their salaries that are not separable from other provincial totals. — À l'exclusion de certains employés des chemins de fer Nationaux du Canada et leurs rémunérations qui ne peuvent être séparés des autres totaux provinciaux.

PART B

Ministries of State, Departments and
Departmental Corporations

The total number of employees in this category was 287.1 thousand as at March 31, 1973, an increase of 12.2 thousand over the total as at December 31, 1972. As noted in the introduction, this increase occurred in most departments with the Department of National Revenue having the greater portion.

Total payroll for the quarter amounted to \$574.6 million, a decrease of \$61.5 million from the total for the previous quarter. This reflects the extra pay period occurring in December.

Compared to the quarter ended March 31, 1972, payrolls increased by \$70.6 million and the number of employees increased by 13.5 thousand.

PARTIE B

Départements d'État, ministères et
corporations de département

Cette catégorie comprenait un total de 287,100 employés au 31 mars 1973, soit une augmentation de 12,200 par rapport au total de la fin de décembre 1972. Comme déjà indiqué dans l'introduction, cette augmentation était plus ou moins générale pour l'ensemble de la Fonction publique avec la plus grande proportion au sein du ministère du Revenu national.

La rémunération totale du trimestre atteignait 574.6 millions de dollars, soit une diminution de 61.5 millions de dollars par rapport au total du trimestre précédent. Cette diminution provient d'une période de paye supplémentaire durant le mois de décembre.

En comparaison avec le trimestre terminé le 31 mars 1972, la rémunération a augmenté de 70.6 millions de dollars et le nombre d'employés a augmenté de 13,500.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ended June 30, 1973, and each of the months therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding members of the Canadian Forces and other specific employees (see footnotes on pages 21), totalled 445.1 thousand as at June 30, 1973. This represented an increase of 21.4 thousand over the total as at March 31, 1973. The increase was primarily due to the hiring of students and other casual employees for seasonal employment.

Total payroll for the quarter, as reported in this publication, was \$1,036.5 million, an increase of \$119.7 million over the total for the previous quarter. This increase was due primarily to there being three pay periods in June for employees of ministries of state, departments and departmental corporations and to the increase in the number of employees. Total payroll excludes, for ministries of state, departments and departmental corporations, overtime payments and retroactive salary increase payments for which analyses by occupational categories were not available.

In the report for the October - December 1972 quarter, overtime payments (Table 9) for the Unemployment Insurance Commission were overstated for the month of November. The amount should have been \$847,156 and not \$2,227,647 as reported. All totals should be adjusted accordingly.

Explanatory comment and a glossary of the principal terms used may be found on page 22.

Le présent bulletin renseigne sur l'emploi et la rémunération dans l'administration et dans les entreprises publiques fédérales pour le trimestre terminé le 30 juin 1973 et pour chacun des mois du trimestre.

Statistique Canada n'a pas le droit de publier des données que l'on pourrait rapporter à des individus; il a donc fallu joindre les données de la catégorie de la direction à celles de la catégorie scientifique et professionnelle.

Les effectifs de l'administration fédérale, à l'inclusion des entreprises, mais à l'exclusion des membres des Forces canadiennes et de certaines autres catégories (voir page 21), étaient de 445,156 au 30 juin 1973, ce qui représente une augmentation nette de 21,410 depuis le 31 mars 1973. Cette augmentation résulte principalement de l'engagement saisonnier d'étudiants et d'autres employés temporaires.

Le total de la rémunération du trimestre avril - juin 1973 a été de 1,036.5 millions de dollars, ce qui représente une augmentation de 119.7 millions de dollars depuis le trimestre précédent. Cette augmentation résulte principalement du fait qu'il y a eu une période de paye supplémentaire en juin pour les employés des départements d'État, ministères et corporations de département et de l'augmentation du nombre des employés. Dans le cas des départements d'État, ministères et corporations de département, la rémunération totale ne comprend pas le paiement d'heures supplémentaires et les rappels pour lesquels il n'existait aucune ventilation par catégorie d'occupation.

Dans le rapport du trimestre octobre - décembre 1972, il y a eu une exagération des chiffres du paiement d'heures supplémentaires (Tableau 9) de la Commission d'assurance-chômage pour le mois de novembre. Le montant aurait dû être \$847,156, et non \$2,227,647 comme il a été indiqué. Tous les totaux doivent être rectifiés en conséquence.

On trouvera des notes explicatives et un glossaire des principaux termes utilisés à la page 22.

PART A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees in this category was 148.3 thousand as at June 30, 1973, an increase of 11.6 thousand over the total as at March 31, 1973, and an increase of 6.4 thousand over the comparable date in 1972.

Gross payroll for the quarter was \$345.8 million, an increase of \$3.6 million over the total for the previous quarter. This was due primarily to the increase in the number of employees.

PARTIE A

Corporations de mandataire, corporations de pro-
priétaire et autres organismes et corporations

Dans cette catégorie, l'effectif total était de 148,330 employés au 30 juin 1973, soit 11,639 de plus qu'au 31 mars 1973 et 6,391 de plus qu'au 30 juin 1972.

La rémunération brute du trimestre a atteint 345.8 millions de dollars, soit 3.6 millions de dollars de plus qu'au trimestre précédent. Elle était due principalement à l'augmentation du nombre des employés.

(1) Excludes a number of Canadian National Railway employees and their salaries that are not separable from other provincial totals. — À l'exclusion de certains employés des chemins de fer Nationaux du Canada et leurs rémunérations qui ne peuvent être séparés des autres totaux provinciaux.

PART B

Ministries of State, Departments and
Departmental Corporations

The total number of employees in this category was 296.8 thousand as at June 30, 1973, an increase of 9.8 thousand over the total as at March 31, 1973. As noted in the introduction, this increase was due primarily to the hiring of students and other casual employees for seasonal employment.

Total payroll for the quarter amounted to \$690.7 million, an increase of \$116.1 million over the total for the previous quarter. This reflects the extra pay period in June and the increased employment.

Compared to the quarter ended June 30, 1972, payrolls increased by \$92.1 million and the number of employees increased by 16.1 thousand.

PARTIE B

Départements d'État, ministères et
corporations de département

Cette catégorie comprenait 296,826 employés à la fin de juin 1973, ce qui représente une augmentation de 9,771 employés par rapport au total arrêté au 31 mars 1973. Cette augmentation était due principalement de l'engagement saisonnier d'étudiants et d'autres employés temporaires.

La rémunération totale du trimestre atteignait 690.7 millions de dollars, soit 116.1 millions de plus que le trimestre précédent. Cette augmentation résultait principalement d'une augmentation du nombre d'employés et du fait qu'il y a eu une période de paye supplémentaire en juin.

La rémunération a augmenté de 92.1 millions de dollars et les effectifs se sont accrus de 16,070 par rapport au trimestre terminé le 30 juin 1972.

PART C

Explanatory Notes

SECTION 1 - Introduction

History

Publication of statistics on Government of Canada employment and payrolls commenced with data for the fiscal year ended March 31, 1925. Over the years these statistics have been published under various titles and various periods of time. A summary follows:

1. Statistics of the Civil Service of Canada:
 - (a) Annual reports for the fiscal years ended March 31, 1925 to 1931.
 - (b) A combined report for the fiscal years ended March 31, 1932 to 1934.
 - (c) A combined report for the fiscal years ended March 31, 1935 and 1936.
 - (d) A combined report for the fiscal years ended March 31, 1937 to 1939.
2. Summary Statistics of the Civil Service of Canada:
 - (a) A combined report for the fiscal years ended March 31, 1940 to 1942.
 - (b) Annual reports for the fiscal years ended March 31, 1943 to 1948.
3. Summary Statistics, Federal Civil Service Employment and Payrolls:

Annual report for the fiscal year ended March 31, 1949.
4. Federal Civil Service Employment and Payrolls:

Annual reports for the fiscal years ended March 31, 1950 to 1952.
5. Government of Canada Employment and Payrolls:

Monthly reports from April 1952 to August 1953.
6. Federal Government Employment and Payrolls:

Monthly reports from September 1953 to March 31, 1954.
7. Federal Government Employment:
 - (a) Monthly reports from April 1954 to July 1967.
 - (b) Quarterly reports from September 1967 to current report (excluding the period April 1, 1969 to June 30, 1970 for which data were published in one report released January 1973).

Presentation

This report is composed of three parts. INTRODUCTION (Table 1) summarizes data on all persons employed by the Federal Government and its agencies. PART A (Table 2) presents employment data of agency and proprietary corporations and other agencies and corporations by province. A list of these appears on page 25. PART B consists of Tables 3 to 10 which present statistics relating to the Ministries of State, departments and departmental corporations listed in the Financial Administration Act plus "Parliament", that is, employees of Senate, House of Commons and Library of Parliament.

PARTIE C

Notes explicatives

Historique

La publication des statistiques sur l'emploi et la rémunération dans l'administration publique fédérale a débuté avec les données de l'exercice clos le 31 mars 1925. Depuis, cette statistique a été publiée sous divers titres et à différentes périodes. En voici le résumé:

1. Statistiques du service public du Canada:
 - (a) Rapports annuels pour les exercices clos le 31 mars, de 1925 à 1931.
 - (b) Rapport groupant les exercices clos le 31 mars, de 1932 à 1934.
 - (c) Rapport groupant les exercices clos le 31 mars, 1935 et 1936.
 - (d) Rapport groupant les exercices clos le 31 mars, de 1937 à 1939.
2. Résumé statistique du service public du Canada:
 - (a) Rapport groupant les exercices clos le 31 mars, de 1940 à 1942.
 - (b) Rapports annuels pour les exercices clos le 31 mars, de 1943 à 1948.
3. Résumé statistique de l'emploi et des traitements au service public.

Rapport annuel pour l'exercice clos le 31 mars 1949.
4. Emploi et traitements au service public fédéral:

Rapports annuels pour les exercices clos le 31 mars, de 1950 à 1952.
5. L'emploi et traitements dans l'administration publique fédérale:

Bulletins mensuels d'avril 1952 à août 1953.
6. L'emploi et traitements dans l'administration publique fédérale:

Bulletins mensuels de septembre 1953 au 31 mars 1954.
7. L'emploi dans l'administration publique fédérale:
 - (a) Bulletins mensuels d'avril 1954 à juillet 1967.
 - (b) Bulletins trimestriels de septembre 1967 jusqu'au présent rapport (non compris la période du 1^{er} avril 1969 au 30 juin 1970 pour laquelle les données furent publiées dans un seul rapport en janvier 1973).

Présentation

Le présent bulletin est divisé en trois parties. L'INTRODUCTION (Tableau 1) résume les données sur toutes les personnes employées par l'administration publique fédérale et ses organismes. La PARTIE A (Tableau 2) présente les données sur l'emploi dans les corporations de mandataire et de propriétaire et dans les autres organismes et corporations, par province. La liste de ces corporations figure à la page 25. La PARTIE B englobe les Tableaux 3 à 10 et contient la statistique se rapportant aux départements d'État, ministères et aux corporations de département figurant dans la Loi sur l'administration financière et se rapportant aussi au "Parlement", c'est-à-dire, aux employés du Sénat, de la Chambre des communes et de la Bibliothèque du Parlement.

Comparability with Former Survey

The statistical series produced on an annual basis for the years 1925 to 1952 were intended to include the number of permanent and temporary employees in the general government administrative services (this broadly speaking, included those coming under the Civil Service Act). In addition, the payroll of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups, there were substantial differences between departments in the types of employees and payroll included in the annual series.

The series commencing in April 1952 included employees not formerly in the publications as well as a number of government services not previously included, and consequently the statistics could not be compared with the former annual series.

Extent of Coverage

Includes:

Ministries of State, departments (including deputy ministers and ministers' staffs) and departmental corporations, agency corporations, proprietary corporations and other agencies and corporations. Members of Boards, Commissions and other government organizations, who serve on a full time basis with salaries fixed accordingly. Royal Canadian Mounted Police (uniformed and civilian members).

Excluded from the tables but "footnoted" are the:

Governor General and Lieutenant-Governors, Ministers of the Crown (including Parliamentary secretaries), Speakers of the Senate and House of Commons, Deputy Speaker of House of Commons, Judges.

The report does not include:

Member of Parliament and Senators, National Defence: Members of the Canadian Forces, International organizations, the expenses of which are shared by Canada, Employees of firms under contract to the Government of Canada, Officers of Boards, Commissions and other government organizations who are paid on a per diem basis or receive a nominal honorarium for their services, Opposition leaders of the Senate and House of Commons.

Comparability between Numbers and Earnings

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the payroll reported, the reason for this being that numbers relate to the employees on strength on the last day of the month wherever possible and otherwise in the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations, in numbers employed, occur during a month, it will be seen that a comparison between the payroll during the month and the number on strength at the end of the month would, in many cases, not be valid.

Comparabilité avec l'enquête antérieure

La série des statistiques annuelles de 1925 à 1952 devait inclure le nombre d'employés permanents et temporaires dans les services généraux de l'administration publique fédérale (ce qui correspond en gros aux fonctionnaires régis par la Loi sur le service civil). De plus, la rémunération de certaines classes d'employés appelées "non-enquêtées" figurait dans la publication. L'enquête n'englobait pas ces classes "non-enquêtées". La définition de ces classes variait considérablement d'un ministère à l'autre; il y avait donc des différences sensibles entre eux quant aux types d'employés et aux rémunérations pris en compte dans les séries annuelles.

La série qui a débuté en avril 1952 comportait des employés de même qu'un certain nombre de services de l'administration publique que les publications antérieures ne prenaient pas en compte; les statistiques ne pouvaient donc pas être comparées avec les séries annuelles antérieures.

L'univers

Comprend:

Départements d'Etat, ministères (y compris les sous-ministres et le Cabinet des ministres), les corporations de mandataire, les corporations de propriétaire et les autres organismes et corporations. Les membres des comités des commissions et des autres organismes administratifs rémunérés pour un travail à plein temps. La Gendarmerie royale du Canada (agents et personnel civil).

Sont exclus des tableaux mais contenus dans les notes:

Le gouverneur général et les lieutenants-gouverneurs. Les ministres de la Couronne (y compris les secrétaires parlementaires). La Président du Sénat et l'Orateur de la Chambre des communes. L'Orateur suppléant de la Chambre des communes. Les juges.

Le bulletin ne prend pas en compte:

Les députés et les sénateurs. Les membres des Forces canadiennes (Défense nationale). Les organismes internationaux auxquelles le Canada participe. Les employés d'entreprises sous contrat avec l'administration publique fédérale. Les dirigeants des comités, des commissions et d'autres organismes administratifs dont la rétribution consiste en indemnité journalière ou honoraires forfaitaires, Les chefs de l'opposition au Sénat et à la Chambre des communes.

Comparabilité entre le nombre d'employés et les gains

L'utilisateur de ces statistiques ne devra pas tirer de comparaison directe entre le nombre d'employés inscrits et la rémunération déclarée; en effet, le nombre d'employés correspond aux effectifs arrêtés si possible au dernier jour du mois, sinon, aux effets de la dernière période de rémunération du mois. Du fait que dans certaines catégories, et plus particulièrement en ce qui concerne l'emploi temporaire, il se produit d'importantes variations du nombre d'employés au cours du mois, il est facile de comprendre qu'une comparaison entre la rémunération au cours du mois et les effectifs arrêtés à la fin du mois n'aura dans de nombreux cas aucune valeur.

Users of these Statistics

Users of the statistics fall into four main categories. These are:

1. Those who wish to use summary data and identify government as an employer. In this category are included those persons who wish to relate the significance of government as an employer to business in general.
2. Persons interested in an analysis of the administrative structure of the Federal Government. These, in the main, include government departments themselves. The analysis of data as presented in Table 7 of the publication permits a comparison between the number of staff employed as reported in the publication and the number of positions established for each department of the government as published in the annual Estimates of Canada. This is, of course, mainly an administrative use which is of value to the Treasury Board and to the Public Service Commission as well as the various government departments. A further administrative use of the data is to determine the significance of the labour input factor through an analysis of wage costs as a proportion of total expenditures by vote.
3. Persons wishing to make a comparison between employment in the Federal Government and employment in the other levels of government, or between the Federal Government current data and prior data.
4. The final group of users are those who are interested in government as an employer in each of the principal industries. For this purpose the data must be analysed on a Standard Industrial Classification basis. This analysis, to date, has not been undertaken. The application of this analysis to the Federal Government and subsequently to the provincial and local governments would permit the assessment of the degree to which governments and their corporations have become significant employers in each industry.

Beside federal government officers, users include persons and firms undertaking labour research on behalf of industry, provincial and local governments, university research officers and private citizens. In addition, a substantial number of enquiries originate in the House of Commons and the press.

A description of the sources of data and the means by which the information is submitted and prepared for use, is contained in the following outline.

Utilisateurs des statistiques

Les quatre principales catégories d'utilisateurs sont les suivantes:

1. Ceux qui désirent utiliser le résumé des données en considérant l'administration publique comme un employeur. Cette catégorie comprend les personnes qui veulent établir le rapport entre l'administration publique en tant qu'employeur, et son importance envers le monde des affaires.
2. Les personnes intéressées par l'analyse de la structure administrative de l'administration publique fédérale. Il s'agit surtout des ministères fédéraux eux mêmes. L'analyse des données du Tableau 7 permet de comparer les effectifs du personnel, selon le présent bulletin, et le nombre de postes établis pour chaque ministère selon les prévisions budgétaires du Canada. Il va sans dire qu'il s'agit là d'une utilisation administrative valable pour le Conseil du Trésor et pour la Commission de la fonction publique de même que pour les divers ministères. Une autre utilisation administrative des données est de déterminer le facteur de l'utilisation de la main-d'oeuvre à l'aide d'une analyse du salaire coût (proportion par rapport aux dépenses totales par crédit).
3. Les personnes désireuses de comparer l'emploi dans l'administration publique fédérale et l'emploi aux autres niveaux d'administrations publiques ou désireuses de comparer les données actuelles de l'administration publique fédérale aux données antérieures.
4. Le dernier groupe d'utilisateurs comprend les personnes qui veulent connaître l'importance de l'administration publique comme employeur dans chacun des principaux groupes d'activité. À cette fin, les données doivent être analysées selon la Classification des activités économiques. Jusqu'à présent, une telle analyse n'a pas été faite. L'analyse de l'administration publique fédérale et par la suite des administrations provinciales et locales permettraient d'évaluer l'importance du rôle de l'administration publique et ses corporations dans chaque groupe d'activité.

Parmi les utilisateurs, on trouve non seulement des fonctionnaires fédéraux mais encore des personnes et des entreprises qui entreprennent des recherches sur la main-d'oeuvre pour le compte de l'industrie, des administrations publiques provinciales et locales; on trouve également des chercheurs universitaires et des particuliers. De plus, une partie importante de la demande d'information provient de la Chambre des communes et de la presse.

Le texte ci-dessous décrit les sources des données et indique comment les renseignements sont obtenus et traités en vue de leur utilisation.

Description of the Tables — SECTION 2 — Description des tableaux

Introduction — Total Federal Government Employment and Payroll (Table 1)

This table provides data with respect to employees, employed in the following types of organization:

- A. Agency corporations, proprietary corporations and other agencies and corporations:
 - (a) agency corporations,
 - (b) proprietary corporations,
 - (c) other agencies and corporations.
- B. Ministries of State, departments and departmental corporations:
 - (a) Ministries of State and departments,
 - (b) departmental corporations.

Organizations of the first three types report gross payroll (all monies paid to the employees covered), while those in the latter two report overtime payments, retroactive payments and regular payroll separately.

Part A — Agency Corporations, Proprietary Corporations and Other Agencies and Corporations (Table 2)

The agency corporations and proprietary corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 34 of this report provides definitions of these two types of corporation. The "Other Agencies and Corporations" though not listed in the Financial Administration Act are, nevertheless, organizations of the Crown.

Statistics for these organizations are collected in two ways: (1) directly from the corporation or agency; (2) through the Labour Division (Employment Section) of Statistics Canada. The statistics reported do not permit a presentation by occupational category therefore, composite data are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross payroll is reported and accordingly includes overtime payments, retroactive salary payments and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.
Canadian Arsenals Ltd.
Canadian Dairy Commission
Canadian Film Development Corporation

Canadian Livestock Feed Board
Canadian Saltfish Corporation
Company of Young Canadians
Crown Assets Disposal Corporation

Defence Construction (1951) Ltd.
National Battlefields Commission

National Capital Commission
National Harbours Board
Northern Canada Power Commission
Royal Canadian Mint

Proprietary Corporations

Air Canada
Canada Deposit Insurance Corporation
Canadian Broadcasting Corporation

Introduction — Total de l'emploi et de la rémunération dans l'administration publique fédérale (Tableau 1)

Le tableau fournit des données sur les employés des types suivants:

- A. Corporations de mandataire, corporations de propriétaire et autres organismes et corporations:
 - (a) corporations de mandataire,
 - (b) corporations de propriétaire,
 - (c) autres organismes et corporations.
- B. Départements d'État, Ministères et corporations de département:
 - (a) Départements d'État et ministères,
 - (b) corporations de département.

Les trois premières catégories d'organismes déclarent la rémunération brute (total des sommes versées à leurs employés), et les deux derniers groupes d'organismes déclarent le paiement d'heures supplémentaires, les rappels et la rémunération ordinaire séparément.

Partie A — Corporations de mandataire, corporations de propriétaire et autres organismes et corporations (Tableau 2)

Les annexes C et D de la Loi sur l'administration financière contiennent respectivement les listes des corporations de mandataire et des corporations de propriétaire. La page 34 du présent bulletin définit ces deux genres de corporation. Les "autres organismes et corporations" bien que non inscrits dans la Loi sur l'administration financière; il n'en constituent pas moins des organismes de l'État.

On recueille les statistiques de ces organismes de deux manières: (1) directement auprès des corporations ou des organismes; (2) par l'intermédiaire de la Division du travail (Section de l'emploi) de Statistique Canada. Comme les statistiques fournies ne permettent pas une présentation par catégorie d'occupation, on publie des renseignements globaux. Dans la majorité des cas, les employés inscrits représentent les effectifs au cours de la dernière période de paie du mois. On prend en compte la rémunération brute, ce qui comprend le paiement d'heures supplémentaires, les rappels et les autres genres de paiements spéciaux en plus de la rémunération ordinaire. Les organismes du Tableau 2 relèvent des groupes suivants:

Corporations de mandataire

Énergie atomique du Canada, Limitée
Les Arsenaux canadiens Limitée
Commission canadienne du lait
Société de développement de l'industrie cinématographique canadienne

Office canadien des provenances
Office canadien du poisson salé
Compagnie des jeunes Canadiens
Corporation de disposition des biens de la Couronne

Construction de défense (1951) Limitée
Commission des champs de bataille nationaux

Commission de la capitale nationale
Conseil des ports nationaux
Commission d'énergie du Nord Canadien
Monnaie royale canadienne

Corporations de propriétaire

Air Canada
Société d'assurance-dépôts du Canada
Société Radio-Canada

Canadian National Railways
Canadian Overseas Telecommunications Corporation

Cape Breton Development Corporation
Central Mortgage and Housing Corporation
Eldorado Aviation Limited
Eldorado Nuclear Limited
Export Development Corporation

Farm Credit Corporation
Freshwater Fish Marketing Corporation
Northern Transportation Company Limited
Polysar Limited

Polysar Plastics Limited
The St. Lawrence Seaway Authority
The Seaway International Bridge Corporation, Limited

Other Agencies and Corporations

Bank of Canada
Canada Council
Canadian Government Elevators
Canadian Wheat Board
Industrial Development Bank
National Arts Centre Corporation
Office of the Custodian

Part B - Ministries of State, Departments and Departmental Corporations (Tables 3 to 9)

Ministries of State and departments and departmental corporations are as listed in the Financial Administration Act under Schedules A and B respectively. The Glossary on page 34 of this report provides definitions of these two types of organization. Ministries of State and the departments and their components, including departmental corporations, to which the data in this publication pertains, are as follows:

Agriculture:
Department
Agricultural Stabilization Board (departmental corporation)
Canadian Grain Commission

Communications:
Department
Canadian Radio-Television Commission

Consumer and Corporate Affairs:
Department

Energy, Mines and Resources:
Department
Atomic Energy Control Board (departmental corporation)
National Energy Board

Environment:
Department
Fisheries Prices Support Board (departmental corporation)

External Affairs:
Department
Canadian International Development Agency
International Joint Commission

Finance:
Department
Auditor General
Insurance
Tariff Board

Governor General, Office of the

Indian Affairs and Northern Development:
Department

Chemins de fer Nationaux du Canada
Société canadienne des télécommunications transmarines

Société de développement du Cap-Breton
Société centrale d'hypothèques et de logement
Eldorado Aviation, Limitée
Eldorado Nucléaire, Limitée
Société pour l'expansion des exportations

Société du crédit agricole
Office de commercialisation du poisson d'eau douce
Société des transports du Nord Limitée
Polysar, Limitée

Polysar Plastics, Limited
Administration de la Voie maritime du Saint-Laurent
The Seaway International Bridge Corporation, Limited.

Autres organismes et corporations

Banque du Canada
Conseil des arts du Canada
Élévateurs du gouvernement canadien
Commission canadienne du blé
Banque d'expansion industrielle
Corporation du Centre national des arts
Bureau du séquestre

Partie B - Départements d'État, ministères et corporations de département (Tableaux 3 à 9)

Les annexes A et B de la Loi sur l'administration financière contiennent respectivement les listes des départements d'État des ministères et des corporations de département. La page 34 du présent bulletin définit ces deux genres d'organismes. Voici la liste des départements d'État, ministères et de leurs éléments, y compris les corporations de département auxquelles se rapportent les données du présent bulletin.

Agriculture:
Ministère
Office de stabilisation des prix agricoles (corporation de département)
Commission canadienne des grains

Communications:
Ministère
Conseil de la radio-télévision canadienne

Consommation et Corporations:
Ministère

Énergie, Mines et Ressources:
Ministère
Commission de contrôle de l'énergie atomique (corporation de département)
Office national de l'énergie

Environnement:
Ministère
Office des prix des produits de la pêche (corporation de département)

Affaires extérieures:
Ministère
Agence canadienne de développement international
Commission mixte internationale

Finances:
Ministère
Auditeur général
Assurances
Commission du tarif

Gouverneur général, bureau du

Affaires indiennes et Nord canadien:

Canadian Transport Commission

Transports:

Ministère
Commission canadienne des transports

Treasury Board:
Department
National Research Council (departmental corporation)

Urban Affairs:
Ministry of State

Veteran Affairs:
Department
Veterans' Land Administration (departmental corporation)

The basic data are recorded in two ways:

1. By employee: Individual position records are maintained for the majority of positions in the departments and departmental corporations of the Government of Canada. The position record cards contain data on the occupants of these positions. The records are amended monthly based on documents received authorizing changes concerning positions and/or their occupants, thus permitting a count of persons employed on the last day of the month. Because of the time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes in the appropriate month. The number of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular payrolls, being based on the annual salary rates of employees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries during the month. As a result of the introduction, within the public service, of the bi-weekly pay as of April 1, 1969, three pays will be reported in the statistics for the month of January and July each year. These factors do not seriously effect the validity of the statistics.

2. By group of employees: Statistics with respect to employees occupying positions for which no individual records are maintained, are collected by means of reports providing: the staff strength at the end of the month, regular payrolls for the month (including amounts paid to those off-strength at the end of the month) retroactive salary payments and overtime payments. The following report in this manner:

Atomic Energy Control Board
National Defence (civilian employees)
Economic Council of Canada
National Film Board
National Research Council
Post Office (part-time employees)
Royal Canadian Mounted Police (members of the force)
Representation Commissioner, Office of the

"Locally-engaged" employees in foreign countries are reported by the employing department.

Classification by Function

The statistics of Ministries of State, departments and departmental corporations are classified in Tables 5 and 6 by function. The classification by function portrays employment and payrolls as they relate to particular services provided by the federal government. It also provides the salary component of the cost of services provided by the federal government. Employment statistics presented on this basis have been classified in accordance with concepts evolved by the Public Finance Division of Statistics Canada for the presentation of financial statistics.

Conseil du Trésor:
Ministère
Conseil national de recherche du Canada (corporation de département)

Affaires urbaines:
Département d'État

Affaires des anciens combattants:
Ministère
Office de l'établissement agricole des anciens combattants (corporation de département)

Les données fondamentales sont enregistrées de deux manières:

1. Par employé: Les ministères et corporations de département de l'administration publique fédérale conservent pour la majorité des postes des fiches pour chaque poste individuel. La fiche du poste renferme des données sur son titulaire. Chaque mois, les fiches sont mises à jour à l'aide des renseignements reçus relatifs à certains changements concernant les postes et (ou) leur titulaire, ce qui permet de compter les personnes employées le dernier jour du mois. Du fait qu'il se produit des délais dans l'acheminement normal des changements concernant les postes et le personnel, il n'est pas toujours possible d'inclure toutes les modifications le même mois. Par conséquent, le nombre d'employés pour un mois donné ne représentera pas toujours l'effectif exact arrêté à la fin du mois. La rémunération ordinaire est basée sur le salaire annuel des effectifs arrêtés à la fin du mois; elle pourra donc différer des salaires effectivement payés au cours du mois. Par suite de l'introduction dans la fonction publique de la rémunération toutes les deux semaines à partir du 1^{er} avril 1969, les statistiques du mois de janvier et juillet chaque année comprendront trois paies. Ces facteurs n'ont que peu d'effets sur la valeur des statistiques.

2. Par groupe d'employés: Les statistiques sur les employés occupant des postes pour lesquels il n'existe aucun dossier individuel sont réunies à l'aide de déclarations portant sur le nombre de personnes à la fin du mois, la rémunération ordinaire pour le mois, (y compris les montants versés aux personnes ne faisant pas partie des effectifs à la fin du mois) les rappels et le paiement d'heures supplémentaires. Les corporations ci-dessous produisent ce genre de déclaration:

Commission de contrôle de l'énergie atomique
Défense nationale (personnel civil)
Conseil économique du Canada
Office national du film
Conseil national de recherches
Postes (employés à mi-temps)
Gendarmerie royale du Canada (agents)

Commissaires à la représentation, bureau du

Les employés "recrutés localement" dans des pays étrangers sont déclarés par le ministère employeur.

Classification par fonction

Les Tableaux 5 et 6 contiennent la statistique des départements d'État, ministères et des corporations de département selon la fonction. La classification par fonction représente l'emploi et la rémunération et leur rapport avec certains services assurés par l'administration publique fédérale. Elle indique également quel est l'élément rémunération du coût des services dispensés par l'administration publique fédérale. Présentée de cette manière, la statistique de l'emploi a été agencée selon les concepts mis au point par la division des finances publiques de Statistique Canada pour la présentation de la statistique financière.

The classification by function provides a means of studying the operations of governments without the complications arising from differences in administrative establishments in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment of the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparison between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. (See Federal Government Finance, Cat. No. 68-211).

The following indicates the function and sub-function in which the data, concerning the Ministries of State, departments and departmental corporations, are included:

General government

Executive and legislative
Governor General, Office of the
Parliament
The Senate
House of Commons
Library of Parliament
Privy Council
Privy Council Office Program
Constitutional Conference Secretariat Program

Chief Electoral Officer, Office of the
Secretary of State, Department of
Representation Commissioner,

Statistics Canada
Statistics Canada Revolving Fund

La classification selon la fonction permet d'étudier le fonctionnement des administrations publiques sans les complications occasionnées par les divergences entre les établissements administratifs de chaque administration et entre les administrations publiques. Cette analyse est utile à trois égards. Elle permet d'abord de faire une étude détaillée de l'emploi dans l'administration publique fédérale selon les principaux buts ou fonctions. Vu que ces fonctions ne subissent pas l'influence des changements qui modifient périodiquement les structures administratives de l'État; il est donc possible de mettre au point des séries statistiques qui, à quelques exceptions près, demeureront uniformes pendant longtemps. En deuxième lieu, puisqu'il n'y a plus de différences entre les établissements administratifs, il est possible d'établir des comparaisons valables entre les sommes consacrées à l'emploi par l'administration publique fédérale et les dépenses semblables aux autres niveaux d'administrations. Troisièmement, il devient possible d'analyser la relation entre les sommes consacrées à l'emploi et les dépenses totales de chaque fonction. (Voir Finances de l'administration publique fédérale n° 68-211 au catalogue).

Voici les fonctions et sous-fonctions qui regroupent les données sur les départements d'État, ministères et les corporations de département:

GLOSSARY OF PRINCIPAL TERMS USED

1. Ministries of State and departments are the named divisions of the Government of Canada as listed in Schedule A of the Financial Administration Act.
2. Crown corporation: A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
3. Departmental corporation: A Crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature. These are listed in Schedule B of the Financial Administration Act.
4. Agency Corporation: A Crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management or procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary corporation: A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of, or dealing in, goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
6. Other agencies and corporations: These are organizations which are not listed in the Financial Administration Act as departments, agency or proprietary Crown corporations but are, nevertheless, organizations of the Federal Government. Because of their nature, they have been classed with agency and proprietary Crown corporations.
7. Executive Category: is composed of occupational groups engaged in the development of government policy, the direction of government programmes and related functions in which there is a requirement for exceptional ability in utilizing resources or in initiating or modifying administrative functions.
8. Scientific and Professional Category: is composed of occupational groups engaged in the application of a comprehensive body of knowledge acquired through university graduation in fields specified in group definitions, and of professional groups in which membership in Canada is generally controlled by legally established licensing bodies. Some fields included within this occupational category are: auditing, biological sciences, dentistry, economics, sociology and statistics, engineering and land survey.
9. Administrative and Foreign Service Category: is composed of occupational groups engaged in the planning, execution, conduct and control of programmes serving the public interest, the political and economic relations between Canada and other countries, and the requirements of internal management in the Public Service of Canada.
10. Technical Category: is composed of occupational groups engaged in the conduct of analytical, experimental and investigative duties in the natural, physical, and social sciences, and the preparation, inspection and measurement of biological, chemical, and physical substances and materials, and the design, construction, inspection, operation and maintenance of complex equipment, systems and process, and the performance of similar technical duties.

GLOSSAIRE DES PRINCIPAUX TERMES UTILISÉS

1. Départements d'État et ministères, ce sont les principales divisions de l'administration publique fédérale figurant à l'annexe A de la Loi sur l'administration financière.
2. Corporation de la Couronne: corporation qui, en dernier lieu, doit rendre compte au Parlement, par l'intermédiaire d'un ministre, de la conduite de ses affaires, et comprend les corporations mentionnées dans la Loi sur l'administration financière: annexe B, corporations de département; annexe C, corporations de mandataire et annexe D, corporations de propriétaire.
3. Corporation de département: corporation de la Couronne qui est préposée ou mandataire de Sa Majesté du chef du Canada et est chargée de service d'administration, de surveillance ou de réglementation d'un caractère gouvernemental. L'annexe B de la Loi sur l'administration financière contient la liste de ces corporations.
4. Corporation de mandataire: corporation de la Couronne qui est mandataire de Sa Majesté du chef du Canada et est responsable de la conduite d'opérations de commerce ou de services sur une base quasi commerciale, ou de la conduite d'activités en matière d'obtention, de construction ou de disposition pour le compte de Sa Majesté du chef du Canada.
5. Corporation de propriétaire: corporation de la Couronne qui 1^o est responsable de la conduite d'opérations de prêt ou financières, ou de la conduite d'opérations commerciales et industrielles comportant la production ou le commerce de marchandises et la fourniture de services au public, et 2^o est ordinairement tenue de conduire ses opérations sans crédits budgétaires du Trésor fédéral.
6. Autres organismes et corporations: groupements non inscrits dans la Loi sur l'administration financière à titre de corporations de département, de mandataire ou de propriétaire mais qui constituent néanmoins des organismes de l'administration publique fédérale. Ont été classés avec les corporations de la Couronne (de mandataire et de propriétaire) en raison de leur nature.
7. La catégorie de la direction: se compose des groupes d'occupation qui élaborent les politiques administratives, dirigent les programmes administratifs et remplissent des fonctions connexes exigeant des aptitudes supérieures pour l'utilisation des ressources ou l'institution ou la modification de fonctions administratives.
8. La catégorie scientifique et professionnelle: se compose des groupes d'occupation qui appliquent de vastes connaissances acquises à l'université dans les domaines spécifiés dans les définitions du groupe, et des groupes de professions dont l'exercice au Canada est généralement autorisé et réglementé par des organismes légalement constitués. Au nombre des catégories d'occupation nous retrouvons la vérification, les sciences biologiques, l'art dentaire, l'économie, la sociologie et la statistique, le génie et l'arpentage.
9. La catégorie administrative et du service extérieur: se compose des groupes d'occupation qui préparent, exécutent, dirigent et surveillent des programmes à l'intention du public ou intéressant les relations politiques et économiques du Canada avec les autres pays, et répondent aux besoins de la gestion interne dans la fonction publique du Canada.
10. La catégorie technique: se compose des groupes d'occupation qui effectuent des analyses, expériences et enquêtes dans les sciences naturelles, physiques et sociales, ainsi que la préparation, l'inspection, et la mesure des substances et des matières biologiques chimiques et physiques et la création, la construction, l'inspection, le fonctionnement et l'entretien d'appareils, de systèmes et de mécanismes complexes et l'exécution de tâches techniques similaires.

11. Administrative Support Category: is composed of occupational groups engaged in the preparation, transcribing, transmitting, systematizing and maintenance of records, reports and communications of manual processes, or by operating various machines and equipment, as in the direct application of rules and regulations.
12. Operational Category: is composed of occupational groups engaged in the performance of a craft or of unskilled work in the fabrication, maintenance and repair activities, in the operation of machines, equipment and vehicles, and in the provision of postal, protective, correctional, personal or domestic services.
13. Casuals and Others Category:
 - (a) Casuals are:
 - (i) Individuals employed on a casual basis or for a temporary period not exceeding six months
 - (ii) Individuals employed for a specified term of more than six months.
 - (b) Others are:

Regular employees of a department or a departmental corporation for whom no occupational breakdown is available to our main source of information, Central Personnel Records Division, Department of Supply and Services.
14. Regular payroll: The basic wage and salary payments made to employees during a specified period of time, excluding overtime, retroactive salary payments and special payments.
15. Gross payroll: For agency corporations, proprietary corporations and other agencies and corporations gross payroll includes, in addition to regular pay, overtime payments, retroactive salary payments and special payments.
16. Retroactive payments: Payments covering adjustments applicable to prior months resulting from salary increases. Data are included in the month which payment is made.
17. Overtime payments: Payments for work done beyond the normal working hours. Data are included in the month during which the payments are made even though the payments may pertain to overtime worked during previous months.
18. Classification by function: The function indicates the service provided by Government. Its purpose is to afford comparability of data over a number of years and with other levels of government without the complicating factor of periodic structural changes of departments and the differences of structures of other levels of government. For further details, see page 28.
19. Hiring: The initial appointment of a person to the reporting department whether as a new employee in the Government Service or by transfer from another department. Movements within a department are not considered as hirings.
20. Separation: The termination of service of an employee in the reporting department by leaving the Government Service or by transfer to another department. Movements within a department are not considered as separations.
21. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each department during the quarter.
22. Monthly average (as it pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.
11. La catégorie du soutien administratif: se compose de groupes d'occupation chargés de préparer, transcrire, transmettre, organiser et tenir des documents, des rapports et des communications au moyen de procédés manuels, ou par l'installation de diverses machines et appareils, ou d'appliquer formellement les règles et règlements.
12. La catégorie exploitation: se compose des groupes d'occupation qui exercent un métier ou exécutent un travail non spécialisé ayant rapport aux travaux de fabrication, d'entretien et de réparation qu'exigent le fonctionnement de machines, d'appareils et de véhicules, ainsi que les services postaux, de protection, correctionnels, personnels ou domestiques.
13. La catégorie des employés temporaires et autres:
 - (a) les temporaires sont:
 - (i) Des personnes employées à titre temporaire ou pour une période ne dépassant pas six mois
 - (ii) Des personnes employées pour une période déterminée de plus de six mois.
 - (b) les autres sont:

Des employés permanents d'un ministère ou d'une corporation de département pour lesquels notre principale source d'information, donc la Division Centrale de Renseignements sur le Personnel n'a pas réussi à obtenir les détails par groupes d'occupation.
14. Rémunération ordinaire: salaires et traitements de base versées à des employés au cours d'une période déterminée, non-compris le paiement d'heures supplémentaires, les rappels et les paiements spéciaux.
15. Rémunération brute: dans le cas des corporations de mandataire, des corporations de propriétaire et des autres organismes et corporation, la rémunération brute comprend les paiements d'heures supplémentaires, les rappels et les paiements spéciaux en plus de la rémunération ordinaire.
16. Rappels: paiements d'arrérages résultant d'augmentation de traitement avec effet rétroactif. Les données sont prises en compte le mois où le paiement est effectué.
17. Paiement d'heures supplémentaires: paiements pour travail accompli au-delà de la durée légale des heures normales de travail. Les données sont comprises dans le mois où les paiements sont effectués même s'il s'agit d'heures supplémentaires travaillées les mois précédents.
18. Classification selon la fonction: la fonction indique le service dispensé par l'administration publique. Elle doit permettre la comparaison des données pour un certain nombre d'années ainsi qu'avec les autres niveaux d'administrations publiques sans que l'on ait à se préoccuper des modifications administratives périodiques ni des différences d'organisation aux autres niveaux d'administrations. Voir détails à la page 28.
19. Recrutement: nomination initiale d'une personne à un emploi auprès d'un "ministère" déclarant, qu'il s'agisse d'un nouveau-venu ou d'une mutation. Un déplacement à l'intérieur d'un ministère n'est pas considéré comme un recrutement.
20. Départ: cessation du service d'un employé au "ministère" déclarant par suite d'un départ ou d'une mutation. Un déplacement à l'intérieur d'un ministère n'est pas considéré comme départ.
21. Emploi moyen: dans le cas du tableau sur le recrutement et les départs, il représente la moyenne mensuelle du nombre d'employés dans chaque "ministère" durant le trimestre.
22. Moyenne mensuelle (dans le cas du recrutement et des départs): représente la moyenne arithmétique, c.-à-d. le tiers du recrutement et des départs réels du trimestre.

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ending September 30, 1973 and each of the months therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government including enterprises but excluding members of the Canadian Forces and other specific employees (see footnotes on page 21), totalled 431.5 thousand as at September 30, 1973, representing a decrease of 13.6 thousand over the total as at June 30, 1973. This decrease in Parts - A and B of Table 1 was due to the following reasons: the number of employees in agency corporations decreased by 0.9 thousand, mainly due to the ending of summer employment. The number of employees in proprietary corporations dropped sharply during July and August and was caused by the C.N.R. employees strike. While they increased again in September, the number on strength at the month end was less than that at the end of June by 5.1 thousand due to terminating of summer employment. During July and August ministries of state and departments showed an increase which was due to continuing summer employment. Compared to the end of the previous quarter, the number of employees of ministries of state and departments at the end of September had decreased by 5.7 thousand and that of departmental corporations by 2.0 thousand, due to the ending of summer seasonal employment.

Total payroll for the quarter ending September 30, 1973, was \$955.0 million, a decrease of \$81.4 million from the total of the previous quarter. This decrease was due to terminating of summer employment and the fact that the June quarter included an additional pay period.

For an explanation of the terms used in this publication refer to the April-June 1973 report.

Le présent bulletin contient des renseignements sur l'emploi et la rémunération dans l'administration et les entreprises publiques fédérales, pour le trimestre terminé le 30 septembre 1973 et chacun des mois y inclus.

Statistique Canada n'a pas le droit de publier des données que l'on pourrait rapporter à des particuliers; il a fallu joindre les données de la catégorie de la direction à celles de la catégorie scientifique et professionnelle.

Le nombre des employés dans l'administration fédérale, y compris ceux des entreprises publiques mais à l'exclusion des membres des Forces canadiennes (voir renvois à la page 21), était de 431,500 au 30 septembre 1973, ce qui représente une diminution de 13,600 par rapport au nombre d'employés au 30 juin 1973. Cette diminution dans les parties A et B du tableau 1 résulte des causes suivantes: le nombre d'employés des corporations de mandataire diminue de 900 et résulte principalement de la terminaison de l'emploi saisonnier d'été. La baisse marquée du nombre d'employés des corporations de propriétaire durant juillet et août fut causée par la grève des employés des chemins de fer nationaux du Canada. Alors que le nombre augmenta à nouveau en septembre, les effectifs en fin de mois ont diminué de 5,100 par rapport à la fin de juin et cette diminution est due à la terminaison de l'emploi d'été. Durant les mois de juillet et août les départements d'État et ministères accusent une augmentation qui résulte de l'engagement d'employés saisonniers d'été. Comparé au trimestre précédent, le nombre d'employés des départements d'État et ministères diminue de 5,700 en septembre et ceux des corporations de département de 2,000 et les deux résultent de la terminaison de l'emploi saisonnier d'été.

La rémunération totale pour le trimestre terminé le 30 septembre 1973, était de 955.0 millions de dollars, soit une diminution de 81.4 millions de dollars par rapport au total du trimestre précédent. Cette diminution est due à la terminaison de l'emploi saisonnier d'été et du fait que le trimestre de juin comprend une période de paye supplémentaire.

Le bulletin d'avril-juin 1973 contient des notes explicatives et un glossaire des principaux termes utilisés dans le présent bulletin.

PART A

PARTIE A

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees in this category was 142.4 thousand as at September 30, 1973, a decrease of 5.9 thousand from the total as at June 30, 1973, and an increase of 2.2 thousand over the total in September 1972. As noted in the introduction, the decrease in September 1973 was due to the cessation of summer employment.

Gross payroll for the quarter was \$323.6 million, a decrease of \$22.2 million from the previous quarter. This decrease was due mainly to terminating of summer employment and to the fact that the June quarter included an additional pay period.

Corporations de mandataire, corporations de propriétaire et autres organismes et corporations

Dans cette catégorie, le nombre total d'employés au 30 septembre 1973, était de 142,400, soit une diminution de 5,900 par rapport au total arrêté au 30 juin 1973, et accuse une augmentation de 2,200 par rapport au total de septembre 1972. Comme déjà indiqué dans l'introduction cette diminution en septembre 1973, résulte principalement de la terminaison de l'emploi d'été.

La rémunération brute du trimestre était de 323.6 millions de dollars, soit une diminution de 22.2 millions de dollars par rapport au trimestre précédent. Cette diminution provient principalement de la terminaison de l'emploi saisonnier d'été et du fait qu'il y a eu une période de paye supplémentaire en juin.

PART B

Ministries of State, Departments and
Departmental Corporations

The total number of employees in this category was 289.1 thousand as at September 30, 1973, a decrease of 7.7 thousand from the total as at June 30, 1973. As noted in the introduction this decrease was due primarily to the termination of summer seasonal employment.

Total payroll for the quarter amounted to \$631.4 million, a decrease of \$59.3 million from the previous quarter. This decrease was due mainly to terminating of summer employment and the fact that the June quarter included an additional pay period.

Compared to the quarter ended September 30, 1972, the number of employees increased by 11.8 thousand or 4.1%, and total payroll increased by \$85.3 million or 13.5%.

PARTIE B

Départements d'État, ministères et
corporations de département

Cette catégorie comprenait un total de 289,100 employés au 30 septembre 1973, soit une diminution de 7,700 par rapport au total arrêté au 30 juin 1973. Comme déjà indiqué dans l'introduction cette diminution résulte principalement de la terminaison de l'emploi saisonnier d'été.

La rémunération totale du trimestre atteignait 631.4 millions de dollars, soit une diminution de 59.3 millions de dollars par rapport au trimestre précédent. Cette diminution provient principalement de la terminaison de l'emploi saisonnier d'été et du fait qu'il y a eu une période de paye supplémentaire en juin.

En comparaison avec le trimestre terminé le 30 septembre 1972, le nombre d'employés a augmenté de 11,800 (4.1 %), et rémunération totale a augmenté de 85.3 millions de dollars (13.5 %).

FOOTNOTES

Table 5

(1) Excludes the following:	
(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	468
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	49

Table 6

(1) Excludes the following:	
(a) Payments to the members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	\$ 57,666
Judges	2,976,000
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	136,998

Table 7

(1) Includes Canadian civilian staffs of:	
(a) "North Atlantic Treaty Organization", and	
(b) "International Commission for Supervision and Control in Indo-China".	
(2) Excludes the following:	
(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	468
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	49

Table 8

(1) Includes payments to Canadian civilian staffs of:	
(a) "North Atlantic Treaty Organization", and	
(b) "International Commission for Supervision and Control in Indo-China".	
(2) Excludes the following:	
(a) Payments to members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	\$ 57,666
Judges	2,976,000
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries (This represents indemnities, other than those paid as Members of Parliament and the Senate)	136,998

RENVOIS

Tableau 5

(1) Exclut:	
(a) Les membres des Forces canadiennes.	
(b) Les députés et les sénateurs.	
(c) Le gouverneur général et les lieutenants-gouverneurs	11
Les juges	468
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre, le ministre de la Couronne et les secrétaires parlementaires	49

Tableau 6

(1) Exclut:	
(a) La rémunération des membres des Forces canadiennes.	
(b) La rémunération des députés et sénateurs.	
(c) Le gouverneur général et les lieutenants-gouverneurs	\$ 57,666
Les juges	2,976,000
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre, les ministres de la Couronne et les secrétaires parlementaires	136,998

Tableau 7

(1) Comprend le personnel civil canadien de:	
(a) "L'Organisation du Traité de l'Atlantique Nord", et de	
(b) "La commission internationale de surveillance et de contrôle en Indochine".	
(2) Exclut:	
(a) Les membres des Forces canadiennes.	
(b) Les députés et les sénateurs.	
(c) Le gouverneur général et les lieutenants-gouverneurs	11
Les juges	468
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre des communes, les ministres de la Couronne et les secrétaires parlementaires	49

Tableau 8

(1) Comprend la rémunération du personnel civil canadien de:	
(a) "L'Organisation du Traité de l'Atlantique Nord" et de	
(b) "La commission internationale de surveillance et de contrôle en Indochine".	
(2) Exclut:	
(a) La rémunération des membres des Forces canadiennes.	
(b) La rémunération des députés et sénateurs.	
(c) Le gouverneur général et lieutenants-gouverneurs	\$ 57,666
Les juges	2,976,000
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre des communes, les ministres de la Couronne et les secrétaires parlementaires (ceci représente des compensations autres que celles versées au titre des membres de la Chambre des communes et du Sénat)	136,998

INTRODUCTION

This publication presents information with respect to employment in and payrolls of the federal government and federal government enterprises, for the quarter ended December 31, 1973, and each of the months therein.

Statistics Canada being precluded from publishing data which might permit the identification of individuals, it has been necessary to combine data in respect of the executive category with those in respect of the scientific and professional category.

Employment in the federal government, including enterprises but excluding members of the Canadian Forces and other specific employees (see footnotes on page 21), totalled 433.7 thousand as at December 31, 1973. This represented an increase of 2.2 thousand over the total as at September 30, 1973.

Total payroll for the quarter, as reported in this publication, was \$1,104.8 million, an increase of \$149.8 million over the total for the previous quarter. This increase was due primarily to there being an extra pay period in November for employees of ministries of state, departments and departmental corporations and to the increase in the number of employees. Total payroll excludes, for ministries of state, departments and departmental corporations, overtime payments and retroactive salary increase payments for which analyses by occupational categories were not available.

For an explanation of the terms used in this publication refer to the April-June 1973 report.

Le présent bulletin renseigne sur l'emploi et la rémunération dans l'administration et dans les entreprises publiques fédérales pour le trimestre terminé le 31 décembre 1973 et pour chacun des mois du trimestre.

Statistique Canada n'a pas le droit de publier des données que l'on pourrait rapporter à des individus; il a donc fallu joindre les données de la catégorie de la direction à celles de la catégorie scientifique et professionnelle.

Les effectifs de l'administration fédérale, à l'inclusion des entreprises, mais à l'exclusion des membres des Forces canadiennes et de certaines autres catégories (voir page 21), étaient de 433,700 au 31 décembre 1973, ce qui représente une augmentation nette de 2,200 depuis le 30 septembre 1973.

Le total de la rémunération du trimestre octobre-décembre 1973 a été de 1,104.8 millions de dollars, ce qui représente une augmentation de 149.8 millions de dollars depuis le trimestre précédent. Cette augmentation résulte principalement du fait qu'il y a eu une période de paye supplémentaire en novembre pour les employés des départements d'État, ministères et corporations de département et de l'augmentation du nombre des employés. Dans le cas des départements d'État, ministères et corporations de département, la rémunération totale ne comprend pas le paiement d'heures supplémentaires et les rappels pour lesquels il n'existait aucune ventilation par catégorie d'occupation.

Le bulletin d'avril-juin 1973 contient des notes explicatives et un glossaire des principaux termes utilisés dans le présent bulletin.

PART - A - PARTIE

Agency Corporations, Proprietary Corporations and
Other Agencies and Corporations

The total number of employees in this category was 143.6 thousand as at December 31, 1973, an increase of 1.2 thousand over the total as at September 30, 1973, and an increase of 5.5 thousand over the comparable date in 1972.

Gross payroll for the quarter was \$372.7 million, an increase of \$26.9 million over the total for the previous quarter. This was due primarily to the increase in the number of employees.

Corporations de mandataire, corporations de pro-
priétaire et autres organismes et corporations

Dans cette catégorie, l'effectif total était de 143,600 employés au 31 décembre 1973, soit 1,200 de plus qu'au 30 septembre 1973 et 5,500 de plus qu'au 31 décembre 1972.

La rémunération brute du trimestre a atteint 372.7 millions de dollars, soit 26.9 millions de dollars de plus qu'au trimestre précédent. Elle était due principalement à l'augmentation du nombre des employés.

PART - B - PARTIE

Ministries of State, Departments and
Departmental Corporations

The total number of employees in this category was 290.1 thousand as at December 31, 1973, an increase of 1.0 thousand over the total as at September 30, 1973. This small increase was due on the one hand to the hiring of new employees by different departments such as Post Office, National Revenue, etc. On the other hand some departments reported decreases in the number of their employees, which had the effect of offsetting to a certain degree the above increases.

Total payroll for the quarter amounted to \$732.0 million, an increase of \$100.6 million over the total for the previous quarter. This reflects the extra pay period in November and the increased employment.

Compared to the quarter ended December 31, 1972, the number of employees increased by 15.2 thousand or 5.5%, and total payroll increased by \$96.0 million or 15.1%.

Départements d'État, ministères et
corporations de département

Cette catégorie comprenait 290,100 employés à la fin de décembre 1973, ce qui représente une augmentation de 1,000 employés par rapport au total arrêté au 30 septembre 1973. Cette légère augmentation était due d'une part au recrutement de nouveaux employés par différents ministères tels que les Postes, Revenu national, etc. D'autre part quelques ministères déclarèrent une diminution, qui eut comme effet de compenser partiellement les augmentations sus-mentionnées.

La rémunération totale du trimestre atteignait 732.0 millions de dollars, soit 100.6 millions de plus que le trimestre précédent. Cette augmentation résultait principalement d'une augmentation du nombre d'employés et du fait qu'il y a eu une période de paye supplémentaire en novembre.

En comparaison avec le trimestre terminé le 31 décembre 1972, le nombre d'employés a augmenté de 15,200, soit 5.5 % et la rémunération totale a augmenté de 96.0 millions de dollars ou 15.1 %.

FOOTNOTES

Table 5

(1) Excludes the following:	
(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	487
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	49

Table 6

(1) Excludes the following:	
(a) Payments to the members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	\$ 57,666
Judges	3,092,583
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	136,998

Table 7

(1) Includes Canadian civilian staffs of:	
(a) "North Atlantic Treaty Organization", and	
(b) "International Commission for Supervision and Control in Indo-China".	
(2) Excludes the following:	
(a) Members of the Canadian Forces.	
(b) Members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors	11
Judges	487
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries	49

Table 8

(1) Includes payments to Canadian civilian staffs of:	
(a) "North Atlantic Treaty Organization", and	
(b) "International Commission for Supervision and Control in Indo-China".	
(2) Excludes the following:	
(a) Payments to members of the Canadian Forces.	
(b) Payments to members of Parliament and Senators.	
(c) Governor General and Lieutenant-Governors.....	\$ 57,666
Judges	3,092,583
The Prime Minister, Speakers of the Senate and House of Commons, Deputy Speaker of the House of Commons, Ministers of the Crown and Parliamentary Secretaries (This represents indemnities, other than those paid as Members of Parliament and the Senate)	136,998

RENVOIS

Tableau 5

(1) Exclut:	
(a) Les membres des Forces canadiennes.	
(b) Les députés et les sénateurs.	
(c) Le gouverneur général et les lieutenants-gouverneurs	11
Les juges	487
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre, des communes, les ministres de la Couronne et les secrétaires parlementaires	49

Tableau 6

(1) Exclut:	
(a) La rémunération des membres des Forces canadiennes.	
(b) La rémunération des députés et sénateurs.	
(c) Le gouverneur général et les lieutenants-gouverneurs	\$ 57,666
Les juges	3,092,583
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre, des communes, les ministres de la Couronne et les secrétaires parlementaires	136,998

Tableau 7

(1) Comprend le personnel civil canadien de:	
(a) "L'Organisation du Traité de l'Atlantique Nord", et de	
(b) "La commission internationale de surveillance et de contrôle en Indochine".	
(2) Exclut:	
(a) Les membres des Forces canadiennes.	
(b) Les députés et les sénateurs.	
(c) Le gouverneur général et les lieutenants-gouverneurs	11
Les juges	487
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre des communes, les ministres de la Couronne et les secrétaires parlementaires	49

Tableau 8

(1) Comprend la rémunération du personnel civil canadien de:	
(a) "L'Organisation du Traité de l'Atlantique Nord" et de	
(b) "La commission internationale de surveillance et de contrôle en Indochine".	
(2) Exclut:	
(a) La rémunération des membres des Forces canadiennes.	
(b) La rémunération des députés et sénateurs.	
(c) Le gouverneur général et lieutenants-gouverneurs.....	\$ 57,666
Les juges	3,092,583
Le premier ministre, le président du Sénat et l'orateur de la Chambre des communes, l'orateur suppléant de la Chambre des communes, les ministres de la Couronne et les secrétaires parlementaires (ceci représente des compensations autres que celles versées au titre des membres de la Chambre des communes et du Sénat)	136,998
